| VACCINATION— | |
| Vaccinators and their operations .. .. .. .. .. | *ib.* |

# REPORT

ON THE

# ADMINISTRATION OF MYSORE,

## FROM 1855-56 to 1856-57.

## JUDICIAL.

In the Judicial Department of the Mysore Administration this year has been marked by the appointment of a Judicial Commissioner. The object of this appointment was to relieve the sole Commissioner from an amount of work which was found to interfere injuriously with his labors in other Departments. The Office was first temporarily filled by Major Haines, the Superintendent of Bangalore, who, while in charge of that important Division, had shown himself particularly qualified for an Office of this nature. Major Haines took charge on the 22nd May 1856, and was relieved on the 8th September by the Hon'ble Mr. Devereux, of the Bengal Civil Service, who was formerly himself a Superintendent under the Commissioner of Mysore, and well acquainted with the local Judicial system and the habits of the people.

2. The subjects which are to be remarked upon in this Department are the Civil Courts, the Criminal Courts, the Police, and the system of Public Instruction.

3. The number of Courts, whether of Civil or Criminal Jurisdiction, is as follows:—

*MEMORANDUM of the Number of Courts in the Mysore Territory.*

| DIVISIONS. | Superintendents. | Principal Sudder Moonsiffs. | District Moonsiffs. | Town Moonsiffs. | Sur-Ameens. | Amildars. | Total. |
|---|---|---|---|---|---|---|---|
| Ashtagram ... ... ... ... ... ... ... ... ... | 1 | 1 | 1 | 1 | 1 | 25 | 30 |
| Bangalore ... ... ... ... ... ... ... ... ... | 1 | 2 | 0 | 1 | 0 | 22 | 26 |
| Chittledroog ... ... ... ... ... ... ... ... ... | 1 | 1 | 1 | 0 | 0 | 18 | 21 |
| Nuggur ... ... ... ... ... ... ... ... ... ... | 1 | 1 | 1 | 0 | 0 | 15 | 18 |
| Total ... ... ... ... | 4 | 5 | 3 | 2 | 1 | 80 | 95 |
| Huzoor Adawlut ... ... ... ... ... ... ... ... | 0 | 0 | 0 | 0 | 0 | 0 | 1 |
| Judicial Commissioner ... ... ... ... ... ... ... | 0 | 0 | 0 | 0 | 0 | 0 | 1 |
| Grand Total ... ... ... | 4 | 5 | 3 | 2 | 1 | 80 | 97 |

The above shows a total of ninety-five local Courts, of which ninety-one are subordinate Courts, under the general control of four Superintendents' Courts, and two other Courts, the Judicial Commissioner's and the Huzoor Adawlut, which have jurisdiction over suits arising in any part of the Mysore Territory.

4. The two Town Moonsiffs' and the Sur-Ameen's Courts are in the large Cities of Bangalore and Mysore, the former having exclusively Civil Authority, and the latter both Civil and Police. The Returns of their respective operations are placed under the head of Talook Courts, whose place they in fact supply.

## CIVIL COURTS.

5. The operations of the Civil Courts during the year in Original Suits are embodied in the following Abstract Statement:—

*ABSTRACT STATEMENT of Original Civil Suits filed and disposed of in the several Courts of the Mysore Territory, from 1st May 1856 to 30th April 1857.*

| CLASSES OF COURTS. | Remaining on the File on the 30th April 1856. | Filed from 1st May 1856 to 30th April 1857. | Total. | Disposed of from 1st May 1856 to 30th April 1857. | | | Remaining. | Per-centage in favor of Plaintiffs. |
|---|---|---|---|---|---|---|---|---|
| | | | | In favor of the Plaintiffs. | In favor of the Defendants. | Total. | | |
| Superintendents' Courts .. .. | 20 | 8 | 28 | 11 | 7 | 18 | 10 | 61·1 |
| Moonsiffs' Courts .. .. .... | 292 | 457 | 749 | 375 | 125 | 500 | 249 | 75·4 |
| Talook Courts. .. .. .. .. | 3,574 | 8,161 | 11,735 | 7,456 | 1,906 | 9,362 | 2,373 | 79·6 |
| Huzoor Adawlut .. .. .... | 0 | 1 | 1 | 1 | 0 | 1 | 0 | 0 |
| Grand Total ... .. | 3,886 | 8,627 | 12,513 | 7,843 | 2,038 | 9,881 | 2,632 | 79·4 |

This Table shows that, in the Superintendents' Courts, 18 Original Suits were disposed of and 10 remained on the file; in the Moonsiffs' Courts 500 were disposed of and 249 remained on the file; and in the Talook Courts 9,362 were disposed of and 2,373 remained on the file. The total number disposed of was 9,881 Original Suits, of which 79·4 per cent. were decided in favor of the Plaintiffs, and the total number remaining undisposed of was 2,632.

6. The next Table exhibits a comparison between the operations of the last and of the preceding year.

*COMPARATIVE STATEMENT of Original Suits disposed of, and those remaining in arrears in the Courts of Mysore, between* 1855-56 *and* 1856-57.

| | Disposed of. | | | | Remaining in arrears on 30th April. | | | |
|---|---|---|---|---|---|---|---|---|
| | In 1855-56. | In 1856-57. | Increase. | Decrease. | 1856. | 1857. | Increase. | Decrease. |
| Superintendents' Courts ... ... .. ... ... | 20 | 18 | 0 | 2 | 20 | 10 | 0 | 10 |
| Moonsiffs' Courts ... ... ... ... ... | 468 | 500 | 32 | 0 | 292 | 249 | 0 | 43 |
| Talook Courts ... ... ... ... ... ... ... | 8,362 | 9,362 | 1,000 | 0 | 3,574 | 2,373 | 0 | 1,201 |
| Huzoor Adawlut ... ... ... ... ... | 0 | 1 | 1 | 0 | 0 | 0 | 0 | 0 |
| Grand Total ... ... | 8,850 | 9,881 | 1,033 | 2 | 3,886 | 2,632 | 0 | 1,254 |
| | Net Increase ... 1,031 | | | | Net Decrease ... 1,254 | | | |

From the above, it will be seen that, on the 30th April 1856, there remained on the file of all the Courts an aggregate of 3,886 Original Suits, whereas, at the end of April 1857, there were only 2,632 Suits.

7. There has thus been a net decrease of arrears to the extent of 1,254 Suits, or nearly one-third of the arrears of the preceding year.

8. Of the large number disposed of in the past year, it will be observed that the Huzoor Adawlut, the Superintendents' and the Moonsiffs' Courts disposed of only 519 Original Suits, while 9,362 were disposed of in the Talook Courts. The arrears in the first-mentioned Courts were 259, while in the 83 Talook, &c., Courts, they were no less than 2,373. In considering how the still existing arrears may be still further diminished, it is manifestly to the Talook Courts that the attention should be mainly directed, and the information requisite for forming a judgment in regard to the prospect of such decrease of arrears will be found in the following Return of their operations :—

*STATEMENT of Civil Suits in Talook, &c., Courts in the Year* 1856-57.

| DIVISIONS. | No. of Courts. | Remained. | Filed. | Total. | Disposed of. | Remaining. | Total No. of Suits. | Disposed of. | Arrears. |
|---|---|---|---|---|---|---|---|---|---|
| Ashtagram .. ... ... ... ... ... | 27 | 795 | 1,866 | 2,661 | 2,209 | 452 | 98·5 | 81·8 | 16·7 |
| Bangalore ... ... ... ... ..... | 23 | 1,189 | 3,393 | 4,582 | 4,288 | 294 | 199·2 | 186·4 | 12·8 |
| Chittledroog ... ... ... ... ... | 18 | 502 | 785 | 1,287 | 808 | 479 | 71·5 | 44·9 | 26·6 |
| Nuggur ... ... ... ... ... ..... | 15 | 1,088 | 2,117 | 3,205 | 2,057 | 1,148 | 213·6 | 137·1 | 76·5 |
| Total ... ... ... | 83 | 3,574 | 8,161 | 11,735 | 9,362 | 2,373 | 141·4 | 112·8 | 28·6 |

9. A great difference is shown to exist in the activity of these Courts in the various Divisions. In Bangalore, excluding fractions, an average of 208 Suits per Court was on the file, and 194 were disposed of, leaving an average arrear of only 13. In this Division, the greatest number was filed and disposed of, and there was the least arrear. On the other hand, in Nuggur, there was a greater average number on the file, *viz.* 213, but a less activity in disposing of them, only 137 per Court being decided, and an average arrear of 76 Suits per Court remained at the end of the year. On this subject Mr. Devereux writes that "great credit is due to the local Officers in the Bangalore Division "for the satisfactory result of their labors; but the great experience of the Superinten- "dent of Bangalore, Major Haines, and the care and attention which he has devoted to "this subject, must be held to be the main cause of the efficient working of the Civil "Courts in that Division," and he adds that "it is not perhaps a too sanguine expectation "that, in the course of some time, equal activity and equally satisfactory results may be "exhibited by the Courts throughout the rest of the Country."

10. To this end the condition of all the Courts has been carefully examined, and small additions to the Establishments of some of them have been made, which are expected to furnish the means of relieving most of those Courts of a considerable part of their arrears during the current year.

11. A judgment of the capacity of the Courts to deal with the current business may be formed from the subjoined Statement of the Suits filed and disposed of since 1840, in which year the present Rules concerning the institution of Suits were established:—

*STATEMENT of Original Suits lodged, and those decided from the year* 1840 *up to the* 30*th of April* 1857, *distinguishing those for real and personal property.*

| YEARS. | Lodged including arrears. | | | Decided. | | | Per-centage between Columns 4 and 7. |
|---|---|---|---|---|---|---|---|
| | For real property. | For personal property. | Total. | For real property. | For personal property. | Total. | |
| 1. | 2. | 3. | 4. | 5. | 6. | 7. | 8. |
| 1840 | 752 | 6,368 | 7,120 | 493 | 4,155 | 4,648 | 65 |
| 1841 | 526 | 5,254 | 5,780 | 337 | 3,508 | 3,845 | 67 |
| 1842 | 419 | 4,677 | 5,096 | 255 | 3,076 | 3,331 | 65 |
| 1843 | 439 | 5,089 | 5,528 | 298 | 3,443 | 3,741 | 68 |
| 1844 | 403 | 5,838 | 6,241 | 273 | 4,221 | 4,494 | 72 |
| 1845 | 418 | 6,054 | 6,472 | 305 | 4,211 | 4,516 | 70 |
| 1846 | 424 | 6,340 | 6,764 | 268 | 4,506 | 4,774 | 70 |
| 1847 | 407 | 6,209 | 6,616 | 226 | 4,512 | 4,738 | 72 |
| 1848 | 459 | 6,876 | 7,335 | 290 | 4,902 | 5,192 | 71 |
| 1849 | 552 | 7,397 | 7,949 | 323 | 5,101 | 5,424 | 68 |
| 1850 | 751 | 8,393 | 9,144 | 312 | 5,648 | 5,960 | 66 |
| 1851 | 876 | 8,598 | 9,474 | 433 | 5,692 | 6,125 | 66 |
| 1852 | 802 | 10,488 | 11,290 | 435 | 6,964 | 7,399 | 66 |
| 1853 | 735 | 11,234 | 11,960 | 423 | 7,823 | 8,246 | 69 |
| 1854 | 714 | 11,113 | 11,827 | 415 | 7,538 | 7,953 | 67 |
| 1855 | 714 | 11,825 | 12,539 | 381 | 8,189 | 8,570 | 68 |
| 1856 | 727 | 12,010 | 12,737 | 392 | 8,458 | 8,850 | 69 |
| 1857 | 700 | 11,813 | 12,513 | 474 | 9,407 | 9,881 | 79 |

12. The past and the preceding columns are there shown to be those in which the greatest number of Suits has been instituted, while the proportion of Decisions in the past year to the total number on the file is much greater than in any previous year.

13. The next Table shows the

*ABSTRACT STATEMENT of Appeal Suits filed and disposed of in the several Courts of the Mysore Territory, from 1st May 1856 to 30th April 1857.*

| CLASSES OF COURTS. | Remaining on the File on the 30th April 1857. | Filed from 1st May 1856 to 30th April 1857. | Total. | Disposed of from 1st May 1856 to 30th April 1857. | | | Remaining. | Per-centage in favor of Appellants. |
|---|---|---|---|---|---|---|---|---|
| | | | | In favor of Appellants. | In favor of Respondents. | Total. | | |
| Superintendents' Courts ... ... ... ..... | 81 | 170 | 251 | 76 | 104 | 180 | 71 | 42 |
| Moonsiffs' Courts ... ... ... ... .. ... | 144 | 559 | 703 | 254 | 337 | 591 | 112 | 43 |
| Huzoor Adawlut ... ... ... ... ..... | 7 | 55 | 62 | 24 | 26 | 50 | 12 | 48 |
| Judicial Commissioner's Court ... ... ... | 12 | 68 | 80 | 13 | 50 | 63 | 17 | 21 |
| Total ... ... ..... | 244 | 852 | 1,096 | 367 | 517 | 884 | 212 | 42·2 |

From this it will be seen that the number remaining filed and disposed of in all the Appeal Courts was, respectively, 244, 852 and 884, while 212 remained on the file. Of the appeals thus disposed of, 357, or 41 per cent., were decided in favor of the Appellants; but notwithstanding that nearly half the appeals were thus advantageous to the Appellants, the result must, on the whole, be considered to bear favorable testimony to the working of the Courts, as the 884 appeals bore a ratio of only 1 in 10 to the 8,850 decided cases of the preceding year, and a still less ratio to the 9,881 decided cases of the past year.

Of the 884 appeals which were disposed of, 230 were in suits for real and 654 in suits for personal property. The result of the appeals is here subjoined :—

| Total No. of Appeals Disposed of. | TOTAL. | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|
| | Disposed of without entering into merits. | | | Decided upon merits. | | | | | |
| | | | | | Original Decrees reversed. | | | | |
| | Remanded. | Settled by Razeenamahs. | Total. | Original Decrees confirmed. | Fully reversed. | About one-half reversed. | About three-fourths reversed. | Allowed more than the original Decrees. | Total reversed. | Total decided upon merits. |
| 884 ... ... ... ... | ..... | 22 | 2 | 505 | 180 | 82 | 42 | 53 | 357 | 862 |
| Per-centage... ... ... | ..... | 2 | 2 | 57 | 21 | 9 | 5 | 6 | 41 | 98 |

In 1854 the number of appeals disposed of was 828; but this was the only instance until the past year in which it reached that amount.

The subjoined Table exhibits the number of appeals disposed of in the last and the preceding year:—

| CLASSES OF COURTS. | Disposed of. | | | | Remaining in arrears on 30th April. | | | |
|---|---|---|---|---|---|---|---|---|
| | In 1855-56. | In 1856-57. | Increase. | Decrease. | 1856. | 1857. | Increase. | Decrease. |
| Superintendents' Courts ... ... ... | 158 | 180 | 22 | 0 | 81 | 71 | 0 | 10 |
| Sudder and District Moonsiffs' Courts ... | 481 | 591 | 110 | 0 | 144 | 112 | 0 | 32 |
| Huzoor Adawlut ... ... ... ... | 54 | 50 | 0 | 4 | 7 | 12 | 5 | 0 |
| Judicial Commissioners' Court ... ... | 73 | 63 | 0 | 10 | 12 | 17 | 5 | 0 |
| Grand Total... ... ... | 766 | 884 | 132 | 14 | 244 | 212 | 10 | 42 |
| | Net Increase ... | | | 118 | Net Decrease ... | | | 32 |

The above result is satisfactory, as showing that there has been an increase of 118 appeals disposed of, and the decrease of 32 in the arrears.

A Return of the subject-matter of Suits, both Original and Appeal, is here subjoined:—

| NATURE OF SUITS. | Original. | | Appeal. | |
|---|---|---|---|---|
| | Decided. | Remaining. | Decided. | Remaining. |
| I. Suits affecting Land— | | | | |
| Mortgage ... ... ... ... ... ... ... ... | 59 | 14 | 9 | 1 |
| Enam Land ... ... ... ... ... ... ... ... | 206 | 93 | 117 | 41 |
| Merasee Land ... ... ... ... ... ... ... | 11 | 4 | 7 | 1 |
| Houses ... ... ... ... ... ... ... ... | 159 | 34 | 64 | 18 |
| Shops ... ... ... ... ... ... ... ... | 24 | 71 | 10 | 2 |
| Gardens ... ... ... ... ... ... ... ... | 13 | 10 | 14 | 3 |
| Total ... ... ... ... | 472 | 226 | 221 | 66 |
| II. Personal Property— | | | | |
| Debt ... ... ... ... ... ... ... ... | 9,369 | 2,392 | 656 | 142 |
| Religious fees, dues, &c. ... ... ... ... ... | 0 | 0 | 1 | 1 |
| Hereditary rights, offices, fees, &c. ... ... ... | 2 | 1 | 2 | 1 |
| Marriage ... ... ... ... ... ... ... | 37 | 12 | 4 | 2 |
| Adoption ... ... ... ... ... ... ... | 1 | 1 | 0 | 0 |
| Total ... ... ... ... | 9,409 | 2,406 | 663 | 146 |
| Grand Total ... ... ... ... | 9,881 | 2,632 | 884 | 212 |

The far greater number of Suits was brought for Debt, under which head no less than 11,761 were on the file. Those for Land are comparatively few, and, including all the classes of Suits affecting land, were only 698. This is owing to the fact, that the disputes concerning Cundayum land, which forms the greater portion of the land of the Country, are settled summarily in the Revenue Department, according to the old custom of the Country. Of the 2,632 Original Suits, which remained undecided, no less than 2,392 were Suits for Debt.

There is another point of view from which the Suits that have been decided may be examined, *viz.*, whether they have been decided under the course of procedure prescribed for regular Suits, or under that laid down for small Suits up to Rupees 20.

| COURTS. | TOTAL NO. OF SUITS DECIDED. | | |
|---|---|---|---|
| | Up to 20 Rupees. | Above 20 Rupees. | Total. |
| Superior Courts, *viz.*, Huzoor Adawlut, Superintendents', and Sudder and District Moonsiffs' Courts ... ... ... ... ... ... | 0 | 519 | 519 |
| Talook Courts, including Town Moonsiffs' ... | 4,011 | 5,351 | 9,362 |
| Total ... ... ... | 4,011 | 5,870 | 9,881 |

Upwards of 40 per cent. of the whole number decided were Suits for Rupees 20 and under, and this large proportion may, it is apprehended, be held to indicate that the Civil Courts efficiently dispose of all classes of Suits.

The Fees which were imposed in Civil Courts were Rupees 26,258, and Rupees 24,406 were collected. A small sum was remitted after investigation; but there still remained a considerable amount due, much of it on account of former years, and an enquiry, which is not yet completed, was in progress at the end of last year, for the purpose of finally disposing of that which has been for some time due.

A Table of these Results is exhibited hereunder:—

*TABLE of Fees awarded in Civil Suits, from 1st May 1856 to 30th April 1857, with Comparison of Balance between the Years 1855-56 and 1856-57.*

Four Statements are added to exhibit the time taken to decide the Original and Appeal Suits which were disposed of, and the time those left undecided had been on the File was in many instances longer than was desirable; but improvement will take place in this, now that an Officer has been appointed to give his whole time and attention to the management of the Judicial Department.

The number of Original Suits decided within one year and beyond that period, were respectively 8,482 and 1,399, and the Appeal Suits decided were 731 and 153.

A comparison of these numbers with the corresponding data for the Suits which have been left undecided, shows that the Suits of long standing are for the most part cleared off, and as the remainder are now in process of being disposed of, it may be expected that the Returns of the current year will show a marked improvement in the period during which Suits remain undecided.

The Civil Debtors in confinement on the 1st May were only ten individuals.

The chief measures which have been adopted in connection with the Civil Courts, in the course of the year, have been a careful examination of the amount of business performed by each Court, and the addition of such necessary Establishment as appeared requisite to enable them to cope with the increased number of Suits, of which a greater number has been disposed of than in any former year; and an improvement in the mode of executing Decrees, which is calculated to introduce greater activity into that process, and to ensure that no Fees or Fines imposed on parties shall in future remain unrealized after execution is completed.

## COURTS OF CRIMINAL JURISDICTION.

The operations of the Courts of Criminal Jurisdiction, including those which have cognizance of minor Police offences, are now to be remarked upon.

The offences are classified under the heads of Crimes against the Person, or involving violence; Offences against Property; Miscellaneous Offences, such as Perjury, Forgery,

Coining, or Offences against the Customs; and finally, Petty Assaults and other Petty Offences.

| | |
|---|---|
| During the year there were filed in the Judicial Commissioner's Court... | 42 |
| And in the Lower Courts ... ... ... ... ... | 11,510 |
| Total ... ... ... | 11,552 |

Viz.

| | |
|---|---|
| Against Person ... ... ... ... | 635 |
| Against Property ... ... ... ... | 3,095 |
| Miscellaneous ... ... ... ... | 368 |
| Petty Offences ... ... ... ... | 7,454 |
| Total ... ... | 11,552 |

In the Crimes attended with violence, the most marked thing is an increase of 42 in the Assaults with Wounding, and a decrease of 93 in the cases of Robbery. A great proportion of the Murders and Manslaughter cases arise from motives of jealousy, and very frequently, from the offensive language used by females towards their husbands, whose anger or suspicions have been excited.

The total number of cases and of prisoners apprehended in the past year, was 11,552 cases and 24,206 prisoners, against 11,540 cases and 23,793 prisoners in 1855-56. Of the prisoners so apprehended, 13,971 or 58 per cent. were convicted, against 14,408 or 60 per cent. in 1855-56.

*COMPARATIVE ABSTRACT of Crimes and Misdemeanours tried in the Mysore Territory between the Years* 1855-56 *and* 1856-57.

| Total tried in the Divisions and in the Judicial Commissioner's Court. | Total Cases. | | Total Prisoners. | | Prisoners sentenced. | | Per Centage Convicted. | |
|---|---|---|---|---|---|---|---|---|
| | In 1855-56. | In 1856-57. | In 1855-56. | In 1856-57. | In 1855-56. | In 1856-57. | In 1855-56. | In 1856-57. |
| Against Person ... ... ... ... ... ... | 621 | 635 | 2,152 | 2,194 | 690 | 630 | 32 | 28 |
| Against Property ... ... ... ... ..... | 3,095 | 3,095 | 6,295 | 6,522 | 2,774 | 2,725 | 44 | 42 |
| Miscellaneous ... ... ... ... ... ... | 360 | 368 | 721 | 692 | 394 | 378 | 55 | 54 |

| Total ... ... ... | 11,540 | 11,552 | 23,793 | 24,206 | 14,408 | 13,971 | 60 | 58 |

The per centage of convictions in each year was less in the graver offences and greater in the petty offences, and, in the past year, in the four heads into which the offences have been classified, were 28, 42, 54 and 69 per cent. respectively.

Out of the whole number of 13,971* prisoners, who were convicted in the past year, only 2,925 were sentenced to imprisonment or to capital punishment. Of these, 1,831 received not more than one month's imprisonment; 914 from one month to a year; and the remainder, 180, who include the whole of the convictions for grave offences, were punished by a higher penalty. Those fined, flogged, dismissed from Office, &c., were 11,046 in number.

| | |
|---|---|
| * Dismissed from Office, flogged, fined, &c. ... | 11,046 |
| Imprisoned ... | 2,917 |
| Death ... | 8 |
| | 13,971 |

On the 10,953, who were fined, an aggregate amount was imposed of Rupees 12,734, averaging less than 1¼ Rupee each. A Comparative Abstract of such Fines is subjoined :—

| CLASSES OF COURTS. | Number of Cases in which Fines were imposed. | | | | Total Amount of Fines levied. | | | |
|---|---|---|---|---|---|---|---|---|
| | In 1855-56. | In 1856-57. | Increase. | Decrease. | In 1855-56. | In 1856-57. | Increase. | Decrease. |

The aggregate value of Property stolen was Rupees 40,012-13-11, of which Rupees 19,879-11-10, or nearly 50 per cent., were recovered. Mr. Devereux remarks that "the "efficient state of the Bangalore Division, under the management of the Superintendent, "Major Haines, is shown in a very marked manner by the fact that, of the Rupees "6,633-4-9 which were stolen, no less than Rupees 5,754-1-8, or 87 per cent., were "restored to the Owners." A Comparative Statement of these Results is subjoined.

*COMPARATIVE STATEMENT of Stolen Property, between the Years* 1855-56 *and* 1856-57.

The total average number of Convicts in confinement on the 1st of each month was 1,620, of whom 1,222 performed labor in Jails and 398 in Road gangs. Of the latter number only 2 died—a fact which tends to show the superior healthiness of the Road-work over that in Jails, for in the latter 71 died. Due allowance, however, must, of course, be made for the consideration that the Prisoners of strongest bodies are selected for the Road-work.

The expense of feeding, clothing, and supplying Medicines to the Prisoners was Rupees 42,070, and of Guards Rupees 21,944-0-0, making altogether Rupees 64,014-0-0 ; and assuming 1,620 to be the actual number of Prisoners throughout the year, the cost per head for feeding, &c., was Rupees 25-15-6, and for Guards Rupees 13-8-9, or on the whole Rupees 39-8-3.

The Jails at Bangalore are remarkable, in like manner as they were last year, for the lower average of deaths. The credit of this must be divided between the good management of the Authorities, and the healthiness of the climate.

A new Jail is in process of construction in the Chittledroog Division, and it is expected that a marked change for the better will take place in the health of the Prisoners on its completion. A Plan for a new Jail in the Nuggur Division has also been completed.

In the course of the past year, the only measure of much consequence in this Department has been the increase of the pay of a part of the Police. Their pay ranged as low as Rupees 1-8-0, and it has now been fixed at a minimum of Rupees 3 per month ; and the result has been that the complaint previously made, that efficient men could not be got to enter, is no longer heard of.

The proportion borne by the amount of litigation and of crime to the Population will afford some data for comparison with the results of the system of administration in other Circles of Government.

The Population of Mysore is 36,29,577 souls. The original Civil Suits of all sorts filed in the year were 8,627, or an average of 238 to every hundred thousand souls.

The Criminal Returns furnish data only for those offences which have been investigated by the Police; but as there is no unwillingness to resort to the Police, and in most cases some suspected person is apprehended and the charge investigated, it may be believed that these Returns give a fair exposition of the amount of crime which is committed.

The aggregate number of offences brought on the file was 11,283, being 310·9 to a hundred thousand Inhabitants. Of these were 613 crimes against the person or with violence, averaging 16·9 per hundred thousand; 2,981 against property, averaging 82·1 per hundred thousand; and 355 Miscellaneous, averaging 9·9 per hundred thousand. Of petty assaults and other petty offences, there were 7,334, averaging 202 per hundred thousand. The petty offences were 2,663 in number, and averaging 73·4, and the petty assaults were 4,671, averaging 128·6 per hundred thousand.

The numbers of Persons sentenced for crimes and for petty offences were 3,733 and 10,238, and the ratio to a hundred thousand Inhabitants was 101·3 and 282·1. The gang-robberies reported to have been committed during the year were 54, averaging 1·5 to a hundred thousand Inhabitants, and the value of property plundered in them was Rupees 10,199-5-7, averaging Rupees 281.

The total amount of property plundered in all ways, including gang-robberies, was Rupees 40,012-13-11, averaging Rupees 1,102-0-0 per hundred thousand Inhabitants.

A Statement bearing upon this subject is subjoined, and a separate Statement is appended to this Report, furnishing details of Criminals committed and disposed of.

*STATEMENT showing the Percentage of Crimes, Misdemeanours, and Civil Suits on the Population of the Country.*

| | Number. | Average per Hundred Thousand. |
|---|---|---|
| Population .. .. .. .. .. .. .. .. .. .. .. | 36,29,577 | |
| Civil Suits .. .. .. .. .. .. .. .. .. .. .. | 8,627 | 238 |
| Crimes .. .. .. .. .. .. .. .. .. .. .. .. | 3,949 | 108·9 |
| Misdemeanours .... .. .. .. .. .. .. .. .. | 7,334 | 202 |

| | Number. | Average per Hundred Thousand. |
|---|---|---|
| The particulars of the Crimes are as follow :— | | |
| Against Person .. .. .. .. .. .. .. .. .. | 613 | 16·9 |
| Against Property .. .. .. .. .. .. .. .. .. | 2,981 | 82·1 |
| Miscellaneous .. .. .. .. .. .. .. .. .. .. | 355 | 9·9 |
| Total .. .. .. .. .. | 3,949 | 108·9 |
| The particulars of the Misdemeanours are as follow :— | | |
| Petty Offences .. .. .. .. .. .. .. .. .. | 2,663 | 73·4 |
| Petty Assaults .. .. .. .. .. .. .. .. .. | 4,671 | 128·6 |
| Total .. .. .. .. | 7,334 | 202 |
| Number of Persons convicted :— | | |
| Of Crimes .. .. .. .. .. .. .. .. .. .. | 3,733 | 101·3 |
| Of Misdemeanours .. .. .. .. .. .. .. .. .. | 10,238 | 282·1 |
| Total .. .. .. .. .. | 13,971 | 383·4 |
| Gang Robberies reported to have been committed .. .. | 54 | 1·5 |
| Value of Property plundered in ditto .. .. .. .. | 10,199-5-7 | Rupees 281 |
| Value of Property plundered in all ways .. .. .. .. | 40,012-13-11 | „ 1,102 |

The preceding Paragraphs contain no reference to the Civil or Criminal Cases which have been disposed of in the Cantonment of Bangalore by the Superintendent of Police, because no information has been received from that Officer, though the Returns have been more than once called for, and it has not been considered worth while to delay the whole of this Report while waiting until he may transmit them. On this subject, Mr. Devereux writes that " it may be remarked that the Officer who fills the two Offices of " Assistant Commissary General and Superintendent of Police has probably more to do " than he can well get through. But in the absence of any Returns from that Officer,

" it does not appear necessary to enter further into details, and any suggestions regarding " the present system may be deferred."

There are many anomalies in the system under which the Police of the Cantonment of Bangalore is administered, and some of these will require to be remedied at a period of greater leisure, when no one will be able to give better assistance than Major Miller, the Superintendent of Police and Assistant Commissary General of the Station. At present, in addition to much work in equipping and forwarding Supplies to the Troops which are moving in all directions, his time and attention are fully occupied in watching over the tranquillity of the place, and in hunting out and unmasking the suspicious characters who are beginning to pass Southwards through this great thoroughfare, principally in the disguise of religious Mendicants.

## REVENUE.

The season for the year under review commenced auspiciously, and the rains of the South-West Monsoon were, for the most part, steady and regular. There was, however, a partial failure of the North-East Monsoon, in consequence of which the dry Crops in some Talooks of the Ashtagram Division were withered up, and the yield of the Buttayee Crops in all the Divisions, more particularly in Bangalore, was much less than in the preceding year. The harvest altogether was below the average; but the prices of all grains were steady and remunerative, and the Ryots would have had no serious cause of complaint had there not been a most fatal murrain among the Cattle which spread havoc through the Country. It continued through several months, and is even now only abating.

Had it not been for an outbreak of Cholera, principally affecting the line of road between Madras and the Neilgherries, and which proved fatal to scores of Travellers, including not a few Europeans, the state of health of the Country might be generally pronounced to be good.

The usual General Statement of Demand, Collection and Balance for the year Nalah, ending on the 30th April 1857, with detailed Statements of the four Divisions corresponding therewith, will be found marked A., B., C. and D. in No. 1 in the Appendix.

The Demand or Revenue Settlement for 1856-57 on account of Current Revenue, exclusive of Arrears, amounted to Rupees 79,99,715-4-10 as shown below :—

*Ordinary Revenue.*

| | | | |
|---|---|---|---|
| Land Revenue ... ... ... ... ... | 57,02,322 | 10 | 1 |
| Sayer ... ... ... ... ... ... | 7,53,158 | 15 | 5 |
| Abkarry ... ... ... ... ... ... | 6,69,142 | 5 | 10 |
| Miscellaneous ... ... ... ... ... | 5,90,568 | 9 | 3 |
| *Extra Revenue.* | | | |
| Sandal-Wood ... .. ... ... ... | 1,32,254 | 15 | 0 |
| Miscellaneous Sources ... ... ... ... | 1,44,731 | 1 | 11 |
| Tuccavy ... ... ... ... ... ... | 7,536 | 11 | 4 |
| Total ... ... ... | 79,99,715 | 4 | 10 |

On former occasions it has always been the custom to furnish Comparative Statements of the Demand and Collections of the preceding year and those of the year under Report; but in the present instance this is impossible, as in 1855-56 the Demand was exhibited for twelve months, and the Collections only for ten months, while in 1856-57 the case is reversed;—the Demand is exhibited for only ten months, but the Collections for the whole twelve months.

This was rendered unavoidable by the change which was made in the Revenue year under the orders of the Government of India. Beyond the necessity of omitting the usual Comparative Statements from this Report, the new arrangement was found, after a time, to cause no inconvenience, and even this one difficulty has ceased from the 30th April last.

On the present occasion nothing more can be given than a simple Statement of the yield of each item of the Revenue.

*Land.*

| | | | | | | | |
|---|---|---|---|---|---|---|---|
| Wet Land ... | Money Assessment ... | 15,28,084 | 11 | 5 | | | |
| | Buttayee or Division Crop, between the Government and the Ryots ... | 4,99,191 | 2 | 6 | | | |
| | | | | | 20,27,275 | 13 | 11 |
| Dry Land ... | Money Assessment ... | 22,38,617 | 4 | 9 | | | |
| | Buttayee ... ... ... | 1,94,364 | 14 | 11 | | | |
| | | | | | 24,32,982 | 3 | 8 |
| Bagayet, or Cocoa and Areca Nut Gardens ... | Money Assessment ... | 5,78,943 | 14 | 11 | | | |
| | Buttayee... .. ... | 58,128 | 4 | 10 | | | |
| | | | | | 6,37,072 | 3 | 9 |
| Miscellaneous Gardens, Betel Leaf, Plantains, Potatoes, Poppies, Kitchen Gardens, &c.... | Money Assessment ... | 1,57,912 | 7 | 9 | | | |
| | Buttayee ... ... | 3,277 | 8 | 0 | | | |
| | | | | | 1,61,189 | 15 | 9 |
| Sugar-cane ... | Money Assessment ... | 98,141 | 9 | 2 | | | |
| | Buttayee ... ... | 14,096 | 10 | 10 | | | |
| | | | | | 1,12,238 | 4 | 0 |
| Mulberry Gardens. Money Assessment ... ... ... ... | | | | | 56,913 | 14 | 7 |
| Coffee Plantations. Money Collections ... ... ... ... | | | | | 34,065 | 14 | 7 |
| Kayem Gootah, or permanently-assessed Villages ... ... | | | | | 62,718 | 3 | 11 |
| Jodee Enam, or lightly-assessed Villages ... ... ... ... | | | | | 1,32,735 | 2 | 10 |
| Jodee, or lightly-assessed Lands ... ... ... ... ... | | | | | 45,130 | 13 | 1 |
| Total of Land Revenue ... ... | | | | | 57,02,322 | 10 | 1 |

## CUSTOMS OR SAYER.

The Sayer Revenue, consisting of Excise and Town Duties, for the present year, is exhibited below :—

| | | | |
|---|---|---|---|
| Excise, or Halut Duty, upon Sooparee, at Rupees 1-4 per Maund on the 1st sort, 12 Annas on the 2nd sort, and 6 Annas on the 3rd sort ... ... ... ... ... ... ... | 3,96,700 | 11 | 8 |
| Ditto on Pepper, at 8 Annas per Maund ... ... ... ... | 6,056 | 14 | 6 |
| Ditto on Cardamums, at Rupees 4 per Maund ... ... ... | 6,814 | 12 | 2 |
| Excise, or Town Duties, on Tobacco ... ... ... ... | 1,03,500 | 10 | 4 |
| Ditto on other Articles in the Four Divisions ... ... ... | 2,40,085 | 14 | 9 |
| Total ... ... ... ... | 7,53,158 | 15 | 5 |

## ABKARRY.

The Abkarry Revenue is collected partly under Circar management, and partly under Ezarah or Contract. The amount of Revenue under this head for ten months in the present year is as follows :—

| | | | |
|---|---|---|---|
| Bangalore Cantonment and four miles around it, under Circar management ... ... ... ... ... ... ... | 1,46,084 | 13 | 3 |
| 37 Talooks under the same management ... ... ..... | 3,35,309 | 14 | 0 |
| 43 Talooks, rented... ... ... ... ... ... ... | 1,87,747 | 10 | 7 |
| Total ... ... ... ..... | 6,69,142 | 6 | 10 |

## STAMPS.

Under this head there is nothing to be added to the information given last year. The Revenue on the present occasion was Rupees 7,655-15-1.

## EARTH-SALT.

Under this head there is no remark to be made. The Revenue derived from the Salt Pans was Rupees 10,165-7-9, and from Excise and Town Duties, Rupees 5,338-4-10.

## OPIUM.

The produce of Opium in this year has been 1,416 Maunds (of 24lbs. each Maund.) The amount of Duty levied upon it has been Rupees 4,501-7-3.

The prices fetched by it have been as follows:—

| | | | |
|---|---|---|---|
| 1st sort | ... ... ... ... | Rupees 232 | per Maund. |
| 2nd „ | ... ... ... ... | „ 164 | „ |
| 3rd „ | ... ... ... ... | „ 139 | „ |
| 4th „ | ... ... ... ... | „ 87 | „ |

## MISCELLANEOUS.

The "Miscellaneous," called "Chillur Bob," consists of the following items:—

| | | | |
|---|---|---|---|
| Mohturfa, or Taxes on Houses, Bazaars, Looms and Oil Mills | ... | 3,66,187 | 2 5 |
| Amrayee, or Taxes on Productive Trees .. ... ... ..... | | 41,965 | 12 2 |
| Sundry small Farms, Licences, &c. ... ... ... ... ... | | 1,82,415 | 10 8 |
| Total ... ... ..... | | 5,90,568 | 9 3 |

The Tax called "Amrayee" has recently formed the subject of a separate Report.

## EXTRA REVENUE.

Several Miscellaneous sources of Revenue are included under the head of Extra. The chief item is Sandal Wood. The Revenue derived has been Rupees 2,76,986-0-11.

## GENERAL REVENUE RESULT.

The total amount of Settlement or Demand on account of the Current Revenue, Ordinary and Extra, exclusive of Arrears for 1856-57, is already stated, at the commencement of the Revenue head, to be Rupees 79,99,715-4-10. The fullest particulars are given in the Appendices marked 2, 3, 4, 5, 6, 7, 8, 9 and 10.

The Collections, including those of May and June, omitted in last year, as well as the Arrears of previous years, are Rupees 89,26,490-2-9 as shown below:—

| DIVISIONS. | Collections in May and June of 1856. | Collections for 10 Months 1856-57. | Total. |
|---|---|---|---|
| | Rs. As. P. | Rs. As. P. | Rs. As. P. |
| Bangalore ... ... ... ... | 6,02,179 2 8 | 18,76,405 4 9 | 24,78,584 7 5 |
| Chittledroog ... ... ... | 3,38,211 5 4 | 13,39,777 0 11 | 16,77,988 6 3 |
| Ashtagram ... ... ... ... | 5,05,412 4 9 | 20,70,753 12 7 | 25,76,166 1 4 |
| Nuggur ... ... ... ... | 2,80,307 11 7 | 18,84,073 14 4 | 21,64,381 9 11 |
| Huzoor Treasury ... ... | 3,793 12 0 | 25,575 13 10 | 29,369 9 10 |
| Total ... ... ... | 17,29,904 4 4 | 71,96,585 14 5 | 89,26,490 2 9 |

If the collections of ten months in last year be compared with those of a corresponding period in this year, there is an increase of Rupees 5,37,536-1-9.

The amount of Outstanding Balances on the 30th of April 1857, including Arrears of the previous years, was Rupees 9,12,863-10-9. The greater part of this has been since collected.

The sanction of Government is solicited for remitting the sum of Rupees 2,144-10-2, of which the particulars are as follow:—

| | | | |
|---|---|---|---|
| Balances due by deceased, deserted and insolvent Ryots, Rupees... | 1,158 | 9 | 9 |
| Amount of remission to the Abkarry Contractor in the Cantonment of Hurryhur, on account of the withdrawal of the Troops, according to the terms of the Contract ... ... ... ... | 986 | 0 | 5 |
| Total ... ... ... | 2,144 | 10 | 2 |

In concluding the Revenue head it may be added that a Report on the whole question of Mysore Taxation, as called for in the 12th Para. of the Letter from the Government of India, No. 686 of 7th February 1856, is under preparation.

## EDUCATION.

The principal occurrence in the course of the year in this Department was the submission to the Government of India of a General Scheme of Education, embracing the support of an English School in each of the four Divisions, and a Vernacular School in each of the eighty Talooks of Mysore. This Scheme received the sanction of the Right Honorable the Governor General in Council on the 6th of February last, and an assignment of One lakh and Twenty-five thousand Rupees per annum was made for its maintenance. Up to the 30th April, however, no steps had been taken to extend the system in accordance with this liberal sanction, and whatever measures may eventually be adopted will appear in the Report for the current year.

It is to be observed that, with the exception of one or two applications from the Cantonment of Bangalore, where the Applicants had in their immediate neighbourhood Institutions receiving aid from Government, there has not for nearly a year been a single application for the establishment of a School in any locality. The sanction given to the above-mentioned Scheme has become generally known; but no locality has, as yet, taken the initiative in making an application. It cannot, therefore, be considered that there is any strong desire on the part of the Inhabitants of Mysore to benefit by a Government system of Education.

The total amount contributed by Government for Educational purposes during the year has been Rupees 21,686-0-0, and that from private sources Rupees 4,319-11-11, making altogether Rupees 26,005-11-4. These funds have furnished the means of instructing 1,635 Pupils, of whom 842 studied English, and the remainder received Vernacular instruction.

On the whole it must be admitted that the administration of Mysore makes no particular show under this head of Education. In an abstract point of view this is, of course, to be regretted; but subject nations are not kept in order and good humor on abstract principles, and it has long been the opinion of some, and is rapidly becoming the opinion of many, that the efforts which have been made by Government to extend the blessings of Education, and, by tests and examinations, to secure the services of enlightened men even in the lowest posts, are not calculated to be so fully appreciated as they ought by any class of the Community.

## PUBLIC WORKS.

### ROADS AND BRIDGES.

The following new Travellers' Bungalows and Overseers' Sheds are some in course of construction and others completed.

| | *Estimated Expense.* | *Expended.* |
|---|---|---|
| Travellers' Bungalows— | | |
| At Cummulgode ... ... | 3,000 ... ... | 3,000 |
| At Hoonsoor ... ... | 4,030 ... ... | 1,596 |
| At Mundium ... ... | 3,847 ... ... | 3,781 |
| 3 Overseers' Sheds ... ... | 3,120 ... ... | 2,850 |

In the Road Department considerable progress has been made in the new Road which will connect Bangalore with the Cuddapah District, *vid* Ooscottah and Siglybyle. The earth-work has been principally done by convict labour; the masonry with funds provided in the estimate.

A new Road has been opened and nearly finished from Arculgode to Hullybyle—a distance of twenty miles. This opens up the Country South of the Munzerabad Ghaut, leading to the Western Coast. The other communications in this part of the Country have been improved and extended.

The Bhoond (or Coffee) Ghaut, to the North of the Munzerabad Ghaut, has been (although not nearly finished) opened for traffic this year, and a large amount of Merchandize has passed down it. It promises to be a Road of great importance.

On the line from Mudgherry to Paughud, in the Bellary direction, fifteen miles have been opened, six Bridges finished, and the foundations for one of five arches, of 25 feet span each, have been laid, and abutments and piers built up. The whole Works on this line are now suspended.

Some minor Roads have been constructed in the Nuggur Division; but the great Works there have been the two Bridges over the Toonga at Shemooga and the Budra at Benkipoor. The first of these has sixteen arches of 50 feet span each. All its piers and abutments are finished, and the materials are collected for completing it next season. The Budra Bridge has thirteen arches of 50 feet span each; but is not so far advanced as the former. It will not be completed till one year after the other. The progress made in these Works appears to be very satisfactory considering the difficulty there exists in persuading skilled Workmen to proceed to that Country.

A sum of Rupees 1,22,792-7-11 has been expended in improving, metalling, and in various petty repairs to all the Roads in Mysore. The bulk of the Expenditure, however, has been on the Great Trunk Roads, *viz.* from Madrás to Bangalore by Moolwazul, by Baitmunzalum, and by Oossoor; from Bangalore to Bellary by Toomkoor; from Bangalore to Mangalore by Coonghul and the Munzerabad Ghaut; from Bangalore to Mysore and the Neilgherry Hills; from Mysore to Mangalore *viá* Coorg; and from Mysore to Cannanore.

Another sum of Rupees 56,947-0-0 has been expended on repairs to the following Roads of the second class—the Sheemoga-Hurryhur, the Sheemoga-Agoomby, and the Sheemoga-Cuddoor Roads, the Road leading to the head of the Bhoond Ghaut, and others too numerous to mention.

## IRRIGATION.

The large sum of Rupees 2,16,948-0-0 has been expended in sundry repairs, to keep up and improve the efficiency of various Irrigation Works in the Territory. Of this a considerable amount was required for repairing and making proper sluices for the numerous Canals of Irrigation drawn off from the Cavery, Hamavuttee and Lutchmunteert Rivers. The Chief Engineer hopes that after the further sum of Rupees 79,907, applied for in the present year's Budget, has been expended, a comparatively small sum of money will in future suffice to keep the Channels in good working order.

The Chief Engineer has been directed to suspend the great Work which was in contemplation at the Maury Convay.

## MISCELLANEOUS.

Offices and Workshops for the Executive Engineers at Toomkoor and Shemooga are in progress. The former are nearly finished; but the latter have not progressed so well. The buildings at Mysore have been completed.

Up to the 30th of April, a sum of Rupees 12,000 had been expended in the repairs of the Duke of Wellington's Garden House at Seringapatam. This was specially ordered by the late Governor General in his Minute, dated Seringapatam, 2nd November 1855. The restoration of this highly decorated Building has made great progress. It interests Europeans hardly more on account of the illustrious Man who lived in it, than as a beautiful specimen of the architecture of the Mahomedan Rulers of Mysore. It was the favorite resort of Tippoo Sultan, and it is understood that the numerous Mahomedans living at Seringapatam are much gratified by its restoration.

The Chief Engineer speaks highly of the services rendered by his first Assistant, Lieutenant Wilkieson, of the Engineers, and of the Executive Officers of Divisions.

---

# FINANCIAL.

---

An Abstract Account Current of the Receipts and Disbursements of the Mysore Territory for 1856-57 is submitted, together with a detailed Statement of the same, and

two other Statements,—one exhibiting the particulars of the Balance, and the other the particulars of the Increase or Decrease. They will be found marked A., B., C. and D., in the Appendix under this head.

The net balance in the General and Provincial Treasuries on the 30th April 1857 was Rupees 51,49,876-15-7 as shown in the Statement marked C.

It will be observed that the chief items of Expenditure calling for notice are the Public Works and the Judicial Department. The amount paid to the former in ten months this year is Rupees 7,87,681-15-5, and that disbursed by the Superintendents for completing the Works which remained unfinished on their hands when the New Department was established, is Rupees 3,45,063-0-11. The two together amount to Rupees 11,32,744-15-6, being no less than Rupees 4,54,782-2-9 in excess of the sum expended last year. It is to be feared that the larger part of this has been swallowed up by Establishments.

The increase in the Judicial Charges is Rupees 54,386-6-1, which is to be attributed to the appointment of a Judicial Commissioner on a salary of Rupees 42,000 per annum, and to the transfer to the Judicial head of the Disbursements made to the Establishments attached to the Road gangs of convicts, which were formerly entered irregularly in the Maramut Department. There is besides the amount paid to certain Police Peons in the Chittledroog Division, which used formerly to be entered under a separate head of "Cundachar."

The Statement marked E. in the Appendix shows the whole of the Receipts, Disbursements and Surplus of the year 1856-57, as called for by the Honorable the Court of Directors, in their Despatch transmitted with Mr. Secretary Grey's Letter, No. 867 of the 10th November 1849. The Surplus has been added to the Balance of the preceding year.

The Statement marked F. in the Appendix gives the particulars of His Highness the Rajah's fifth share of the net Revenue of the Territory for 1856-57. The Statement marked G. is an Explanatory Account Current of the same.

The amount of the fifth share for 1856-57 was Rupees 9,81,079-1-0, which, when added to the Rajah's fixed stipend of Rupees 3,50,000, made a total income of Rupees 13,31,079-1-0.

The balance due to the Rajah on account of the above sum was Rupees 2,90,074-6-5 on the 30th April 1857, which was held at His Highness' disposal in the Commissioner's Treasury.

The annual subsidy of Rupees 24,50,000, as fixed by Treaty, was paid over in the usual manner to the Madras Government; as was likewise Rupees 50,000, the annual rent of the Island of Seringapatam, which is a possession of the Honorable Company.

## MILITARY.

The Returns of the strength of the Mysore Infantry, or "Barr," and of the Silladar Horse will be found in the Appendix 1, 2 and 3 under this head. The total strength of

the former on the 30th April was 1,662 Rank and File, and of the latter 2,745. Horsemen. These were maintained at a charge of Rupees 10,15,555-5-1, including all their Establishments.

## POPULATION.

The number of the Inhabitants in 1855-56 was stated to be 36,29,577, while in the present year it is estimated at 36,09,104. The Commissioner can suggest no cause for this falling off, if indeed it owes its existence to any other cause than the inaccuracy of one or both Returns.

*TABLE of Population.*

| DIVISIONS. | Hindoos. | | | Mussulmans. | | | Grand Total. | Area in Square Miles. |
|---|---|---|---|---|---|---|---|---|
| | Males. | Females. | Total. | Males. | Females. | Total. | | |
| Bangalore... ... ... ... | 5,50,875 | 5,00,256 | 10,51,131 | 40,598 | 39,053 | 79,651 | 11,30,782 | 5,695 $\frac{4081}{10000}$ |
| Chittledroog ... ... ... | 3,49,247 | 2,98,712 | 6,47,959 | 10,132 | 9,027 | 19,159 | 6,67,118 | 7,724—3438 |
| Ashtagram ... ... ... ... | 5,84,228 | 5,17,318 | 11,01,546 | 16,223 | 15,009 | 31,232 | 11,32,778 | 7,493—2826 |
| Nuggur ... ... ... ... | 3,43,617 | 3,03,691 | 6,47,308 | 18,163 | 12,955 | 31,118 | 6,78,426 | 6,091—4652 |

| Bangalore Cusbah ... ... ... | 41,906 .. | ... 6,042 |
| Bangalore Cantonments ... .... | 1,32,742 ... | ... 17,821 |
| Mysore Town ... ... ... | 55,551 ... | ... 11,118 |
| Seringapatam ... ... ... | 15,534 ... | ... 5,221 |
| Toomkoor Town ... ... ... | 9,449 ... | ... 2,425 |
| Shemoogah Town ... ... ... | 13,014 ... | ... 3,705 |

## EMIGRATION.

There is nothing to be added to the information furnished in last year's Report.

## AGRICULTURE.

The only circumstance to be reported under this head is that the cultivation of the Indigo Plant, against which some prejudice existed, has been introduced into the Chittledroog Division, and the Superintendent reports that it is steadily flourishing.

## FORESTS.

The views of the Commissioner on this subject were communicated to the Government of India in the last year's Report, and since that time nothing has been done beyond taking additional care in the conversancy of the Forests on the Western Frontier Dr. Cleghorn has not yet had leisure to take steps in the matter.

## MINING.

The quantity of Iron produced in this year is Maunds 58,054, of which 57,066 Maunds, valued at Rupees 87,846, have been exported to the Company's Territory. 988 Maunds of Steel have also been exported, valued at Rupees 1,816.

## HOSPITALS AND DISPENSARIES.

The distribution of Medical duties has been unchanged, except that the Detachment of Native Infantry, stationed at Yelwall, having been withdrawn, the Dispensary there was given up, and the Dresser attached to it appointed to the Assistant Superintendent's Establishment at Hassan. Two Wards for Lingoyets and Compties have been added to the Bangalore Pettah Hospital, and the Men's wards in the Bangalore Bazaar Hospital have been separated from the Women's by a wall.

The following Table shows the number of Sick administered to in the Hospital at Bangalore:—

| | Remained 30th April 1856. | Admitted in 1856-57. | Total. |
|---|---|---|---|
| Fort Dispensary | 7 | 422 | 429 |
| Pettah Hospital and Dispensary — In | 59 | 727 | 786 |
| Pettah Hospital and Dispensary — Out | 50 | 14,119 | 14,169 |
| Lunatic Asylum | 46 | 55 | 101 |
| Leper Asylum | 36 | 15 | 51 |
| Police Establishment | 1 | 25 | 26 |
| Cantonment Jail | 6 | 416 | 422 |
| Cantonment Bazaar Hospital, In-patients | 74 | 713 | 787 |
| Total | .... | .... | 16,771 |

The average numbers daily treated were 55½ In-patients and 64½ Out-patients at the Pettah Hospital, 54 in the Lunatic Asylum, 48½ in the Cantonment Bazaar Hospital, 5¼ in the Cantonment Jail, and 11 Out-patients at the Cantonment Dispensary (including Officers and their Families).

The general Classes of Diseases treated are indicated in the following Table:—

| | Pettah Hospital. | | | | Bazaar Hospital. | | Cantonment Jail Hospital. | |
|---|---|---|---|---|---|---|---|---|
| | In-patients. | Died. | Out-patients. | Died. | In-patients. | Died. | In-patients. | Died. |
| Fevers | 176 | 6 | 1505 | 0 | 143 | 8 | 79 | 0 |
| Eruptive Fevers | 0 | 0 | 0 | 0 | 3 | 0 | 0 | 0 |
| Diseases of Lungs | 12 | 1 | 577 | 0 | 21 | 8 | 1 | 0 |
| Ditto of Heart | 2 | 2 | 0 | 0 | 1 | 1 | 0 | 0 |
| Ditto of Liver | 7 | 2 | 0 | 0 | 10 | 1 | 0 | 0 |
| Ditto of Spleen | 22 | 1 | 12 | 0 | 10 | 0 | 2 | 0 |
| Ditto of Stomach and Bowels | 81 | 14 | 4,947 | 0 | 74 | 32 | 244 | 2 |
| Ditto of Brain | 3 | 0 | 519 | 0 | 13 | 2 | 4 | 0 |
| Cholera | 6 | 3 | 1 | 0 | 14 | 6 | 2 | 2 |
| Dropsies | 24 | 5 | 30 | 0 | 43 | 29 | 1 | 0 |
| Rheumatic Affections | 76 | 1 | 920 | 0 | 49 | 0 | 15 | 0 |
| Diseases of Genital Organs | 178 | 1 | 569 | 0 | 150 | 7 | 16 | 0 |
| Ulcers and Abscesses | 55 | 2 | 2275 | 0 | 55 | 2 | 30 | 0 |
| Wounds and Injuries | 29 | 5 | 315 | 0 | 69 | 3 | 6 | 0 |
| Diseases of Eye | 13 | 0 | 421 | 0 | 4 | 0 | 8 | 0 |
| Ditto of Skin | 40 | 0 | 1287 | 0 | 80 | 0 | 9 | 0 |
| Other Diseases | 62 | 2 | 791 | 0 | 48 | 13 | 5 | 0 |
| Total | 786 | 45 | 14,169 | 0 | 787 | 112 | 422 | 4 |

Ninety-two operations were performed in the Pettah Hospital, 38 in the Bazaar Hospital, and 6 in the Cantonment Jail. Of these some were capital ones; but the greater number were minor operations. The Mortality in the Bazaar Hospital was high owing to the number of Vagrants and Inmates of the Poor-house who were admitted into it in the last stages of disease.

Cholera has not been so common as it often is. In the Town of Bangalore, however, 56 cases are known to have occurred, in Bangalore Division 560 died of it, in Ashtagram Division 210, in Chittledroog Division none, and in Nuggur Division 7. Supplies of Fever and Cholera Medicines have been issued to the Public Works Department, and to some of the Talook Authorities.

The Total Expenditure, exclusive of European Medicines, for the Hospitals in Bangalore, was Rupees 14,417-8-9. The Total Cost of Medicines—European and Country—for the Bangalore Hospitals and for the Divisions was Rupees 3,610-15-9.

## DUTIES BEYOND BANGALORE.

The following Table shows the number of Sick treated by the Apothecaries attached to the Commissioner's Office Establishment, to the Divisions, by the Medical Officer in charge of the Nuggur Division and by the Dresser at Hassan :—

| SICK TREATED. | Remained on 30th April 1856. | Admitted in 1856-57. | Total. |
|---|---|---|---|
| Commissioner's Office Establishment | 2 | 127 | 129 |
| Ditto Ditto Followers | 4 | 292 | 296 |
| Bangalore Division Establishment | 0 | 46 | 46 |
| Ditto Ditto Followers and Inhabitants | 1 | 631 | 632 |
| Ashtagram Division Establishment | 1 | 97 | 98 |
| Ditto Ditto Followers and Inhabitants | 10 | 477 | 487 |
| Nuggur Division Establishment | 4 | 214 | 218 |
| Ditto Ditto Followers and Inhabitants | 8 | 331 | 339 |
| Ditto Shemooga Sudra Hospital In | 10 | 487 | 497 |
| Ditto Ditto Brahmin Ditto In | 2 | 58 | 60 |
| Ditto Ditto Dispensary Out | 92 | 3099 | 3191 |
| Chittledroog Division Establishment | 0 | 16 | 16 |
| Ditto Ditto Followers and Inhabitants | 1 | 96 | 97 |
| Hassan Superintendent's Establishments | 0 | 123 | 123 |
| Ditto Ditto Followers and Inhabitants | 0 | 167 | 167 |
| Total | 135 | 6261 | 6396 |

## VACCINATION.

The number of Vaccinators has been the same as in the previous year, *viz.*, 1854. 63,405 Persons were operated upon by the Vaccinators. In 60,610 the operation was said to be successful. 1,606 People were vaccinated by the Apothecaries attached to the Commission, 111 by the Dresser at Hassan, and 178 by Volunteer Vaccinators who were being trained at the Bangalore Pettah Hospital, making a Total of 65,000 vaccinated.

M. CUBBON,
*Commissioner.*

MYSORE COMMISSIONER'S OFFICE;
*Bangalore,*
*The 25th August* 1857.

# APPENDIX.

## LIST OF PAPERS ACCOMPANYING THE ADMINISTRATION REPORT OF MYSORE 1856-57.

1 Statement of Crimes and Misdemeanors disposed of in the four Divisions of Mysore.

1 Statement of Demand, Collections, and Balance of the Land Revenue, &c., marked No. 1, under the Revenue Head.

1 Statement of Demand, Collections, &c., &c., of the Bangalore Division, marked A. in No. 1.

M. CUBBON,
*Commissioner.*

JOHN GRAY, "CALCUTTA GAZETTE" OFFICE.

# REPORT

ON THE

# ADMINISTRATION OF MYSORE,

FOR 1857-58.

134966

# REPORT

ON THE

# ADMINISTRATION OF MYSORE,

**From 1856-57 to 1857-58.**

## JUDICIAL.

The chief characteristic of the Judicial Department in the last Official year is the performance of an amount of work far surpassing that of any previous year.

In the Judicial Commissioner's own Office, no less than 102 Appeal Suits were disposed of, a number never decided in any year before. The lower Courts decided 12,247 Original Suits and 1,080 Appeals, numbers which greatly exceed those decided in former years.

The following Tabular Statement shows the number of Suits disposed of in each year, from 1836 to 1857-58 inclusive :

| Years. | Appeal Suits disposed of in the Commissioner's Office. | Suits disposed of in the lower Courts. | | |
|---|---|---|---|---|
| | | Original. | Appeal. | Total. |
| 1836 | 15 | 4,827 | 222 | 5,049 |
| 1837 | 25 | 6,051 | 228 | 6,279 |
| 1838 | 29 | 7,445 | 442 | 7,887 |
| 1839 | 27 | 6,794 | 353 | 7,147 |
| 1840 | 35 | 4,648 | 657 | 5,305 |
| 1841 | 27 | 3,845 | 658 | 4,503 |
| 1842 | 15 | 3,331 | 372 | 3,703 |
| 1843 | 37 | 3,741 | 264 | 4,005 |
| 1844 | 45 | 4,494 | 376 | 4,870 |

| „ 1857 „ „ 1858 | 102 | 12,247 | 1,080 | 13,327 |

## Civil Courts.

The number of Courts whether of Civil or Criminal Jurisdiction is 100, being three more than that given in the last year's Report. One of them is a District Moonsiff's Court, lately established at Seringapatam, in the Astagram Division, to relieve the Principal Sudder Moonsiff of that Division of a portion of the excessive amount of work which was imposed upon him; the second is a Talook Court, likewise established at Anantpoor in the Nuggar Division, to relieve the Amildar of the Saugur Talook, whose file was overburdened; and the third omitted in the former Report, is the Yellundoor Jahgeer in the Astagram Division, the holder of which is invested with the powers of an Amildar in Civil and Police matters.

The Courts now in existence are distributed as follows:—

| Divisions. | Superintendents. | Principal Sudder Moonsiffs. | District Moonsiffs. | Town Moonsiffs. | Sudder Ameens. | Amildars. | Total. |
|---|---|---|---|---|---|---|---|
| Astagram ... | 1 | 1 | 2 | 1 | 1 | 26 | 32 |
| Bangalore .... | 1 | 2 | ... | 1 | ... | 22 | 26 |
| Chittledroog ... | 1 | 1 | 1 | ... | ... | 18 | 21 |
| Nuggur ... | 1 | 1 | 1 | ... | ... | 16 | 19 |
| Total ... | 4 | 5 | 4 | 2 | 1 | 82 | 98 |
| Hoozoor Adawlut | ... | ... | ... | ... | ... | ... | 1 |
| Judicial Commissioner... ... | ... | ... | ... | ... | ... | ... | 1 |
| Grand Total ... | ... | ... | ... | ... | ... | ... | 100 |

## Original Suits.

The number of original Civil Suits filed and disposed of in the several Courts during the last year, is as follows :—

| Classes of Courts. | Remained on the file on 30th April 1857. | Filed from 1st May 1857 to 30th April 1858. | Total. | Disposed of from 1st May 1857 to 30th April 1858. | | Total. | Remaining on 30th April 1858. | Per centage in favor of Plaintiffs. |
|---|---|---|---|---|---|---|---|---|
| | | | | In favor of Plaintiffs. | In favor of Defendants. | | | |
| Superintendent's Court ... ... | 10 | 13 | 23 | 5 | 7 | 12 | 11 | 41.7 |
| Moonsiff's Court ... ... ... | 249 | 467 | 716 | 407 | 139 | 546 | 170 | 74.5 |
| Talook Courts ... ... ... ... | 2,373 | 10,797 | 13,170 | 9,762 | 1,927 | 11,689 | 1,481 | 83.5 |
| Hoozoor Adawlut ... ... ... | ... | 1 | 1 | ... | ... | ... | 1 | ... |
| Total ... | 2,632 | 11,278 | 13,910 | 10,174 | 2,073 | 12,247 | 1,663 | 83. |

The Original Suits disposed of in the last year included 4,691 for personal property, not exceeding in value twenty Rupees each, which were summarily disposed of; and the remaining 7,556 Suits went through the regular course of procedure. The following Statement shows the Courts in which they were tried, and distinguishes the Suits for land and personal property :—

| Classes of Courts. | Suits affecting personal property. | | | Suits affecting land. | Grand Total. |
|---|---|---|---|---|---|
| | Up to 20 Rs. | Above 20 Rs. | Total. | | |
| Superintendent's Court ... ... | ... | 12 | 12 | ... | 12 |
| Moonsiff's Court ... ... ... | 12 | 491 | 503 | 43 | 546 |
| Talook Courts ... ... ... ... | 4,679 | 6,380 | 11,059 | 630 | 11,689 |
| Total ... | 4,691 | 6,883 | 11,574 | 673 | 12,247 |

The Suits affecting land bear a proportion of only 5.5 per cent. to the aggregate number of the original Suits disposed of, which may be accounted for by the fact, that all claims to the Sirkaree and Barabulootee (service) lands are tried and disposed of in the Revenue Department, leaving only the disputes relative to Inam Lands, Gardens, and Houses, for adjudication in the Civil Courts.

The following Statement shows the amount or value of the property litigated in the Original Suits disposed of during the last year, and the sums adjudged and disallowed :—

| | Amount or value of property claimed | | Amount adjudged. | | Amount disallowed. | |
|---|---|---|---|---|---|---|
| | No. of Suits. | Amount. | No. of Suits. | Amount. | No. of Suits. | Amount. |
| Adjudged in full of claims | | | | | | |
| Affecting land ... ... ... | 346 | 42,249 12 9 | 346 | 42,249 12 9 | ... | ... ... ... |
| Affecting personal property ... | 6,532 | 4,99,182 10 7 | 6,532 | 4,99,182 10 7 | ... | ... ... ... |
| Total ... ... | 6,878 | 5,41,432 7 4 | 6,878 | 5,41,432 7 4 | ... | ... ... ... |
| Partly adjudged and partly disallowed. | | | | | | |
| Affecting land ... ... ... | 144 | 19,815 11 6 | 144 | 12,592 3 4 | ... | 7,223 8 2 |
| Do. personal property ... ... | 3,396 | 6,12,996 13 6½ | 3,396 | 2,48,628 9 3 | ... | 3,64,368 4 3½ |
| Total ... ... | 3,540 | 6,32,812 9 0½ | 3,540 | 2,61,220 12 7 | ... | 3,71,591 12 5½ |
| Fully disallowed. | | | | | | |
| Affecting land ... ... ... | 183 | 25,733 4 7 | ... | ... ... ... | 183 | 25,733 4 7 |
| Do. personal property ... ... | 1,646 | 3,09,176 10 7 | ... | ... ... ... | 1,646 | 3,09,176 10 7 |
| Total ... ... | 1,829 | 3,34,909 15 2 | ... | ... ... ... | 1,829 | 3,34,909 15 2 |
| Total. | | | | | | |
| Affecting land ... ... ... | 673 | 87,798 12 10 | 490 | 54,842 0 1 | 183 | 32,956 12 9 |
| Do. personal property ... ... | 11,574 | 14,21,356 2 8½ | 9,928 | 7,47,811 3 10 | 1,646 | 6,73,544 14 10½ |
| Grand Total ... ... | 12,247 | 15,09,154 15 6½ | 10,418 | 8,02,653 3 11 | 1,829 | 7,06,501 11 7½ |

The amount disallowed bears a proportion of 47 per cent. to the amount claimed, while the number of claims fully and partially adjudged and wholly disallowed, bear the proportion respectively of 56, 29 and 15 per cent.

The length of time which these suits occupied was as follows :—

| Classes of Courts. | Decided within 3 months after being filed. | Ditto 6 months. | Ditto 1 year. | Ditto 2 years. | Ditto after 2 years. | Total. |
|---|---|---|---|---|---|---|
| Superintendent's Court ... ... | 3 | 1 | 4 | ... | 4 | 12 |
| Moonsiff's Court ... ... ... | 189 | 169 | 130 | 55 | 3 | 546 |
| Talook Courts ... ... ... ... | 7,746 | 1875 | 1,172 | 596 | 300 | 11,689 |
| Total ... | 7,938 | 2,045 | 1,306 | 651 | 307 | 12,247 |

A comparative view of the time occupied in disposing of original suits, between the last and the previous year is given below :—

| Time since institution. | No. Disposed of in 1856-57. | No. Disposed of in 1857-58. | Increase. | Decrease. |
|---|---|---|---|---|
| Within three months after being filed | 5,226 | 7,938 | 2,712 | ... |
| Within six months ... ... ... ... | 1,651 | 2,045 | 394 | ... |
| Within one year... ... ... ... ... | 1,605 | 1,306 | ... | 299 |
| Within two years... ... ... ..... | 1,063 | 651 | ... | 412 |
| After two years ... ... ... ..... | 336 | 307 | ... | 29 |
| Total ... | 9,881 | 12,247 | 3,106 | 740 |
| | Net Increase ... | | 2,366 | |

It is apparent from this Statement that original suits were disposed of last year more speedily than in the year before.

The length of time for which the Suits in arrears remained undecided, is as follows :—

| Classes of Courts. | For less than 3 months | For more than 3 but less than 6 months. | For more than 6 months but less than 1 year. | For more than 1 year but less than two. | For more than 2 years. | Total. |
|---|---|---|---|---|---|---|
| Superintendent's Court ... | 1 | 1 | 4 | 2 | 3 | 11 |
| Moonsiff's Court ... | 73 | 48 | 31 | 14 | 4 | 170 |
| Talook Courts ... | 760 | 400 | 236 | 60 | 25 | 1,481 |
| Hoozoor Adawlut ... | ... | 1 | ... | ... | ... | 1 |
| Total ... | 834 | 450 | 271 | 76 | 32 | 1663 |

A comparative view of the length of time for which the Suits in arrears at the end of the year remained undecided, between the last and the previous years, is given below; which also shows an improvement in the last year :—

| Time since institution. | Remaining in arrears on 30th April 1857. | Remaining in arrears on 30th April 1858. | Increase. | Decrease. |
|---|---|---|---|---|
| For less than three months ... ... ... ... | 855 | 834 | ... | 21 |
| For more than three but less than six months | 600 | 450 | ... | 150 |
| For more than six months but less than a year | 553 | 271 | ... | 282 |
| For more then a year but less than two..... | 421 | 76 | ... | 345 |
| For more than two years ... ... ... ... | 203 | 32 | ... | 171 |
| Total ... | 2,632 | 1,663 | ... | 969 |

The Original Suits disposed of during the last year, and those remaining in arrears at the end of it, are classified as follows :—

| Nature of suits. | Decided. | Remaining. |
|---|---|---|
| I. Suits affecting Land | | |
| Mortgage ... ... ... ... ... ... | 54 | 12 |
| Inam land ... ... ... ... ... ... | 146 | 61 |
| Merassee land ... ... ... ... ... ... | 128 | 26 |
| Houses ... ... ... ... ... ... | 248 | 52 |
| Shops ... ... ... ... ... ... | 25 | 69 |
| Gardens ... ... ... ... ... ... | 72 | 34 |
| Total ... | 673 | 254 |
| II. Personal Suits | | |
| Property ... ... ... ... ... ... | 253 | 131 |
| Debt ... ... ... ... ... ... | 11,207 | 1,248 |
| Total ... | 11,460 | 1,379 |
| III. Other Suits | | |
| Caste disputes ... ... ... ... ... | 4 | 1 |
| Boundary do. ... ... ... ... ... | 1 | 0 |
| Religious fees, dues, &c. ... ... ... ... | 4 | 2 |
| Hereditary Rights, Offices, &c. ... ... ... | 4 | 0 |
| Marriage ... ... ... ... ... ... | 96 | 25 |
| Adoption ... ... ... ... ... ... | 1 | 1 |
| Scandal ... ... ... ... ... ... | 4 | 1 |
| Total ... | 114 | 30 |
| Grand Total ... | 12,247 | 1,663 |

A comparative view of the Original Suits filed, disposed of, and remaining in arrears, between the last and the previous year, is as follows:—

| Classes of Courts. | Filed. | | | | Disposed of. | | | | Remaining in arrears on 30th April. | | | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | In 1856-57. | In 1857-58. | Increase. | Decrease. | In 1856-57. | In 1857-58. | Increase. | Decrease. | In 1857. | In 1858. | Increase. | Decrease. |
| Superintendent's Court ... | 8 | 13 | 5 | ... | 18 | 12 | ... | 6 | 10 | 11 | 1 | ... |
| Moonsiff's Court ... ... | 457 | 467 | 10 | ... | 500 | 546 | 46 | ... | 249 | 170 | ... | 79 |
| Talook Courts ... ... ... | 8,161 | 10,797 | 2,636 | ... | 9,362 | 11,689 | 2,327 | ... | 2,373 | 1,481 | ... | 892 |
| Hoozoor Adawlut ... ... | 1 | 1 | ... | ... | 1 | 1 | ... | 1 | ... | 1 | 1 | ... |
| Total ... | 8,627 | 11,278 | 2,651 | ... | 9,181 | 12,247 | 2,373 | 7 | 2,632 | 1,663 | 2 | 971 |

It is satisfactory to observe, that whereas the number of Suits filed was greater by 2,651, the number disposed of was 2,366 more than in the previous year, and the number remaining at the end of the year was less by 969.

The operations of the Talook Courts which mainly contributed to these results were as follows:—

| Divisions. | No. of Talook Courts. | No. of Suits remained. | Ditto filed. | Total. | Disposed of. | Remaining in arrears. | Average per Talook. | | |
|---|---|---|---|---|---|---|---|---|---|
| | | | | | | | Total No. of Suits. | Disposed of. | Remaining in arrears. |
| Astagram ... | 28 | 452 | 2,184 | 2,636 | 2,169 | 467 | 94.1 | 77.5 | 16.6 |
| Bangalore ... | 23 | 294 | 4,285 | 4,579 | 4,261 | 318 | 199.1 | 185.3 | 13.8 |
| Chittledroog ... | 18 | 479 | 1,786 | 2,265 | 1,834 | 431 | 125.8 | 101.9 | 23.9 |
| Nuggur ... | 16 | 1,148 | 2,542 | 3,690 | 3,425 | 265 | 230.6 | 214. | 16.6 |
| Total ... | 85 | 2,373 | 10,797 | 13,170 | 11,689 | 1,481 | 154.9 | 137.5 | 17.4 |

A comparison of these operations with the previous year, is as follows:—

| Divisions. | Filed in Talook Courts. | | | | Disposed of in Talook Courts. | | | | Remaining in Talook Courts on 30th April. | | | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | In 1856-57. | In 1857-58. | Increase. | Decrease. | In 1856-57. | In 1857-58. | Increase. | Decrease. | In 1857. | In 1858. | Increase. | Decrease. |
| Astagram ... ... | 1,866 | 2,184 | 318 | ... | 2,209 | 2,169 | ... | 40 | 452 | 467 | 15 | ... |
| Bangalore ... ... | 3,393 | 4,285 | 892 | ... | 4,288 | 4,261 | ... | 27 | 294 | 318 | 24 | ... |
| Chittledroog ..... | 785 | 1,786 | 1,001 | ... | 808 | 1,834 | 1,026 | ... | 479 | 431 | ... | 48 |
| Nuggur ... ... | 2,117 | 2,542 | 425 | ... | 2,057 | 3,425 | 1,368 | ... | 1,148 | 265 | ... | 883 |
| Total ... | 8,161 | 10,797 | 2,636 | ... | 9,362 | 11,689 | 2,394 | 67 | 2,373 | 1,481 | 31 | 931 |
| | | | | | Net Increase | | 2,327 | | | Net Decrease | | 892 |

The Chittledroog and Nuggur Divisions, more especially the latter, have fully verified the expectations entertained of them in the previous year's Report of showing greater activity and more satisfactory results in future in clearing arrears.

The subjoined Statement shows the number of Original Suits filed and disposed of in the several Courts of this Territory, since 1840, in which year the present rules concerning the institution of Suits were established. It will be seen from it, that the highest file was in the last year, in which the greatest number of decrees were also passed. Of the 12,247 original Suits disposed of in the last year, 958, or 7.8 per cent. had been instituted one year, and upwards; 11,289, or 92.2 per cent. were decided within one year from the time of their being filed; while the 1663 Suits which were in arrears at the end of the year, include only 108 cases, or 6 per cent. which remained undecided for upwards of a year; they thus bear a proportion of less than 1 per cent. to the number decided within one year.

| Years. | Lodged including arrears. | | | Decided. | | | Per centage between columns 4 and 7. |
|---|---|---|---|---|---|---|---|
| | For land. | For personal Property. | Total. | For land. | For personal. Property. | Total. | |
| 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 |
| 1840 | 752 | 6,368 | 7,120 | 493 | 4,155 | 4,648 | 65 |
| 1841 | 526 | 5,254 | 5,780 | 337 | 3,508 | 3,845 | 67 |
| 1842 | 419 | 4,677 | 5,096 | 255 | 3,076 | 3,331 | 65 |
| 1843 | 439 | 5,089 | 5,528 | 298 | 3,443 | 3,741 | 68 |
| 1844 | 403 | 5,838 | 6,241 | 273 | 4,221 | 4,494 | 72 |
| 1845 | 418 | 6,054 | 6,472 | 305 | 4,211 | 4,516 | 70 |
| 1846 | 424 | 6,340 | 6,764 | 268 | 4,506 | 4,774 | 70 |
| 1847 | 407 | 6,209 | 6,616 | 226 | 4,512 | 4,738 | 72 |
| 1848 | 459 | 6,876 | 7,335 | 290 | 4,902 | 5,192 | 71 |
| 1849 | 552 | 7,397 | 7,949 | 323 | 5,101 | 5,424 | 68 |
| 1850 | 751 | 8,393 | 9,144 | 312 | 5,648 | 5,960 | 66 |
| 1851 | 876 | 8,598 | 9,474 | 433 | 5,692 | 6,125 | 66 |
| 1852 | 802 | 10,488 | 11,290 | 435 | 6,964 | 7,399 | 66 |
| 1853 | 735 | 11,234 | 11,969 | 423 | 7,823 | 8,246 | 69 |
| 1854 | 714 | 11,113 | 11,827 | 415 | 7,538 | 7,953 | 67 |
| 1855 | 714 | 11,825 | 12,539 | 381 | 8,189 | 8,570 | 68 |
| 1855-56 | 727 | 12,010 | 12,737 | 392 | 8,458 | 8,850 | 69 |
| 1856-57 | 700 | 11,813 | 12,513 | 474 | 9,407 | 9,881 | 79 |
| 1857-58 | 927 | 12,983 | 13,910 | 673 | 11,574 | 12,247 | 88 |

## APPEAL SUITS.

The number of Appeals filed and disposed of in the last year in the 15* Appeal Courts, including 13 local ones, and the Hoozoor Adawlut, and the Judicial Commissioner's Court, which have jurisdiction throughout the whole Territory, are as follows:—

* District Moonsiffs ... ... 4
Principal Sudder Moonsiffs... ... 5
Superintendents ... ... ... 4
Hoozoor Adawlut ... ... ... 1
Judicial Commissioner ... ... 1
15

| Classes of Courts. | Remained on the file on 30th April 1857. | Filed from 1st May 1857 to 30th April 1858. | Total. | Disposed of from 1st May 1857 to 30th April 1858. | | Total. | Remaining on 30th April 1858. | Per centage in favor of Appellants. |
|---|---|---|---|---|---|---|---|---|
| | | | | In favor of Appellants. | In favor of Respondents. | | | |
| Superintendents' Courts ... ... | 71 | 210 | 281 | 96 | 144 | 240 | 41 | 40 |
| Moonsiffs' Courts ... ... ... | 112 | 742 | 854 | 296 | 476 | 772 | 82 | 38.3 |
| Hoozoor Adawlut ... ... ... | 12 | 92 | 104 | 22 | 46 | 68 | 36 | 32.4 |
| Judicial Commissioner ... ... | 16 | 102 | 118 | 29 | 73 | 102 | 16 | 28.4 |
| Total ... | 211 | 1,146 | 1,357 | 443 | 739 | 1,182 | 175 | 37.5 |

The Appeals filed bear a proportion of only 9 per cent. to the Original Decrees passed in the last year, and only 15 per cent. to such of them as were appealable, from which they must have been chiefly made.

Of the 1182 Appeals which were disposed of, 287 or about 24. per cent. were in suits affecting land; 872 or about 74 per cent. in suits for personal property; and 23 or about 2 per cent. in miscellaneous matters. The following statement shows the particulars :—

| Nature of suits. | Decided. | Remaining. |
|---|---|---|
| I. Suits affecting Land— | | |
| Mortgage ... ... ... .. ... ... | 8 | 0 |
| Inam land ... ... ... ... ... .. | 74 | 10 |
| Merassee land ... ... ... ... ... | 11 | 2 |
| Houses ... ... ... ... ... ... | 136 | 20 |
| Shops ... ... ... ... ... ... | 4 | 4 |
| Gardens ... ... ... ... ... ... | 54 | 16 |
| Total ... | 287 | 52 |
| II. Ditto affecting personal property— | | |
| Property ... ... ... ... ... ... | 71 | 20 |
| Debt ... ... ... ... ... ... | 801 | 98 |
| Total ... | 872 | 118 |
| III. Miscellaneous— | | |
| Religious fees, dues, &c. ... ... ... ... | 1 | 0 |
| Hereditary Rights, Offices, &c. ... ... .. | 3 | 1 |
| Marriage ... ... ... ... ... ... | 17 | 4 |
| Adoption ... ... ... ... ... | 2 | 0 |
| Total ... | 23 | 5 |
| Grand Total ... | 1,182 | 175 |

The manner in which the Appeals were disposed of is shown below :—

| Classes of Courts. | Total number of appeals disposed of. | Disposed of without entering into merits. | | | Decided upon merits. | | | | | | Total decided upon merits. |
|---|---|---|---|---|---|---|---|---|---|---|---|
| | | | | | | Original decrees reversed. | | | | | |
| | | Remanded. | Settled by Rajeenamah | Total. | Original decrees confirmed. | Fully reversed. | About one-half reversed | About three-fourths reversed, | Allowed more than the original decrees. | Total reversed. | |
| Superintendents' Courts ... | 240 | 6 | 8 | 14 | 50 | 116 | 30 | 23 | 7 | 176 | 226 |
| Moonsiffs' Courts ... | 772 | 34 | 26 | 60 | 188 | 276 | 160 | 72 | 16 | 524 | 712 |
| Hoozoor Adawlut ... | 68 | 1 | 1 | 2 | 11 | 35 | 9 | 5 | 6 | 55 | 66 |
| Judicial Commissioner ... | 102 | 2 | 3 | 5 | 28 | 51 | 9 | 7 | 2 | 69 | 97 |
| Total ... | 1182 | 43 | 38 | 81 | 277 | 478 | 208 | 107 | 31 | 824 | 1101 |
| Per Centage ... | ... | 3.6 | 3.2 | 6.8 | 23.4 | 40.5 | 17.6 | 9.1 | 2.6 | 69.8 | 93.2 |

The particulars of the Courts, from whose decrees the above Appeals were made, are as follows:—

| COURTS TO WHICH APPEALS WERE MADE. | Appeals made from the decrees of Amildars and Town Moonsiffs. | Ditto made from the decrees of Principal and District Moonsiffs. | Ditto made from the decrees of the Hoozoor Adawlut. | Ditto made from the decrees of Superintendents. | Total. |
|---|---|---|---|---|---|
| Superintendents' ... ... ... ... | 73 | 167 | ... | ... | 240 |
| Moonsiffs' ..... ... ... ... ... | 772 | ... | ... | ... | 772 |
| Hoozoor Adawlut ... ... ... ... | ... | 68 | ... | ... | 68 |
| Judicial Commissioner ... ... ... | ... | ... | 33 | 69 | 102 |
| Total ... | 845 | 235 | 33 | 69 | 1182 |

The particulars of the Courts from whose decrees Appeals were made last year to the Judicial Commissioner, and the proportion which the number of Appeals made from the decrees of each Court bears to the aggregate number of decrees passed by that Court, as shown in the following table :—

| NAMES OF THE COURTS FROM WHOSE DECREES APPEALS WERE MADE. | NO. OF DECREES PASSED BY EACH COURT. | | | No. of appeals made from the decrees of each Court. | Centage between Columns 4 & 5. |
|---|---|---|---|---|---|
| | Original. | Appeal. | Total. | | |
| 1 | 2 | 3 | 4 | 5 | 6 |
| Astagram Superintendent ... | 6 | 73 | 79 | 36 | 46 |
| Bangalore ditto ... | 4 | 105 | 109 | 30 | 28 |
| Chittledroog ditto ... | 0 | 19 | 19 | 5 | 26 |
| Nuggur ditto ... | 2 | 43 | 45 | 5 | 11 |
| Hoozoor Adawlut ... | 0 | 68 | 68 | 36 | 38 |
| Total ... | 12 | 302 | 320 | 102 | 0 |

The length of time which the Appeals disposed of in the last year took, was as follows :—

| Classes of Courts. | Decided within 3 months after being filed. | Ditto 6 months. | Ditto 1 year. | Ditto 2 years. | Ditto after 2 years. | Total. |
|---|---|---|---|---|---|---|
| Superintendents' ... ... | 68 | 73 | 63 | 28 | 8 | 240 |
| Moonsiffs' ... ... ... | 345 | 215 | 172 | 38 | 2 | 772 |
| Hoozoor Adawlut ... ... | 1 | 13 | 44 | 8 | 2 | 68 |
| Judicial Commissioner ... | 38 | 45 | 19 | 0 | 0 | 102 |
| Total ... | 452 | 346 | 298 | 74 | 12 | 1182 |

This shows that nearly 93 per cent. of the Appeals were disposed of within one year from the time of their lodgment.

A comparative view of the time occupied in disposing of Appeals between the last and the previous year is given below.

| Time since institution. | No. Disposed of in 1856-57. | No. Disposed of in 1857-58. | Increase. | Decrease. |
|---|---|---|---|---|
| Within three months after being filed | 274 | 452 | 178 | 0 |
| Within six months ... ... ... ... | 117 | 346 | 129 | 0 |
| Within one year ... ... ... ... ... | 240 | 298 | 58 | 0 |
| Within two years ... ... ... ..... | 68 | 74 | 6 | 0 |
| After two years ... ... ... ..... | 85 | 12 | 0 | 73 |
| Total ... | 884 | 1182 | 371 | 73 |
| | Net Increase ... | | 298 | |

This shows that Appeals were disposed of last year more speedily than the year before.

The length of time for which the Appeals in arrears remain undecided, is as follows:—

| Classes of Courts. | For less than three months | For more than 3 but less than 6 months. | For more than 6 months but less than 1 year. | For more than 1 year but less than two. | For more than 2 years. | Total. |
|---|---|---|---|---|---|---|
| Superintendents' ... | 16 | 9 | 12 | 3 | 1 | 41 |
| Moonsiffs' ... | 62 | 11 | 8 | 1 | ... | 82 |
| Hoozoor Adawlut ... | 11 | 20 | 5 | ... | ... | 36 |
| Judicial Commissioner ... | 13 | 2 | 1 | ... | ... | 16 |
| Total ... | 102 | 42 | 26 | 4 | 1 | 175 |

This shows that the Appeals remaining undecided for upwards of a year are only 2.9 per cent.

A comparative view of the length of time, for which the Appeals are in arrears at the end of the year, remained undecided, between the last and the previous years, is given below, which also shows an improvement in the last year.

| Time since institution. | Remaining in arrears on 30th April 1857. | Ditto on 30th April 1858. | Increase. | Decrease. |
|---|---|---|---|---|
| For less than three months ... ... ... ... | 109 | 102 | ... | 7 |
| For more than three but less than six months | 51 | 42 | ... | 9 |
| For more than six months but less than a year | 35 | 26 | ... | 9 |
| For more than a year but less than two..... | 14 | 4 | ... | 10 |
| For more than two years ... ... ... ... | 2 | 1 | ... | 1 |
| Total ... | 211 | 175 | ... | 36 |

A comparative view of the Appeals filed, disposed of and remaining in arrears between the last and previous years, is as follows :—

| Classes of Courts. | Filed. | | | | Disposed of. | | | | Remaining in arrears on 30th April. | | | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | In 1856-57. | In 1857-58. | Increase. | Decrease. | In 1856-57. | In 1857-58. | Increase. | Decrease. | In 1857. | In 1858. | Increase. | Decrease. |
| Superintendents' ... ... | 170 | 210 | 40 | ... | 180 | 240 | 60 | ... | 71 | 41 | ... | 30 |
| Moonsiffs' ... ... ... ... | 559 | 742 | 183 | ... | 591 | 772 | 181 | ... | 112 | 82 | ... | 30 |
| Hoozoor Adawlut ... ... | 55 | 92 | 37 | ... | 50 | 68 | 18 | ... | 12 | 36 | 24 | ... |
| Judicial Commissioner ... | 68 | 102 | 34 | ... | 63 | 102 | 39 | ... | 16 | 16 | ... | ... |
| Total ... | 852 | 1,146 | 294 | ... | 884 | 1,182 | 298 | ... | 211 | 175 | 24 | 60 |
| | | | | | | | | | Net Decrease. | | | 36 |

This shows that whereas the file and decrees considerably increased everywhere over the previous year, the arrears at the end of the year did so nowhere else but in the Court of the Hoozoor Adawlut. Some trials of considerable length, and the absence of one of the Judges, during the latter part of the year, will account of this Court being somewhat behind hand.

The subjoined Statement shows that in no year since 1836, from which the Returns are correctly kept, were so many Appeals either filed or disposed of, as in the last year.

| Years. | Lodged including arrears. | | | Decided. | | | Per centage between columns 4 and 7. |
|---|---|---|---|---|---|---|---|
| | For land. | For personal Property. | Total. | For land. | For personal. Property. | Total. | |
| 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 |
| 1836 | 110 | 348 | 458 | 66 | 171 | 237 | 52 |
| 1837 | 122 | 558 | 680 | 51 | 202 | 253 | 37 |

| 1849 | 246 | 660 | 906 | 106 | 357 | 463 | 51 |
| 1850 | 259 | 718 | 977 | 132 | 447 | 579 | 59 |
| 1851 | 301 | 690 | 991 | 142 | 462 | 604 | 61 |
| 1852 | 354 | 696 | 1,050 | 153 | 485 | 638 | 61 |
| 1853 | 394 | 768 | 1,162 | 197 | 504 | 701 | 60 |
| 1854 | 362 | 788 | 1,150 | 233 | 595 | 828 | 72 |
| 1855 | 283 | 772 | 1,055 | 212 | 586 | 798 | 76 |
| 1855-56 | 282 | 731 | 1,013 | 189 | 577 | 766 | 76 |
| 1856-57 | 281 | 815 | 1,096 | 230 | 654 | 884 | 81 |
| 1857-58 | 339 | 1,018 | 1,357 | 287 | 895 | 1,182 | 87 |

## FEES.

The fees which were imposed in the last year in Civil Courts, amounted to Rupees 36,869-12-2½, and Rs. 33,581-12-8½ were collected. A sum of Rs. 3,951- 2-10½ was remitted upon investigation. A table of these results is exhibited hereunder.

| Classes of Courts. | Balance remained on 30th April 1857. | | | Fees awarded from 1st May 1857 to 30th April 1858. | | | Total. | | | Deduct. | | | | | | | | | Balance remaining on 30th April 1858. | | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | | | | | | | | | | Collected. | | | Remitted. | | | Total. | | | | | |
| Superintendent's ... ... ... | 2,701 | 4 | 0¾ | 5,028 | 14 | 4 | 7,730 | 2 | 4¾ | 4,273 | 12 | 4½ | 547 | 10 | 11¼ | 4,821 | 7 | 3½ | 2,908 | 11 | 1½ |

| Total ..... | 19,700 | 10 | 0¾ | 36,869 | 12 | 2½ | 56,570 | 6 | 3¾ | 33,581 | 12 | 8½ | 3,951 | 2 | 10¼ | 37,532 | 15 | 6¾ | 19,037 | 6 | 8½ |

A comparison between the last and the previous year is shown below :—

| Items. | 1856-57. | | | 1857-58. | | | Increase. | | | Decrease. | | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|
| Balance at the beginning of the year ... | 18,937 | 2 | 3½ | 19,700 | 10 | 0¾ | 763 | 7 | 9¼ | 0 | 0 | 0 |
| Awarded in the year ... | 26,258 | 15 | 2¾ | 36,869 | 12 | 2½ | 10,610 | 12 | 11¾ | 0 | 0 | 0 |
| Total ... | 45,196 | 1 | 6¼ | 56,570 | 6 | 3¼ | 11,374 | 4 | 9 | 0 | 0 | 0 |
| Collected in the year ... | 24,406 | 10 | 1½ | 33,581 | 12 | 8½ | 9,175 | 2 | 7 | 0 | 0 | 0 |
| Remitted in the year ... | 1,088 | 13 | 4 | 3,951 | 2 | 10¼ | 2,852 | 5 | 6¼ | 0 | 0 | 0 |
| Total ... | 25,495 | 7 | 5½ | 37,532 | 15 | 6¾ | 12,037 | 8 | 1¼ | 0 | 0 | 0 |
| Balance at the end of the year | 19,700 | 10 | 0¾ | 19,037 | 6 | 8½ | 0 | 0 | 0 | 663 | 3 | 4¼ |

The imposition and collection of fees kept pace with the increase of work performed, and the balance at the end of the year was less than that which was at the end of the previous year :—

It will be seen from the following statement made out from the accounts since the year 1846, from which year they are complete, and when the present rules were in force, that so large an amount as was collected in the last year had never been known before :—

| Years. | Amount of fees Collected. | | |
|---|---|---|---|
| 1846 | 15,780 | 11 | 0½ |
| 1847 | 15,588 | 0 | 3¼ |
| 1848 | 15,580 | 5 | 2½ |
| 1849 | 16,30[illegible] | 15 | 6½ |
| 1850 | 13,52[illegible] | 6 | 3 |
| 1851 | 15,052 | 6 | 0½ |
| 1852 | 15,847 | 10 | 4 |
| 1853 | 17,252 | 6 | 6¼ |
| 1854 | 19,429 | 3 | 11 |
| January to June 1855 | 10,516 | 11 | 5¾ |
| July 1855 to April 1856 | 16,798 | 2 | 1¼ |
| May 1856 to April 1857. | 24,406 | 10 | 1½ |
| | 33,581 | 12 | 8½ |

The fines imposed in the last year in Civil Suits, amounted to Rs. 791-14-8, and Rupees 696-8-2 were collected. Old balances for the collection of which there were no means, amounting to Rupees 463-1-6, were remitted. A table of these results is exhibited hereunder :—

| Classes of Courts. | Balance remained on 30th April 1857. | | | Fines imposed from 1st May 1857 to 30th April 1858. | | | Total. | | | Deduct. | | | | | | | | | Balance remaining on 30th April 1858. | | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | | | | | | | | | | Collected. | | | Remitted. | | | Total. | | | | | |
| Superintendents' Courts | 476 | 8 | 3 | 312 | 15 | 7 | 789 | 7 | 10 | 361 | 15 | 0 | 219 | 7 | 9 | 581 | 6 | 3 | 208 | 1 | 7 |
| Moonsiffs' Courts ... ... | 17 | 3 | 11 | 324 | 7 | 8 | 341 | 11 | 7 | 225 | 2 | 6 | 0 | 0 | 0 | 225 | 2 | 6 | 116 | 9 | 1 |
| Talook Courts .... ... | 0 | 0 | 0 | 25 | 12 | 8 | 25 | 12 | 8 | 25 | 12 | 8 | 0 | 0 | 0 | 25 | 12 | 8 | 0 | 0 | 0 |

| Total ... | 703 | 12 | 2 | 791 | 14 | 8 | 1,495 | 10 | 10 | 696 | 8 | 2 | 463 | 1 | 6 | 1159 | 9 | 8 | 336 | 1 | 2 |

A comparison between the last and the previous year is shown below :—

| Items. | 1856-57. | | | 1857-58. | | | Increase. | | | Decrease. | | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|
| Balance at the beginning of the year | 1,030 | 15 | 8 | 703 | 12 | 2 | 0 | 0 | 0 | 327 | 3 | 6 |
| Imposed in the year ... ... | 780 | 8 | 8 | 791 | 14 | 8 | 11 | 6 | 0 | 0 | 0 | 0 |
| Total ... | 1,811 | 8 | 4 | 1,495 | 10 | 10 | 11 | 6 | 0 | 327 | 3 | 6 |
| Collected in the year ... ... | 401 | 8 | 2 | 696 | 8 | 2 | 295 | 0 | 0 | 0 | 0 | 0 |
| Remitted in the year ... ... | 706 | 4 | 0 | 463 | 1 | 6 | 0 | 0 | 0 | 243 | 2 | 6 |
| Total ... | 1,107 | 12 | 2 | 1,159 | 9 | 8 | 295 | 0 | 0 | 243 | 2 | 6 |
| Balance at the end of the year ... | 703 | 12 | 2 | 336 | 1 | 2 | 0 | 0 | 0 | 367 | 11 | 0 |

In all cases in which fines are recorded as remitted, except in very old cases, they were levied by imprisonment.

## Civil Debtors.

The Civil Debtors in confinement on the 1st May last were only seven individuals. A comparative statement of debtors in different jails on the 1st May 1857 and 1858, is subjoined:—

| Divisions. | On 1st May 1857. | On 1st May 1858. | Increase. | Decrease. |
|---|---|---|---|---|
| Astagram ... ... | 1 | 0 | 0 | 1 |
| Bangalore ... ... | 4 | 1 | 0 | 3 |
| Chittledroog ... ... | 0 | 2 | 2 | 0 |
| Nuggur ... ... | 5 | 4 | 0 | 1 |
| Total ... | 10 | 7 | 2 | 5 |
| | | | Net decrease. ... | 3 |

The execution of decrees was a branch of business over which a systematic supervision had not been introduced till the beginning of the last year, when returns being called for of applications for execution remaining in arrears, it was with great trouble that the necessary information could be obtained from records; and it became necessary to employ additional hands in some places for this purpose. At the end of July last, returns were obtained in some shape, and they shewed that no less than 3,155 applications were pending. The necessary instructions were issued for their disposal, as well as for a methodical arrangement of the future applications; and it is satisfactory to observe that these measures have had the desired effect, because at the end of the year there were only 1,920 applications which were actually pending. In 164 of them, processes were not issued, there being preliminaries to be done. In 909 cases processes were issued but not returned; in 381 cases, was property attached but not sold; in 221 cases, claims made for the attached property were under investigation; in 27 cases, property was sold but money was in course of collection; in 29 cases, questions of alleged private adjustment were under trial; 9 cases were waiting for the satisfaction of prior decrees; and 180 cases were awaiting orders of higher courts. The aggregate number of 1,920 cases is not very great, as it bears only a proportion of 15.7 per cent. to the number of original decrees, and only 14.3 per cent. to that of both the original and appeal decrees passed last year.

## CRIMINAL COURTS.

The operations of the Courts of Criminal Jurisdiction, including those which have cognizance of minor police offences, are now to be remarked upon. They are classified as follows:—

| | |
|---|---|
| Sudder Ameen ... ... ... ... ... | 1 |
| Amildars ... ... ... ... ... ... | 82 |
| Town Moonsiff ... ... ... ... ... | 1 |
| District Moonsiffs ... ... ... ... ... | 4 |
| Principal Suddur Moonsiffs ... ... ... ... | 5 |
| Superintendents ... ... ... ... ... | 4 |
| Judicial Commissioner ... ... ... ... | 1 |
| | 98 |

The criminal cases tried and disposed of last year in the different courts were 12,326. The particulars of the courts which tried them are as follows:—

| Classes of Courts. | No. of cases which remained in arrears on 30th April 1857 | Ditto filed from 1st May 1857 to 30th April 1857. | Total. | No. of cases disposed of during the year. | No of cases remaining in arrears on 30th April 1858. |
|---|---|---|---|---|---|
| Sudder Ameen ... .. ... | 0 | 299 | 299 | 299 | 0 |
| Amildars ... ... ... | 206 | 9,799 | 10,005 | 9,674 | 331 |
| Mysore Town Moonsiff ... | 0 | 16 | 16 | 16 | 0 |
| District Moonsiff ... ... | 3 | 68 | 71 | 71 | 0 |
| Principal Sudder Moonsiff ... | 10 | 130 | 140 | 133 | 7 |
| Superintendents ... ... | 46 | 2,090 | 2,136 | 2,092 | 44 |
| Total in the Divisions... .. | 265 | 12,402 | 12,667 | 12,285 | 382 |
| Judicial Commissioner ... | 6 | 45 | 51 | 41 | 10 |
| Grand Total ... | 271 | 12,447 | 12,718 | 12,326 | 392 |

The offences are classified under the heads of—first, crimes against the person or involving violence; secondly, offences against property; thirdly, miscellaneous offences such as perjury, defrauding the customs, &c.; and fourthly, petty offences such as asaults, affrays, &c.

The cases filed and disposed of during the last year, as well as those remaining in arrears at the end of it, are classified as follows:—

| Classification of Courts.— | No. of cases which remained in arrears on 30th April 1857. | Do. filed from 1st May 1857 to 30th April 1858. | Total. | No. of cases disposed of from 1st May 1857 to 30 April 1858. | No. of prisoners in these cases. | No. convicted. | Per centage of convictions. | No. of cases remaining in arrears on 30th April 1848. | No. of prisoners in these cases. |
|---|---|---|---|---|---|---|---|---|---|
| Crimes aganist the person ... ... | 48 | 569 | 617 | 576 | 1,718 | 703 | 41 | 41 | 131 |
| Crimes aganist property ..... .. | 124 | 289 | 3,015 | 2,796 | 5,478 | 2,449 | 45 | 219 | 526 |
| Miscellaneous ... ... ... ... ... | 19 | 716 | 735 | 706 | 1,252 | 935 | 75 | 29 | 61 |
| Petty Cases ... ... ... ... ... | 80 | 8,271 | 8,351 | 8,248 | 16,745 | 11,786 | 70 | 103 | 314 |
| Total ..... | 271 | 12,447 | 12,718 | 12,326 | 25,193 | 15,873 | 63 | 392 | 1,032 |

The particulars of the criminal cases filed and disposed of, the number of the prisoners in them, and a comparison between the last and the previous years, are to be found in the appended statement; which shows a clear decrease of 44 cases under the head of crimes against the person, of 90 cases under that of crimes against property, and an increase of 361 cases under that of miscellaneous offences:—

The remarkable increase of 310 cases of false complaints, which may be seen in that statement, is not attributable to the increase of that offence, but only to the correction of an error in the classification of crimes; many of such cases having been erroneously classified in the returns of former years under the head of the complaints which had been proved to have been false.

The increase of 937 cases under the head of petty offences arises from an increase of 1,262 petty assaults, and a decrease of 325 petty offences.

An abstract of the criminal cases filed, comparing the last and previous year, is given below:—

| Classes of Crimes. | Filed in 1856-57. | Filed in 1857-58. | Increase. | Decrease. |
|---|---|---|---|---|
| Crimes against the person ... ... ... ... | 613 | 569 | 0 | 44 |
| Crimes against property ..... ... ... ... | 2,981 | 2,891 | 0 | 90 |
| Miscellaneous offences ... ... ... ... ... | 355 | 716 | 361 | 0 |
| Petty cases ... ..... ... ... ... | 7,334 | 8,271 | 937 | 0 |
| Total ..... | 11,283 | 12,447 | 1,198 | 134 |
| | Net Increase. | | 1,164 | |

The following table gives a comparison between the last and the previous year of the number of persons brought to trial, and those who were convicted:—

| Classficaton of Crimes. | No. of Prisoners. | | | | No. of Prisoners convicted. | | | | Per centage of the convicted | |
|---|---|---|---|---|---|---|---|---|---|---|
| | In 1856-57. | In 1857-58. | Increase. | Decrease. | In 1856-57. | In 1857-58. | Increase. | Decrease. | In 1856-57. | In 1857-58. |
| Crimes against the person ... | 2,194 | 1,718 | 0 | 476 | 630 | 703 | 73 | 0 | 28 | 41 |
| Ditto against property ... | 6,522 | 5,478 | 0 | 1,044 | 2,725 | 2,449 | 0 | 276 | 42 | 45 |
| Miscellaneous Offences ... | 692 | 1,252 | 160 | 0 | 378 | 935 | 557 | 0 | 54 | 75 |
| Petty Cases ... ... ... | 14,798 | 16,745 | 1,947 | 0 | 10,238 | 11,786 | 1,548 | 0 | 69 | 70 |
| Total ... | 21,206 | 23,193 | 2,507 | 1,520 | 13,971 | 15,873 | 2,178 | 276 | 85 | 63 |
| | Net Increase | | | | | | 1,902 | | | |

The per centage of convictions in each year was less in the graver offences, and greater in the minor ones.

Of the whole of 15,873 persons against whom sentences were passed last year, 13,012 individuals were simply fined, 49 were flogged and released, 8 were banished the jurisdiction, 31 were merely discharged from the Government service, and 1 was sent to the Lunatic Asylum, making a total of 1,310, which leaves 2,772 to be accounted for; eight of these were hanged, and 6 transported for life. The remainder, being in number 2,758 or 17 per cent., were sentenced to various periods of imprisonment. Of these, 1,673 were imprisoned for small periods varying from one hour to one month, leaving 1,085 or 7 per cent. who were sentenced for upwards of a month. The particulars of their sentences are as follows:—

| | |
|---|---|
| Above one Month but not exceeding 6 Months ... ... | 673 |
| Above 6 Months but not exceeding 1 Year ... ... | 170 |
| Above 4 Years but not exceeding 2 Years ... ... ... | 113 |
| 3 Years ... ... ... ... ... ... | 40 |
| 4 Years ... ... ... ... ... ... | 4 |
| 5 Years ... ... ... ... ... ... | 33 |
| 6 Years ... ... ... ... ... ... | 1 |
| 7 Years ... ... ... ... ... ... | 48 |
| 10 Years ... ... ... ... ... ... | 2 |
| 14 Years ... ... ... ... ... ... | 1 |
| Total | 1,085 |

A comparison of the prisoners sentenced between the last and the previous year is as follows:—

| Particulars of sentences. | No. of Prisoners sentenced in 1856-57. | Ditto in 1857-58. | Increase. | Decrease. |
|---|---|---|---|---|
| Sent to the Lunatic Asylum ... ... ... | 1 | 1 | 0 | 0 |
| Transferred to other tribunals ... ... ... | 12 | 0 | 0 | 12 |
| Discharged from the Service ... ... ... | 41 | 31 | 0 | 10 |
| Banished the jurisdiction ... ... ... | 1 | 8 | 7 | 0 |
| Fined and released ... ... ... ... | 10,947 | 13,012 | 2,065 | 0 |

| Ditto for 5 years ... ... ... ... | 41 | 33 | 0 | 8 |
| Ditto for 6 years ... ... ... .. | 0 | 1 | 1 | 0 |
| Ditto for 7 years ... ... ... ... | 20 | 48 | 28 | 0 |
| Ditto for 10 years ... ... ... ... | 1 | 2 | 1 | 0 |
| Ditto for 14 years ... .. ... ... | 15 | 1 | 0 | 14 |
| Transportation for life .. .. ... ... | 3 | 6 | 3 | 0 |
| Hanged ... ... ... ... ... ... | 8 | 8 | 0 | 0 |
| Total ... | 13,971 | 15,873 | 2,213 | 311 |
| | | Net Increase | 1,902 | |

FINES.

On the 1,302 persons who were fined, an aggregate amount of Rupees 12,261-5-10 was imposed, which averages 15 annas and one pie each.

A comparison of fines and of the cases in which they were imposed between the last and the previous years is as follows :—

| CLASSES OF COURTS. | Cases in 1856-57. | Cases in 1857-58. | Increase. | Decrease. | Amount imposed in 1856-57. | | | Amount imposed in 1857-58. | | | Increase. | | | Decrease. | | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|
| Superintendents' Courts ... | 392 | 415 | 23 | 0 | 4,467 | 8 | 8 | 2,944 | 13 | 11 | 0 | 0 | 0 | 1,522 | 10 | 10 |
| Moonsiffs' Courts ..... ... | 34 | 30 | 0 | 4 | 309 | 4 | 0 | 401 | 4 | 0 | 92 | 0 | 0 | 0 | 0 | 0 |
| Talook Courts ... ... ... | 5,463 | 7,430 | 1,967 | 0 | 7,957 | 4 | 1 | 8,915 | 3 | 11 | 957 | 15 | 10 | 0 | 0 | 0 |
| Total ... | 5,889 | 7,875 | 1,990 | 4 | 12,734 | 0 | 10 | 12,231 | 5 | 10 | 1,049 | 15 | 10 | 1,522 | 10 | 10 |
| | Net Increase - | | 1,986 | | | | | | | | Net Decrease | | | 472 | 11 | 0 |

## General Remarks.

A comparative view of the aggregate amount of criminal work performed in all the Courts of the Territory between the last and the previous years is given below :—

| | In 1856-57. | In 1857-58. | Increase. | Decrease. |
|---|---|---|---|---|
| Number of cases which were in arrears at the beginning of the year ... ... ... ... ... ... | 269 | 271 | 0 | 0 |
| Ditto filed during the year ... ... ... ... | 11,283 | 12,447 | 1,164 | 0 |
| Total ... | 11,552 | 12,718 | 1,166 | 0 |
| Number of Cases disposed of during the year ... ... | 11,281 | 12,326 | 1,045 | 0 |
| Number of Prisoners in them... ... ... ... | 23,428 | 25,193 | 1,765 | 0 |
| Transferred to other tribunals ... ... ... ... | 12 | 12 | 0 | 0 |
| Acquitted ... ... ... ... ... ... | 9,445 | 9,307 | 0 | 138 |
| Of the latter released on bail ... ... ... ... | 73 | 86 | 13 | 0 |
| Died when under trial ... ... ... ... ... | 0 | 1 | 1 | 0 |
| Convicted ... ... ... ... ... ... | 13,971 | 15,873 | 1902 | 0 |
| Per centage of acquittals ... ... ... ... | 40 | 37 | 0 | 3 |
| Number of cases remaining undecided at the end of the year ... ... ... ... ... ... | 271 | 392 | 121 | 0 |
| Number of prisoners in them ... ... ... ... | 778 | 1,032 | 254 | 0 |

There were in arrears at the end of the last year 121 cases more than there were at the beginning of it; but the number of cases actually disposed of is higher than that of the previous year by 1,045.

## Gang Robberies.

Fifty-five Gang robberies were committed last year, 3 of which took place on the boundary of Coimbatoor, 3 on that of Chittoo, 6 on that of Salem, 7 on that of Bellary, 3 on that of Canara, 1 on that of Dharwar, and 2 on that of Cuddapah, making a total of 25 on the boundaries of other provinces; and the remaining 30 took place in the middle of Mysore. The robbers put 100 persons to more or less torture, 11 of whom were burned with torches; 50 were wounded with swords, clubs, &c.; and the remaining 39 received blows. The amount of property plundered is alleged to be Rupees 24,277-5-0. In three cases only the criminals have been detected and punished.

A comparison of this species of crime between the last and the previous years is as follows:—

| On what side of the Country. | Number of Robberies committed. | | | | Number of persons tortured. | | | | Value of property alleged to have been plundered. | | | | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | 1856-57. | 1857-58. | Increase. | Decrease. | 1856-57 | 1857-58. | Increase. | Decrease. | 1856-57. | | 1857-58. | | Increase. | | Decrease. | | | | | |
| On the Malabar Boundary ... | 3 | 0 | 0 | 3 | 7 | 0 | 0 | 7 | 1,044 | 9 6 | 0 | 0 0 | 0 | 0 0 | 1,044 | 9 6 | | | | |
| On the Coimbatoor Do. ... | 2 | 3 | 1 | 0 | 7 | 1 | 0 | 6 | 583 | 15 8 | 72 | 12 8 | 0 | 0 0 | 511 | 3 0 | | | | |
| On the Chittoor Do. ... | 4 | 3 | 0 | 1 | 4 | 5 | 1 | 0 | 1,251 | 10 0 | 684 | 6 0 | 0 | 0 0 | 567 | 4 0 | | | | |
| On the Salem Do. ... | 2 | 6 | 4 | 0 | 3 | 7 | 4 | 0 | 398 | 8 0 | 1,078 | 14 8 | 680 | 6 8 | 0 | 0 0 | | | | |
| On the Bellary Do. ... | 16 | 7 | 0 | 9 | 44 | 12 | 0 | 32 | 1,734 | 11 8 | 1,255 | 1 3 | 0 | 0 0 | 479 | 10 5 | | | | |
| On the Canara Do. ... | 1 | 3 | 2 | 0 | 5 | 9 | 4 | 0 | 98 | 0 0 | 15,694 | 14 0 | 15,596 | 14 0 | 0 | 0 0 | | | | |
| On the Dharwar Do. ... | 2 | 1 | 0 | 1 | 4 | 2 | 0 | 2 | 1,359 | 8 0 | 39 | 0 0 | 0 | 0 0 | 1,320 | 8 0 | | | | |
| On the Cuddapah Do. ... | 0 | 2 | 2 | 0 | 0 | 7 | 7 | 0 | 0 | 0 0 | 342 | 0 2 | 342 | 0 2 | 0 | 0 0 | | | | |
| In the middle of Mysore ... | 24 | 30 | 6 | 0 | 69 | 57 | 0 | 12 | 3,728 | 6 9 | 5,060 | 4 3 | 1,331 | 13 6 | 0 | 0 0 | | | | |
| Total ... | 54 | 55 | 15 | 14 | 143 | 100 | 16 | 59 | 10,199 | 5 7 | 24,227 | 5 0 | 17,951 | 2 4 | 3,923 | 2 11 | | | | |
| Net Increase | 1 | | | 0 | Net Decrease | | | 43 | | | Net Increase | | 14,027 | 15 5 | | | | | | |

The above shows that the increase in the last year of the property plundered arose chiefly from gang robberies committed near the boundary of Canara, part of which province has lately been in a disturbed state.

## PROPERTY STOLEN.

The aggregate value of property stolen in the last year, was Rs. 64,930-8-8 part of which, of the value of Rs. 20,527-13-10, was found upon the robbers who were apprehended; and a sum of Rs. 863-8-3 was recovered by the sale of the prisoners, own property. The total amount of Rupees 321,391-6-1 or 33 per cent. was restored to the owners. The largest value of property plundered was in the Nuggur Division, in which the lowest amount was recovered. This is attributable chiefly to the robberies committed at the latter end of the official year on the boundary of the Canara District. The highest proportion of the property recovered was in the Bangalore Division. The particulars of these results with a comparison between the last and the previous years is shown below:—

| Divisions. | Value of property proved to have been stolen. | | | | | | | | Value of property recovered. | | | | | | | | Per Centage of property recovered. | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | In 1856-57. | | In 1857-58. | | Increase. | | Decrease. | | In 1856-57. | | In 1857-58. | | Increase. | | Decrease. | | In 1856-57. | In 1857-58. |

| Net Increase | | | 24,917 | 10 9 | | | | | | | Net Increase | | 1,513 | 10 3 | | | | |

## General Averages.

The subjoined statement gives the proportion which the amount of litigation and of crime in the last year bears to every hundred thousand population of this Territory.

| | Number. | Average per hundred thousand. |
|---|---|---|
| Population ... ... ... ... | 37,15,423 | |
| Civil Suits ... ... ... ... | 11,278 | 303.5 |
| Crimes... ... ... ... ... | 4,176 | 112.4 |
| Misdemeanors ... ... ... ... | 8,271 | 222.6 |
| The particulars of the crimes are as follows :— | | |
| Against person ... ... ... ... | 569 | 15.3 |
| Against property ... ... ... ... | 2,891 | 77 8 |
| Miscellaneous ... ... ... ... | 716 | 19.3 |
| Total ... | 4,176 | 112.4 |
| The particulars of the misdemeanors are as follows :— | | |
| Petty offences ... ... ... ... | 2,338 | 62.9 |
| Petty assaults ... ... ... ... | 5,933 | 157.7 |
| Total ... | 8,271 | 222.6 |
| Number of persons convicted :— | | |
| Of crimes ... ... ... ... | 4,087 | 110 |
| Of misdemeanors ... ... ... ... | 11,786 | 317.2 |
| Total ... | 15,873 | 427.2 |
| Gang robberies reported to have been committed ... | 55 | 1.5 |
| Value of property plundered in ditto ... ... | Rs. 24,227 | Rs. 652 |
| Ditto in all ways ... ... ... ... | „ 64,930 | „ 1,748 |

The last mentioned amount averages at about 3 pice per head of the population.

## JAILS.

In the jails of this Territory there were 1,694 prisoners under sentence and awaiting sentence at the beginning of the last year, and 6,008 persons were committed to them during the year, making a total of 7,702. Of these 1,352 persons were released on the expiration of the period of their sentences; 107 died in the jails; 6 escaped from them; 167 were transferred to other authorities, chiefly the Military Department, by which the offences they were charged with were cognizable; 3,356 were acquitted and released; 31 who were public servants were dismissed the service and released; 16 were flogged and released; 96 were released on bail; 852 were fined and released; 10 were expelled the boundary; 7 were hanged; and 17 were transported for life; making a total of 6,017. At the end of the year 1,685 prisoners were left in the jails, of whom 1,465 were under sentences of imprisonment and 220 awaiting sentences.

The average number of convicts in confinement on the 1st of each month was 1,532, of whom 323 performed labour in jails, and 1,209 in road gangs. Of the latter number 10 died, making an average of less than 1 per cent., whereas 87 or about 27 per cent. died in the jails. This fact shews the superior healthiness of the road work over that in jails; and for this reason convict labour was more extensively employed during the last year on road work than the year before. A comparative statement showing the above results is given below :—

| Divisions. | Average number of Convicts. | | | | | | Number of Deaths. | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | In Jails. | | In Road Gangs. | | Total. | | In Jails. | | In Road Gangs. | | Total. | |
| | 1856-57. | 1857-58. | 1856-57. | 1857-58. | 1856-57. | 1857-58, | 1856-57. | 1857-58. | 1856-57. | 1857-58. | 1856-57. | 1557-58. |
| Astagram ... ... | 419 | 116 | 93 | 418 | 534 | 534 | 14 | 52 | 2 | 1 | 16 | 53 |
| Bangalore ... ... | 370 | 83 | 139 | 395 | 509 | 478 | 10 | 5 | 0 | 5 | 10 | 10 |
| Chittledroog ... ... | 252 | 71 | 130 | 275 | 382 | 346 | 30 | 18 | 0 | 0 | 30 | 18 |
| Nuggur ... ... | 181 | 53 | 36 | 121 | 217 | 174 | 17 | 12 | 0 | 4 | 17 | 16 |
| Total ... | 1,222 | 323 | 398 | 1,209 | 1,620 | 1,532 | 71 | 87 | 2 | 10 | 73 | 97 |

The jails at Bangalore were remarkable last year, in like manner with the previous year, for the lowest number of deaths; and the healthy condition is creditable to the authorities under whom they are placed. The large mortality in the Astagram Jail was owing to cholera having broken out among a number of Moplah Prisoners, men from below the ghaut, and having been of a very fatal character.

In the hospitals attached to the jails, there were 125 Prisoners lying sick at the beginning of the last year, 2,473 were admitted to them during the last year, making a total of 2,598 : of whom 2,383 were cured, and 100 died, leaving at the end of the year 115 Prisoners sick. Of those who died 87 were convicts, and 13 prisoners under trial.

The expenses of feeding, clothing, guarding, and supplying medicines to the prisoners, and the average cost per head, in comparison between the last and the previous years, are given below. :—

| ITEMS. | In 1856-57. | | | In 1857-58. | | | Increase. | | | Decrease. | | |

## Bangalore Cantonment.

The preceding paragraphs contain no reference to the Civil or criminal cases disposed of in the cantonment of Bangalore by the Superintendent of Police.

This officer, who is also the Commissariat Officer of the Station, has, under an arrangement made before the assumption of the country, power to adjudicate in all suits originating within the limits of the cantonment, and not exceeding in amount or value Rs. 1,750. His decisions are summary, and he is not obliged to keep a record of proceedings, except in cases of importance, or where landed property is involved. He refers cases to Panchayets when he thinks that mode of trial advisable.

His decrees are appealable, in cases of landed property, to the Judicial Commissioner, who can also receive and dispose of appeals in other cases, when he deems it right to interfere.

In criminal cases, the Superintendent of Police has authority to punish offenders by imprisonment with or without hard labor for 7 years, and to impose fines not exceeding 50 Rupees.

In cases involving a punishment in excess of 7 years, the Police Superintendent commits the case to the Judicial Commissioner.

At the beginning of the last year, 64 Civil Suits were pending before the Superintendent of Police, and 1,316 suits were filed during the year, making a total of 1,380 suits; 959, of them were disposed of, which include 790 cases, in which the claims were fully allowed, 125 in which they were partly allowed, and 44 in which they were fully disallowed. The suits disposed of last year are less than those disposed of in the previous year by 254 Eighty-six Suits remained in arrears at the end of the last year, a number exceeding those which were in arrears at the end of the previous year by 22. In 2 cases, Appeals were admitted last year by the Judicial Commissioner from the decrees of the Superintendent of Police, in one of which the original decree was confirmed and in the other reversed.

The Superintendent of Police levied fees in Civil Suits, amounting to Rs. 120-8-1:—

At the begining of the last year there were 45 Criminal cases pending before that Officer, 2,598 cases were filed during the year, making a total of 2,643, of which 2,581 were disposed of leaving 62 in arrears at the end of the year, in which 104 prisoners were involved, He imposed fines in Criminal cases amounting to Rs. 3,130-11-8 and levied Rs. 2,491-12-4.

## GENERAL REMARKS.

The details which have been furnished, regarding the working of the Courts, show clearly that, in the disposal of Civil business, considerable activity has been displayed. The number of original and appeal Suits decided in the previous year, was 10,765, the last year 13,429 were decided. The decisions in the original Suits of the former, bore a proportion of 79 per cent. to the total on the file; the last year the proportion was 88 per cent. In the former year, 336 original and 85 Appeal Suits were decided after being lodged upwards of 2 years. At the end of the last year there remained on the files 108 original and 5 appeal Suits of one year's standing and upwards. At the same time the number filed in the past year, have been 2,651 original and 294 Appeal Suits more than in the previous year; while the number remaining unsettled was less by 969 Original, and 36 Appeal Suits.

These satisfactory results have not been attained without the zealous co-operation of the Superintendents of the four Divisions and of the subordinate local Courts under their supervision. On this point Mr. Devereux writes, that it is due to Major Haines to remark that the Talook Courts of the Bangalore Division have, as before, the smallest average arrears, being only 13.8 suits to each Court. In the same Courts in the Chittledroog Division, under Major Dobbs, the number filed has been increased by 1,001 suits, while the number remaining has decreased by 48. In Astagram, as in Nuggur, there remains only an average of 16 suits in each Court in arrears; and the appeals which had accumulated in the former Division in the Superintendents' Court have been cleared off by Captain Pearse. But it is especially in the Nuggur Division, under Major Porter, that the results of labour are to be observed. In that Division, 1,252 suits were remaining at the beginning of the past year, 547 more than in the preceding year were filed, and at the end of the past year there remained but 322 suits unsettled.

So far as numerical results can be satisfactory, these may fairly be so considered. The number of suits has increased, in some degree doubtless owing to an increased promptitude of decision, and the demand has been met by an increased activity, while the fact that the appeals lodged bear a proportion of only 15 per cent. to the appealable original decrees, gives ground for satisfactory conclusions in regard to the manner in which justice has been administered.

In regard to the efficiency of the Police and Criminal Courts it may be observed that the property reported to have been stolen and robbed amounted to Rupees 64,930-8-8, or about three pice per head of the population, and part of this, amounting to Rupees 21,391-6-1, was restored to the owners.

The Criminal calendar does not appear to call for much special remark.

The practice of cattle poisoning by the village madigas* is a subject of complaint in some parts of the country, and some enquiries have been set on foot with a view to its suppression, as, for instance, whether the abolition of the custom of giving the hides of dead cattle to that class of persons may not lead to its cessation.

Increased vigilance has been used towards the detection of gang robberies, the number of which may be in some measure attributed to the release of time-expired convicts, and it may be anticipated that a good result will follow.

The increase of pay mentioned in the previous year's Report as having been granted to a portion of the Police has been useful in inducing serviceable men to enlist, and an increase of efficiency has been reported to have resulted from it.

The state of the Courts in the four Divisions of Mysore does not appear to require any further special notice. In regard, however, to the Police of the Bangalore cantonment, unquestionably the most important place in Mysore, it may be questioned whether the union of the offices of Superintendent of Police of the cantonment and of Commissariat Officer can very long continue to subsist with as much advantage as in former years. The population and traffic of this place have largely increased, and it appears to become more and more in consequence of being a point at which good high roads converge a centre of movements of troops in the southern part of India. In consequence of this, considerable delay has arisen from time to time in disposing of cases, in executing

* Madiga a worker in skins or leather.

decrees, and in replies to correspondence &c., between that officer and the Judicial Commissioner; and there appears reason to believe that the work, as it now stands, is too much for one officer. Although therefore it has long been my fixed opinion that the Police authority should be lodged in the hands of the Commissariat Officer wherever inseparable obstacles do not intervene, I have come to the opinion that this place has arrived at that point at which it becomes advisable that a separate magistrate should be appointed.

The readiest and most obvious means of remedying the deficiencies in the present arrangement, which the growing importance of this place brings gradually to light, would appear to be the appointment of an Officer of the Commission, who has been trained in the system which is in force throughout the whole of Mysore. The charge is one of sufficient labour to occupy the whole time of an efficient Officer. In support of this view it may be observed, that while the increase of wealth and population, and an improvement in the speed with which decisions are made, have been accompanied throughout the rest of Mysore by an increased amount of litigation, by, in short, an increased readiness on the part of the population to bring their disputes for the arbitration of the Courts of Justice, in this, which is not only the place of greatest traffic, but which has, with one or two exceptions, increased in population and wealth more than any other place, the number of suits filed has been during the past two years smaller than in any recent year.

In like manner, the Police and Criminal Cases were fewer in number than in any year except 1842, and though at first sight this would bear as favourable construction, yet judging by analogy with the rest of the country, where a more frequent resort to the tribunals has been concomitant on their increased efficiency, this result may more probably be attributed to an abstinence from attending the Court, rather than to a cessation of subjects of dispute among an increased population.

## REVENUE.

The season for the year 1857-58 has been the sixth bad season in succession with which Mysore has been afflicted. In the Astagram Divission, it is true that it was less unfavorable than it had been in the two preceding years, but in the other three Divisions it was worse if possible than the previous ones. The South West monsoon came down in scattered showers, and was altogether insufficient and partial. The North East Monsoon was more copious, but still not what it usually is, and altogether insufficient to make up for what had been wanting from the South West.

In consequence of this a large expanse of land cultivated with wet crops was left untilled in the Bangalore Division. In Chittledroog the harvest was only one third of what is considered an average crop. In Nuggur the Sooparee gardens, on which so much of the revenue depends, are regarded as having suffered lasting damage, except in those few favored spots where the irrigation is derived from lakes, fed by perennial springs. In Astagram alone, the prospects of the ryots were brighter than they had been for some time before, and the best use was made of the comparatively favorable season.

The general result throughout the Territory, however, has been better than could have been expected, though still not equal to the out-turn of even an average year. But it would have been better still had it not been for the murrain among domestic cattle which seems, bad season after bad season, to increase in severity. In the Astagram Division,

100,000 horned cattle and 50,000 sheep have perished, while in Bangalore the loss of domestic animals of all kinds is set down at 90,683, or nearly three times the number in the preceding year. In the other two Divisions the losses have been in the same proportion.

That in spite of scanty harvest and loss of cattle the revenue has continued to flourish and to be collected without difficulty can be imputed only to the extravagant prices realized for grain, and the facility afforded by good roads of access to markets.

During this period the health of the inhabitants of the country has been better than in average years. Fevers and ague have not been less prevalent than usual, but cholera and other epidemics have been much less prevalent.

When the country was first assumed by the British, there were many instances, in the Nuggur Division especially, where, partly for economy, partly for convenience, it was considered advisable to double up two or more Talooks into one. As years have gone by the policy of this measure has in some cases become doubtful. It was found necessary, in 1849 to reconstitute the old Talook of Wastara, which had been incorporated with Chickmoogloor, and in the year gone by the Talook of Anantapoor has been re-formed within nearly its ancient limits.

The customary General Abstract Statements of Demand, Collections, and Balance for the year under report, ending on the 30th April 1858, with detailed statements of the four Divisions corresponding therewith, will be found marked A, B, C, and D in the Appendix. Owing to the temporary confusion created by the change in the period at which the accounts are closed, the comparative statements which it has been usual to submit cannot be drawn up. This confusion ceases with the present year, not, as stated in the report for 1856-57, with the year gone by.

The Demand or Revenue Settlement for the year, on account of current revenue, exclusive of arrears, amounts to Rs. 84,99,226-4, as exhibited below :—

ORDINARY REVENUE.

| | | | |
|---|---|---|---|
| Land Revenue ... ... ... | 5,827,105 | 15 | 6 |
| Sayer ... ... ... ..... | 866,961 | 5 | 9 |
| Abkary ... ..... ... ... | 822,474 | 6 | 6 |
| Miscellaneous ... ... ..... | 617,098 | 10 | 0 |

EXTRA REVENUE.

| | | | |
|---|---|---|---|
| Sandal-wood ... ... ... ... | 166,033 | 2 | 7 |
| Miscellaneous sources ... ... | 191,760 | 6 | 6 |
| Tuccavy ... ... ... ..... | 7,792 | 5 | 2 |
| Total Rupees ... | 84,99,226 | 4 | 0 |

The following is the amount of the settlement of each item of Revenue :—

## LAND.

### Wet land.

| | | | | | | | |
|---|---|---|---|---|---|---|---|
| Money Assessment ... ... | 15,06,960 | 11 | 4 | | | | |
| Buttayee or division of crop between the Government and the ryots. ... ... | 4,72,078 | 10 | 6 | 19,79,039 | 5 | 10 |

### Dry land.

| | | | | | | | |
|---|---|---|---|---|---|---|---|
| Money Assessment ... ... | 22,78,614 | 8 | 6 | | | | |
| Buttayee ... ... ... ... | 1,87,737 | 4 | 8 | 24,66,351 | 13 | 2 |

### Bagayet or Cocoanut and Arecanut Gardens.

| | | | | | | | |
|---|---|---|---|---|---|---|---|
| Money Assessment ... ... | 5,71,189 | 15 | 4 | | | | |
| Buttayee ... ... ... ... | 66,990 | 12 | 11 | 6,38,180 | 12 | 3 |

### Miscellaneous Gardens consisting of Betel leaf, plaintains, potatoes, Poppy, Kitchen Gardens, &c.

| | | | | | | | |
|---|---|---|---|---|---|---|---|
| Money Assessment ... ... ... | 1,61,068 | 2 | 11 | | | | |
| Buttayee ... ... ... ... ... | 3,587 | 7 | 7 | 164,655 | 10 | 6 |

### Sugar Cane.

| | | | | | | | |
|---|---|---|---|---|---|---|---|
| Money Assessment ... ... | 1,15,608 | 14 | 5 | | | | |
| Buttayee ... ... .... ... | 41,548 | 4 | 9 | 1,57,157 | 3 | 2 |

### Mulberry Gardens.

|---|---|---|---|---|---|---|---|
| Money Assessment ... ... | 61,256 | 14 | 10 | | | | |
| Buttayee ... ... ... ... | 68 | 1 | 2 | 61,325 | 0 | 0 |
| Coffee Plantations—Money Collections ... ... ... | | | | 43,234 | 7 | 5 |
| Kayem Goottah or permanently assessed villages ... | | | | 62,594 | 3 | 0 |
| Jodee Enam or lightly assessed villages ... ... ... | | | | 1,32,502 | 1 | 9 |
| Jodee or lightly assessed lands ... ... ... ... | | | | 1,22,065 | 6 | 5 |
| Total of Land Revenue, Rupees | | | | 58,27,105 | 15 | 6 |

## Customs or Sayer.

The Revenue derived from Customs (or Sayer), during the year 1857-58 has been as follows :—

| | | | |
|---|---|---|---|
| Excise or Hawlut duty upon Sooparee at Rs. 1-4 annas on the 1st sort per maund; at 12 annas on the 2nd sort; and at 6 annas on the 3rd sort ... ... ... ... ... | 4,13,526 | 11 | 11 |
| Ditto on Pepper at 8 annas per maund ... ... ... | 6,681 | 7 | 1 |
| Ditto on Cardamums at 4 rupees per maund ... ... | 8,686 | 5 | 8 |
| Excise or Town duties on Tobacco ... ... ... | 1,28,579 | 14 | 1 |
| Ditto on other articles in the four Divisions ... ... | 3,09,486 | 15 | 0 |
| Total. | 8,66,961 | 5 | 9 |

## Abkary.

The Abkary Revenue continues to be collected partly under Cirkar management and partly under Ezarah or contract. Its amount during the year 1857-58, is as follows :—

| | | | |
|---|---|---|---|
| Bangalore Cantonment, and four miles around it, under Cirkar management. ... ... ... ... | 1,93,142 | 11 | 0 |
| Thirty-seven Talooks under Cirkar management. ... | 4,03,736 | 14 | 3 |
| Forty-four Talooks rented. ... ... ... | 2,25,594 | 13 | 3 |
| Total, Rupees | 8,22,474 | 6 | 6 |

## Stamps.

The Revenue derived from stamps, during the year 1857-58, is Rs. ... 8,035 5 6

## Earth salt.

The Revenue derived from salt pans in 1857-58 is Rs. ... ... ... 10,822 10 7
The Excise and Town duties on the same article has been Rs. ... ... 8,147 1 4

## Opium.

The produce of opium in 1857-58 is 2,238½ maunds, valued at Rs. 256,924-4-3, and the amount of duty levied upon it has been Rs. 7,389-0-2. Its market price has not fluctuated during the year but has been steadily as follows:—

| | | | | | |
|---|---|---|---|---|---|
| 1st | Sort, per | maund, | Rs. | 232 | 0 0 |
| 2nd | ditto | ditto | ... | 164 | 0 0 |
| 3rd | ditto | ditto | ... | 139 | 0 0 |
| 4th | ditto | ditto | ... | 87 | 0 0 |

## Miscellaneous.

The Miscellaneous, or Chillur bob, comprises the following items :—

| | | | |
|---|---|---|---|
| Mohturfa, or taxes on houses, bazars, looms, and oil mills ... | 289,157 | 8 | 3 |
| Amroyee, or taxes on productive trees ... ... ... | 71,440 | 7 | 9 |
| Sundry small farms, licenses, taxes on professions, &c. ... ... | 256,500 | 10 | 0 |
| Total, Rupees ... | 617,098 | 10 | 0 |

## Extra Revenue.

Several miscellaneous sources combine to form the head of Extra Revenue. Of these the principal is sandal-wood, for which Mysore has long been celebrated. The total amount collected under this head is Rupees 3,57,793-9-1.

## GENERAL REVENUE RESULT.

The total amount of Settlement or Demand on account of the Current Revenue, ordinary and extra, exclusive of arrears, for 1857-58 is, as already stated, Rs. 84,99,226-4-0. The fullest particulars are given in the appendices, marked 2, 3, 4, 5, 6, 7, 8, 9, and 10.

The collections including arrears of previous years, are Rs. 85,91,588-4-10, which, as compared with the last year, shows a decrease of Rs. 3,34,90-13-11, but this must not be supposed to show any falling off in the Revenue of the Territory, but is solely caused by the circumstance of large outstanding balances, due on the 30th April 1856, having been collected in last year, whereas none have been collected during the year under review.

So far in fact is the Revenue from falling off, that it exhibits on the contrary, in spite of so many adverse circumstances, continued proofs of elasticity, and has risen higher than on any previous year. A tabular statement of the Revenue for each year since the annexation of the Territory is inserted for convenience of reference.

| | | | | | | | |
|---|---|---|---|---|---|---|---|
| 1831-32 | Company's Rupees | ... | ... | ... | 43,56,337 | 4 | 0 |
| 1832-33 | ditto | ... | ... | ... | 55,53,337 | 8 | 9 |
| 1833-34 | ditto | ... | ... | ... | 58,25,753 | 8 | 0 |
| 1834-35 | ditto | ... | ... | ... | 67,70,277 | 3 | 6 |
| 1835-36 | ditto | ... | ... | ... | 76,87,751 | 9 | 8 |
| 1836-37 | ditto | ... | ... | ... | 71,13,703 | 13 | 7 |
| 1837-38 | ditto | ... | ... | ... | 69,30,581 | 8 | 6 |
| 1838-39 | ditto | ... | ... | ... | 71,91,818 | 7 | 0 |
| 1839-40 | ditto | ... | ... | ... | 77,50,439 | 6 | 11 |
| 1840-41 | ditto | ... | ... | ... | 76,48,125 | 7 | 5 |
| 1841-42 | ditto | ... | ... | ... | 75,66,381 | 6 | 5 |
| 1842-43 | ditto | ... | ... | ... | 75,64,855 | 1 | 5 |
| 1843-44 | ditto | ... | ... | ... | 72,59,119 | 7 | 1 |
| 1844-45 | ditto | ... | ... | ... | 72,89,665 | 10 | 0 |
| 1845-46 | ditto | ... | ... | ... | 71,00,370 | 3 | 7 |
| 1846-47 | ditto | ... | ... | ... | 76,04,072 | 14 | 4 |
| 1847-48 | ditto | ... | ... | ... | 79,26,751 | 6 | 11 |
| 1848-49 | ditto | ... | ... | ... | 80,08,339 | 6 | 8 |
| 1849-50 | ditto | ... | ... | ... | 80,03,953 | 11 | 0 |
| 1850-51 | ditto | ... | ... | ... | 78,37,219 | 14 | 0 |
| 1851-52 | ditto | ... | ... | ... | 80,18,977 | 7 | 3 |
| 1852-53 | ditto | ... | ... | ... | 78,07,926 | 11 | 9 |
| 1853-54 | ditto | ... | ... | ... | 82,07,926 | 11 | 9 |
| 1854-55 | ditto | ... | ... | ... | 78,62,386 | 14 | 7 |
| 1855-56 | ditto | ... | ... | ... | 83,88,954 | 1 | 0 |
| 1856-57 | ditto | ... | ... | ... | 82,88,523 | 6 | 0 |
| 1857-58 | ditto | ... | ... | ... | 85,77,938 | 1 | 11 |

[*The above is calculated up to 30th June in each year.*]

The amount of outstanding balances on the 30th April 1858, inclusive of the arrears of the previous years, was Rs. 8,13,610-1-9 of which Rs. 6,23,190, have been since collected.

It only remains to solicit the sanction of the Government for the remission of Rs. 6,891-8-2 of which the particulars are as follows:—

| | | | |
|---|---|---|---|
| Balances due by deceased Ryots ... ... ... | 619 | 3 | 8 |
| " " deserted Ryots ... ... ... | 731 | 7 | 2 |
| " " insolvent Ryots ... ... ... | 4,735 | 11 | 1 |
| Miscellaneous Items ... ... ... ... | 805 | 2 | 3 |
| Total, Rupees ... ... ... ... | 6,891 | 8 | 2 |

Of this amount more than Rupees 5,000, is due by toddy contractors in the Astagram, whom the Officiating Superintendent has pronounced to be hopelessly insolvent.

## EDUCATION. No. 1 to. 7

The Returns of the Department of Public Instruction are given in a seperate append x. They shew that 356 superior pupils were educated in the Government Superior Schools; 345 in private Superior Schools receiving aid from Government; and 410 in inferior private Schools; making a total of 1,649. Of these 1,175 were Hindoos; 72, Mahomedans; and 402 of other classes. The average attendance amounted to 1,294.911 pupils were instructed in English; 704 in Canarese; 102 in Tamil; and 26 in Hindustani.

The Department was formed towards the end of May 1857; since that time, whether in consequence of the state of public affairs, or from any other cause or causes, no desire has been expressed for the aid of Government in the Establishment of any School in any portion of the Mysore country, except on the part of two Schools in the station of Bangalore, one of them under the management of natives, and the other of Europeans.

It has not been thought advisable under these circumstances to set up Schools for the establishment of which no desire has been expressed.

In Coorg, however, where an English School was authorized to be established under Mr. Macgling, the case has been different. In that School as it existed before May 1857, the number of scholars seldom exceeded 25. It has now reached 91.

Many Coorg boys of the best families are now on the list of pupils, and Captain Martin, Superintendent of Coorg, report that he cannot trace the slightest prejudice either against the school or its masters, who have by a sensible and conciliatory conduct thoroughly gained the confidence of all castes and parties.

Now that Mr. Garrett has returned to India, and placed his services entirely at the disposal of the Educational Department in Mysore, there can be little doubt that what has been done there on a small scale will be done here on a large one.

## PUBLIC WORKS.

### Roads and Bridges.

In obedience to the interdict of the Government of India, in the Financial, Department, No. 2,603 of the 27th June 1857, directing the stoppage of all expenditure not really urgent, no new works were commenced in this year. The following, however, in which progress had been made were completed.

Two new travellers, Bungalows of the first class have been built; one at Cammulgode on the high road between Bangalore and Mysore, for Rs. 3,930;—and the other at Hoonsoor, the diverging point of the main road from Bangalore to Cannanore and Mangalore, for Rs.1,030.

A number of tunnels and drains and six bridges have also been constructed on various lines of road, at a total outlay of Rs. 16,469. The most important of these is a stone bridge of 3 arches across the Arkavutti, on the new road, which branches off at Colar to join the main northern line.

The work of bridging and draining the new road from Bangalore to the Buddapah frontier, viâ Ooscottah and Siglahyle, is progressing very satisfactorily. The foundations of six bridges and drains have been laid, and eight others are all but completed. Rs. 32,900 were sanctioned for these works, of which Rs. 17,332-0-0 have been expended.

The road from Areulgode to Kaullbyle, a southern feeder of the Munzerabad Ghaut has been finished, and the bridging and draining of the portion from Areulgode, viâ Coodlypett, towards the ghaut, is nearly completed: Rs. 25,014 were sanctioned for this work, and Rs. 20,203 have been expended.

Many of the small drains on the road from the Aunoor Valley to the Boond or Coffee Ghaut, have been completed, and the piers and abutments of the bridges have been built.

The two bridges in the Nuggur Division, over the large rivers Toonga and Budra have made most satisfactory progress. The bridge over the Toonga at Shemooga, which consists of sixteen arches, each of 50 feet span has had all its arches turned, and the road-way partially constructed. It is already greatly used by the inhabitants of the populous and rising town of Shemooga, which stands on the left bank, and had no communication with the right bank, except by basket boats, for several months in the year. It was important that these arches should be turned before the Monsoon, and it required great exertions on the part of the Acting Chief Engineer and Sub-Engineer Sylk to effect this in a part of the country where the working season is short, and where the labour procurable is scarce and bad. The other Bridge over the Budra consists of thirteen arches of the same span, and will be finished by the close of the ensuing season. It is impossible to overstate the importance of these works in a commercial and military point of view. On the former Rs. 83,900 have been spent from the commencement, and on the latter Rs. 35,988:—

In the Road Department the aggregate amount of expenditure on account of new works has been Rs. 1,16,782 and on account of repairs Rs. 92,268.

### Irrigation.

In the Irrigation Department a sum of Rs. 1,71,768 was spent on repairs, and only Rs. 14,12,8 on new works which could not be postponed. Among the latter is certain work done to the proposed Lake at Maury Conway, with the view of obtaining accurate data on which to draw up plans and estimates. The report of the probable execution of this work has excited a great deal of attention, and the spot has been honored by volunteer visits and reports from two of the Principal Engineers at Madras,

who seem to envy Mysore the possession of a site so obviously marked out by nature for the construction of a great work of Irrigation. The work will be on so great a scale, that too much care and labor cannot be bestowed on the preparation of the plans and estimates.

### Miscellaneous.

The only work that claims attention under this head is Colonel Wellesley's house in the Durya Dowlut Bagh at Seringapatam, which is being repaired in obedience to the Marquis of Dalhousie's minute of the 2nd November 1855. During the present year Rupees 10,000 have been expended, making a total outlay of Rupees 22,000 on this interesting work. The upper story is all but completed. The outside painting representing the defeat of Colonel Baillie, which was once before repaired by the Duke's own order, is now restored to all its pristine brilliancy and deformity; and considerable progress has been made on the ground floor.

The Acting chief Engineer reports favorably of the services of Captain Puckle, Lieutenant Johnson, Sub-Overseers Vardon and Sylk, and some other subordinates. And it is impossible to speak too highly of the unwearied industry of Captain Wilkieson himself in the judicious application of the means at his command, and the prevention of extravagance and waste.

## FINANCIAL.

An abstract Account Current of the Receipts and Disbursements of the Mysore Territory for 1857-58, ending on the 30th April, is submitted, together with a statement in detail, and two other statements, the one exhibiting the particulars of the balance, and the other the particulars of the increase or decrease. They are marked respectively A, B, C, and D, in the Appendix, under this head.

The net balance in the general and provincial treasuries, on the 30th April 1858, was Rupees 56,60,786-13-8 as shown in the statement marked C.

The chief item of decrease in expenditure is under the head of Public Works. In this department, in obedience to the orders of Government, the expenses were confined as much as was proper to works of absolute necessity, and an expenditure of Rupees 7,21,773-4-11 is shown against the Rupees 11,32,741-15-6 of the preceding year. The saving being Rupees 4,10,971-10-7.

On the other hand there is an increase of Rupees 2,16,875-12-3 under the following heads. This increase has been caused principally by the creation of the two new establishments of the Judicial Commissioner and the Educational Department, and by the order of Government (some time subsequently countermanded) to despatch two thousand Silladar Horse for service in Hindostan. This last involved an increase which is not to be regarded as permanent nor is the payment for the pensioned soldiers employed in the Bangalore cantonment, when the station was to a considerable extent denuded of European Troops.

Revenue Charges ... ... ... ... ... Rs. 75,189 14 9

Comprising the following particulars :—

| | | | |
|---|---|---|---|
| 229 Peons newly entertained, and the pay of Revenue and Cundachar Peons in Astagram increased, &c. &c. ... ... ... ... ... | 55,238 | 14 | 9 |
| Costs for preparing teak beams, and their transit charges ... ... ... ... | 5,606 | 0 | 0 |
| Increase of pay to Auchay runners, entertainment of Overseers, &c. ... ... ... ... | 7,422 | 0 | 0 |
| Additional expenses incurred for manufacturing arrack | 5,903 | 0 | 0 |
| On account of the re-constitution of a Talook of Anantapore noticed above ... ... ... | 1,020 | 0 | 0 |
| Total... | 75,189 | 14 | 9 |

Judicial Charges ... ... ... ... ... Rs. 31,221 5 10

Comprising the following particulars :—

| | | | |
|---|---|---|---|
| Temporary employment of pensioned soldiers in the cantonment of Bangalore for the protection of the inhabitants ... ... ... | 14,665 | 0 | 0 |
| Entertainment of Head Sheristadar and Goomashtas; also contingent expenses in the Judicial Commissioner's Cutcherry ... ... ... | 9,690 | 0 | 0 |
| Entertainment of additional Magistrate Goomashtas in the Talook of the Nuggur Division, and other miscellaneous items too numerous to mention ... | 6,866 | 5 | 11 |
| Total... | 31,221 | 5 | 11 |

Military Charges ... ... ... ... Rs. 86,057 15 11

Comprising the following particulars :—

| | | | |
|---|---|---|---|
| Enlistment of sowars and sepoys; also the appointment of an extra regimentdar ... ... Rs. | 27,195 | 0 | 0 |
| Purchase of arms and ammunition ... ... | 25,138 | 0 | 0 |
| Batta to sowars sent to Bellary on duty ... ... | 29,775 | 0 | 0 |
| Allowance to Lieutenant Stewart who commanded them ... ... ... ... | 1,290 | 0 | 0 |
| Purchase of tents, &c. ... ... ... | 2,659 | 15 | 11 |
| Total... | 86,057 | 15 | 11 |

| | | | | |
|---|---|---|---|---|
| Charitable allowances ... ... ... ... | | | Rs. | 2,276 13 8 |
| Comprising the following particulars:— | | | | |
| Increase in Lungur Khana or Poor House in the Bangalore Town; expenses consequent upon the enhanced price of grain ... ... ... | Rs. | 720 9 8 | | |
| Vurshasanums or life-pensions granted to forty-nine Brahmins in the Chittledroog Division, on the abolition of Kanay Bikshay "or a gratuity of grain out of the Buttayee produce, under certain tanks" ... ... ... | | 1,556 4 0 | | |
| Total ... | | 2,276 13 8 | | |
| Medical Department ... ... ... ... | | | Rs. | 7,568 8 4 |
| Comprising the following items:— | | | | |
| Hospital Dispensaries, &c., in the cantonment of Bangalore, which in the last year was included in the Judicial Department, but is now brought, more properly, under the present head ... ... | Rs. | 6,121 6 3 | | |
| Allowances for Vaccination and Miscellaneous charges | | 1,447 2 1 | | |
| Total ... | | 7,568 8 4 | | |
| Educational Institutions ... ... ... ... | | | Rs. | 14,560 7 9 |
| The Disbursement for 1856-57 was ... ... | Rs. | 20,780 3 3 | | |
| For the present year it is | | 35,340 11 0 | | |
| Increase ... ... ... ... | | 14,560 7 9 | | |

This increase comprises the salaries of the Director of Public Instruction and an Inspector.

The statement marked E in the Appendix, shows the whole of the receipts, disbursements, and the surplus of the year 1857-58, as called for by the Honorable the Court of Directors in their despatch, transmitted with Mr. Grey's letter, No. 867, of the 10th November 1849. The surplus has been added to the balance of the preceding year.

## His Highness the Rajah's Income.

The amount of the Rajah's fifth share for the twelve months of 1857-58 was Rupees 9,58,149-8-6, which, with His Highness' stipend of Rupees 3,50,000-0-0, makes a total income of Rupees 13,08,149-8-6.

SUBSIDY TO THE HON'BLE COMPANY.

The annual subsidy of twenty-four lakhs and a half (Rupees 24,50,000) was paid over to the Madras Government in the usual manner, as was likewise another half lakh (Rupees 50,000) the year's rent for the Island of Seringapatam.

## MILITARY.

The returns of the strength of the Mysore Infantry, or "Barr" and of the Silladar, Horse, will be found in the Appendix under this head, marked No. 1 and No. 2.

The total strength of the infantry on the 30th April last, was 2,056 rank and file, and of the latter 2,987 horsemen. These were maintained at a charge of Rupees 11,26,133-14-7, including all establishments.

One thousand of the Silladars were placed at the disposal of the Madras Government, and have been actively employed in the Ceded Districts and the Mahratta frontier. They have had the good fortune to receive the thanks of the Officers under whom they have been employed, and their powers of marching have been much spoken of. In the skirmishing before Shorapoor, Captain George Newbery of the 8th Madras Cavalry, an Officer of the highest spirit and intelligence was unfortunately killed at their head, and Lieutenant Stewart of the same Regiment received a very severe sabre wound, from which he has not yet recovered.

It is right to add that the local troops of Mysore have in no respect been behind the regular army of Madras in the exhibition of a steady unwavering loyalty during the recent critical period.

## POPULATION.

The population last year was estimated at 36,09,104. For the present year the number is 37,38,927, showing an increase of 1,29,823. These returns, it is to be feared, have small pretensions to minute accuracy, but the large increase in the present return, is in a considerable degree to be accounted for by the circumstance of the Island of Seringapatam, a Company's possession, having been omitted last year.

POPULATION.

| Divisions. | Hindoos. | | | Moossulmans. | | | Grand Total. | Area in square Miles. | |

| Shimooga Town ... ... | 14,186 | 2,615 |

FORESTS.

The new system of conservancy, which as yet can only be said to be in its infancy, has already been attended with favorable results.

In Astagram, by the working of only one small tract of forest, and the sale of little more than one-third of the timber, which had been prepared for the market, a revenue has been realized of Rs. 24,481-2-8, which is Rs. 16,339-8-0 in excess of the Rs. 8,141-10-8 of the preceding year.

Similarly favorable results have been produced in Nuggur, where, at public sale, the timber fetched 217 per cent. of profit to the Government.

Under this head may be noticed the new Government garden at Bangalore, which is now in process of formation. A thoroughly qualified Superintendent was selected by Sir William Hooker, from the subordinates at Kew, and arrived in April.

The result of his twelve months' labors will, it is to be hoped, form an interesting article in the next year's Report.

MEDICAL DEPARTMENT.

The removal of the lepers in Bangalore at the beginning of December 1857, from the building formerly occupied by them to a new one built for their use, and an increase in the number of vaccinators, are the only changes which have to be noted.

The following table shows the number of sick attended to in the Bangalore Hospitals :—

| | Remained 30th April 1857. | Admitted in 1857-58. | Total. |
|---|---|---|---|
| Fort Dispensary, Out-patients ... ... ... | 6 | 327 | 333 |
| Pettah Hospital and Dispensary } In-patients ... ... ... | 58 | 781 | 839 |
| Pettah Hospital and Dispensary } Out-patients ... ... ... | 50 | 11,924 | 11,974 |
| Lunatic Asylum ... ... ... ... ... | 53 | 71 | 124 |
| Leper Ditto ... ... ... ... ... | 38 | 7 | 45 |
| Police Establishment ... ... ... ... | 2 | 14 | 16 |
| Cantonement Jail ... ... ... ... ... | 5 | 216 | 265 |
| Cantonment Civil Hospital In-patients ... ... ... ... | 31 | 533 | 564 |
| Total treated ... | 243 | 13,917 | 14,160 |

The average numbers daily treated were 68½ in-patients, and 65 out-patients at the Pettah Hospital; 38 in-patients in the Cantonment Civil Hospital; 5½ in the Cantonment Jail; and 8½ at the Cantonment Dispensary, the last principally of Officers' families and members of the Public Works Department. The deaths in the Pettah Hospital were 47, or 5⅝ per cent.; 80 in the Cantonment Civil Hospital or 14⅚ per cent.; 1 in the Cantonment Jail or 0·76 per cent. At the Pettah Hospital 60 operations were performed on in-patients, and 94 on out-patients. At the Cantonment Civil Hospital 53; and in the Cantonment Jail 2.

The classes of patients treated in the Pettah and Cantonment Hospitals are shown in the following table:—

| | Pettah Hospital. | Cantonment Hospital. | Total. |

| Toty ... ... | „ | 7 | 7 |
| Remained last year of all castes | 58 | „ | 58 |
| Total ... | 781 | 564 | 1,345 |

Two deaths in the Pettah Hospital and nine in the Cantonment Civil Hospital were caused by cholera; and fifty-six other fatal cases from the same disease were reported as having taken place in the cantonment bazaars. In the Divisions the reported deaths

from cholera were 728 in the Bangalore Division, 669 in the Astagram Division, 0 in the Chittledroog Division, and 429 in the Nuggur Division. Thus the total ascertained deaths from cholera in the Mysore Territory were 1826.

Small pox has not been reported as prevailing to a serious extent in any part of the country.

The expenditure for the Pettah Hospital, European medicines not included, amounted to Rupees 4,902-7-5; for the Lunatic Asylum to Rupees 1,982-1-1; and for the Cantonment Bazaar Hospital, Dispensary, and Jail, to Rupees 5,726-8-3.

The amount of medical duties performed out of Bangalore in the several Divisions, is indicated in the following table:—

| | Remained 30th April 1857. | Admitted 1857-58. | Total. |

## VACCINATION.

Compared to the preceding year there has been a large increase of vaccination work performed in Mysore during 1857-58, as is shown in the following table. This is principally owing to the increased number of vaccinators employed since August 1857. Sanction having been given for the permanent employment of a vaccinator in each Talook, throughout the year in the open country Talooks, and of one during the fair weather months in those western Talooks, in which the south-western Monsoon rains are so heavy as to prevent successfull vaccination during the wet weather. There is also however, a slight increase in the average numbers operated on by each vaccinator.

# ANNUAL REPORT

# THE ADMINISTRATION OF MYSORE,

## FOR THE YEAR 1858-59.

# ANNUAL REPORT

ON

# THE ADMINISTRATION OF MYSORE,

FOR THE YEAR 1858-59.

## JUDICIAL.

The amount of work performed by the Judicial Courts during the past year has been most satisfactory, when compared with the work of previous years.

### ORIGINAL SUITS.

2. The number of original suits filed has diminished to a certain extent, as shown in the accompanying table:

| | |
|---|---|
| Suits filed in 1857-58 ... ... ... ... ... | 13,910 |
| Ditto 1858-59 ... ... ... ... ... | 12,418 |
| Decrease ... ... ... ... ... | 1,492 |

The number remaining at the end of the present and past years shows at the same time an improvement in the working of the Courts—

| | |
|---|---|
| Remaining at the end of 1857-58 ... ... ... ... | 1,663 |
| Ditto Ditto 1858-59 ... ... ... ... | 1,081 |

3. The accompanying tables will show at a glance the average percentage of suits remaining in the Courts of this Territory. The percentage decided in favor of Plaintiff, the classification of suits, and the form of litigation from which the greatest amount of work proceeds:

| | | | | |
|---|---|---|---|---|
| Percentage in favor of Plaintiff in 1857-58 ... ... | 85 | 0 | 0 |
| Ditto Ditto in 1858-59 ... ... ... | 84 | 1 | 0 |
| Percentage of suits remaining in all the Courts of the Territory 1857-58 ... ... | 13 | 7 | 0 |
| 1858-59 ... ... | 8 | 2 | 0 |

## CLASSIFICATION OF SUITS.

| | | | |
|---|---|---|---|
| For landed property ... ... ... ... ... | 1,482 | 0 | 0 |
| For personal property ... ... ... ... ... | 10,936 | 0 | 0 |
| Total ... ... ... | 12,418 | 0 | 0 |

4. The amount of litigation during the past year is Rupees 11,75,420, of which Rupees 7,55,771 was awarded to Plaintiffs.

5. In all the Divisions the state of the file shows that great exertions have been made towards the effectual performance of the civil duties of the Courts; the small average of suits remaining is evidence of this, and it is right to mention that in this respect the Bangalore Division stands first.

The average number of suits remaining in the Courts of the Division amounting to only 4.

## APPEAL SUITS.

6. In the present year, the number of appeals disposed of is greater than during the previous year. The state of the file at the end of the year is highly satisfactory; and out of 7,197 appealable suits filed in the Courts of the Mysore Territory, only 16·2 per cent., or 1,167 have been actually appealed.

| | |
|---|---|
| Number of appeals disposed of in 1857-58 ... ... | 1,182 |
| Ditto Ditto ... in 1858-59 ... ... | 1,208 |
| Number of appeal suits remaining in 1857-58 ... ... | 175 |
| Ditto Ditto ... ... in 1858-59 ... ... | 134 |

## FEES.

7. Under this head very nearly the full amount imposed has been collected, the balance, as shown below, being very little in excess of that of the previous year:

| | | | |
|---|---|---|---|
| Balance of Fees in 1857-58 ... ... | Rupees | 19,037 | 0 0 |
| Amount imposed in 1858-59 ... ... | „ | 32,729 | 0 0 |
| Total... | Rupees | 51,766 | 0 0 |
| Amount of Fees collected in 1858-59 ... | Rupees | 29,005 | 0 0 |
| Ditto Ditto remitted ... | „ | 1,779 | 0 0 |
| Balance uncollected for 1858-59 ... | Rupees | 20,982 | 0 0 |

## FINES.

8. Under this head Rupees 833 were recoverable, and Rupees 623 have been collected or remitted, leaving a balance of only Rupees 210.

## DEBTORS' PRISON.

9. Only three debtors remained in confinement in the Civil Jails at the end of the past year.

## DECREES.

10. The measures adopted to ensure the speedy execution of decrees have had the desired satisfactory result, the percentage of applications pending on all suits, both original and appeal, being only 7.

| | |
|---|---|
| Applications pending at the end of 1857-58 ... ... | 1,920 |
| Ditto of 1858-59 ... ... ... ... ... | 879 |
| Decrease ... ... ... | 1,041 |

## CRIMINAL JUSTICE.

A few concise tables are here submitted, which will at once show the state of the criminal file for the past year, and which will speak for themselves:

| 1858-59. | |
|---|---|
| Crimes against the person ... ... ... ... | 2,000 |
| Ditto property ... ... ... ... | 6,428 |
| Miscellaneous offences ... ... ... ... ... | 1,176 |
| Petty cases ... ... ... ... ... ... ... | 16,215 |
| | 25,819 |
| Criminal cases disposed of in 1857-58 ... ... ... | 25,193 |
| Ditto Ditto in 1858-59 ... ... ... | 25,819 |
| Increase ... ... | 626 |
| Remaining at the end of 1857-58 ... ... ... ... | 389 |
| Ditto Ditto in 1858-59 ... ... ... ... | 107 |
| Difference ... ... | 282 |
| Number of persons Convicted in 1857-58... ... ... | 15,873 |
| Ditto Ditto in 1858-59... ... ... | 15,586 |

11. From the foregoing statements a slight diminution in the number of persons convicted, and increase in the number of cases, will be apparent, not however to any very remarkable extent. But a fact which the figures do not show should be here mentioned. Petty assaults have diminished by a total of 575, whereas burglary, robbery, larceny, cattle-stealing, and killing, have increased by 330 cases over last year. This increase took place wholly in the eastern parts of Mysore, and must be attributed entirely to the high price of the commonest articles of food in that tract of country.

12. To the same cause must be attributed the high aggregate of gang robberies in this Territory; for though this crime has been checked in the Chittledroog Division, by the application, on the part of the Superintendent, of the principle of joint responsibility of the members of the robbers' tribes inhabiting that district, the advantage would appear to have been gained at the expense of the adjoining district of Bangalore where the number last year rose as high as 29.

| | |
|---|---|
| Number of Gang Robberies in 1857-58 ... ... ... ... | 55 |
| Ditto Ditto in 1858-59 ... ... ... ... | 54 |
| Number of persons wounded or tortured in 1857-58 ... ... | 100 |
| Ditto Ditto in 1858-59 ... ... | 104 |

| | | | |
|---|---|---|---|
| Value of property alleged to have been plundered by Gang Robbers in 1857-58, .... ... ... | 24,227 | 5 | 0 |
| Ditto Ditto in 1858-59, ... ... ... | 18,670 | 8 | 7 |
| The amount of *all* property robbed in 1858-59, ... | 47,723 | 0 | 0 |
| Total amount recovered in ditto ... ... ... | 21,067 | 0 | 0 |
| or 44 per cent. | | | |

13. The following statement will at once show the various punishments awarded in the cases of the 15,586 persons convicted during the past year:

| | |
|---|---|
| Fined on an average, Rupees 1-2-5 ... ... ... ... | 12,161 |
| Flogged and released ... ... ... .. ... ... | 58 |
| Banished the jurisdiction ... ... ... ... ... | 9 |
| Dismissed the Government service ... ... ... ... | 60 |
| Confined as Lunatics ... ... ... ... ... ... | 3 |
| Imprisoned for periods of less than one month ... ... | 2,029 |
| Do. From one month to 14 years ... ... ... ... | 1,246 |
| Suffered capital punishment ... ... ... ... ... | 17 |
| Transported for life ... ... ... ... ... ... | 3 |
| | 15,586 |

14. The subjoined brief statement will it is thought prove interesting, as it gives as nearly as possible the proportion which the amount of litigation and of crime during the last year bears to the population of this territory:

| | Proportion. | |
|---|---|---|
| Civil Suits, nearly ... ... ... ... ... | 3 | per thousand |
| Crimes about ... ... ... ... ... | 1 | Ditto. |
| Misdemeanors ... ... ... ... ... | 2 | Ditto. |
| Petty assaults and offences nearly ... ... ... | 2 | Ditto. |
| All crimes and misdemeanors about ... ... | 4 | Ditto. |
| Gang robberies ... ... ... ... ... | 1 | per 100 thousand |

By Gang Robbers about value of property plundered ...Rs. 4 per thousand people.
Value of all property stolen, about ... ... ... „ 12 per thousand people.
Or as nearly as possible 2 pice per head of the population.

## POLICE.

15. The Police has done its duty well and efficiently. Robberies have been brought to light, and conviction has been brought home to the criminals in fully the usual proportions through the exertions and activity of the police.

16. As in a letter under date the 31st of May to the Foreign Secretary to Government, the constitution and efficiency ,as also the peculiar system of the force in Mysore, were explained, it is unnecessary to re-capitulate the same here.

## JAILS.

17. At the end of the year, the Jails contained 1,645 Prisoners, of whom 198 were employed on labor in the Jails, and 1,234 in road gangs. The mortality of those employed in the Jails amounted to 17 per cent., whereas only 7 per cent. of those employed in road gangs died during the past year. The latter were able-bodied healthy men.

18. The aggregate cost of the Jails during the past year has amounted to Rupees 85,419-1-2, which shows an increase of Rupees 24,330-10-10 over the previous year, upwards of 20,000 Rupees of which sum is attributable chiefly to the great increase in the price of food, which has raised the cost of a convict by the sum of Rupees 13-2-11. The remainder of this increase has been caused by a revision in the Jail establishments of two Divisions.

19. The number of casualties by suicide, wild beasts, and accidental death for the past year amount to 1,317, as compared with 1,619 for the previous year.

| | |
|---|---|
| Suicide ... ... ... ... ... ... ... ... | 250 |
| Accidental deaths ... ... ... ... ... ... | 1,024 |
| Killed by wild beasts ... ... ... ... ... ... | 43 |
| Total ... | 1,317 |
| People wounded by wild beasts... ... ... ... ... | 23 |
| Wild beasts killed ... ... ... ... ... ... | 204 |

## CANTONMENT POLICE COURT.

20. As the best means of remedying certain deficiencies in the Judicial administration in the Bangalore Cantonment, a Principal Sudder Moonsiff's Court was established, which disposes of all Civil Suits formerly tried by the Superintendent of Police. The transfer of the Civil business has evidently enabled the Superintendent of Police to execute with more facility his remaining duties, and most satisfactory improvement has taken place in the performance of the numerous duties which the Superintendent of Police is called upon to perform.

21. In the new Cantonment Moonsiff's Court, out of 462 suits filed, 376 have been disposed of, leaving a balance of 86, or an average of one month's delay.

22. On the file of the Superintendent of Police 11 old suits still remain to be disposed of.

In the Cantonment Courts:

| | |
|---|---|
| Number of pending and filed in 1857-58 ... ... ... | 1,380 |
| Ditto Ditto ... in 1858-59 ... ... ... | 1,547 |
| Increase ... ... ... | 167 |
| Suits disposed of in 1857-58 ... ... ... ... ... | 1,294 |
| Ditto ditto in 1858-59 ... ... ... ... ... | 1,450 |

Out of the above only 33 appeals have been received from the Cantonment Courts.

23. The Cantonment Police and criminal file shows a total of 2,643 cases pending and filed for the past year, 2,608 have been disposed of, leaving a balance of only 35 cases.

24. In the abovementioned Police cases 4,341 prisoners were involved, none of whom were awarded a punishment exceeding three years, imprisonment. Fines to the extent of Rupees 3,513-11-2 were levied, and Rupees 2,956-15-6 were recovered. Only one death occurred in the Cantonment Jail during the year.

25. The following comparative statement will show succinctly the improvement which has been effected:

| | *Arrears.* | |
|---|---|---|
| In all Mysore. | 1858. | 1859. |
| Original Civil suits ... ... ... ... | 1,663 | 1,081 |
| Appeal ... ... ... ... ... ... | 175 | 134 |
| Execution of Decrees ... ... ... ... | 1,920 | 879 |
| Criminal cases ... ... ... ... ... | 392 | 107 |
| Bangalore Cantonment. | | |
| Original Civil suits ... ... ... ... | 86 | 97 |
| Criminal cases ... ... ... ... | 62 | 35 |
| Total ... | 4,298 | 2,333 |

## SUMMARY.

26. This result cannot but be considered satisfactory, both as regards the figures and the facility with which the work has been executed, few cases having occurred which called for remark. Too much commendation cannot be given to the Superintendents

of Divisions for the manner in which they have executed their multifarious duties, and much credit must also be given to several of the Moonsiffs and Amildars who have meritoriously exerted themselves in the performance of their duties.

27. The state of the file on the 30th of April must be considered very satistactory, but it has not as yet been found practicable to keep the arrears at a general level throughout the year. The seasons, tempestuous to a degree in many parts of the territory, and the important regularly recurring occupations of the people, must always place a considerable barrier in the way of so desirable a result.

---

# REVENUE.

## LAND TAX.

28. The season for the past year, although not favorable, has on the whole been better than the preceding. The south-west monsoon almost totally failed, and gave rise to the apprehension that another bad season was about to follow the five highly unfavorable years which immediately preceded the past; later in the year, however, copious rain fell; all those tanks which were strong enough to stand the rush of water were filled to overflowing. But in many places great destruction ensued, the particulars of which will be noted under the head of Public Works.

29. It has again to be reported that the revenue for the past year is the greatest realized since the assumption of the country, it exceeds in amount 87 lakhs of Rupees, showing an increase of upwards of two lakhs over the current revenue of the preceding year, which increase is pretty fairly distributed over all the four divisions, as shown in the margin, and is attributable in great measure to the quantity of new land brought under cultivation; the increase yielded by this source alone amounting Rupees 1,75,900-4-2.

| | | | |
|---|---|---|---|
| Bangalore | 62,840 | 11 | 11 |
| Chittledroog | 18,659 | 11 | 2 |
| Astragram | 30,663 | 15 | 7 |
| Nuggur | 88,918 | 13 | 10 |
| Total | 2,01,083 | 4 | 6 |
| General Treasury | 9,526 | 5 | 11 |
| Grand Total Rs. | 2,10,609 | 10 | 5 |

| *Land Tax.* | | | |
|---|---|---|---|
| Wet land | 19,96,258 | 15 | 4 |
| Dry land | 25,84,603 | 4 | 8 |
| Garden lands | 10,60,320 | 11 | 10 |
| Coffee lands and Enam and Cayemgoota Villages | 3,61,823 | 3 | 10 |
| Total | 60,03,006 | 3 | 8 |
| Syer | 8,56,482 | 8 | 1 |
| Abkaree | 8,46,407 | 1 | 2 |
| Sandal wood | 2,02,781 | 11 | 2 |
| Miscellaneous | 8,01,158 | 6 | 4 |
| Grand Total | 87,09,835 | 14 | 5 |

30. The short statement marginally given will show in small compass the amount of revenue under the usual heads, and the total from all sources for the past year.

## CUSTOMS.

31. The Customs (or Sayer) revenue realized during the year, has amounted to Rupees 8,56,482-8-1, nearly one half of which sum has been realized from the Halut on betel nut, and the remainder, with the exception of the tax on pepper and cardamums, from Town dues on tobacco and other articles.

| | | | |
|---|---|---|---|
| Duty on Betelnut | 4,18,245 | 7 | 2 |
| Duty on Pepper and Cardamums | 14,916 | 13 | 4 |
| Town dues on Tobacco | 1,17,661 | 0 | 1 |
| On other articles | 3,05,659 | 3 | 6 |
| Total | 8,56,482 | 8 | 1 |

## EXCISE.

32. The Abkary Revenue amounted to Rupees 8,46,407-1-2 under the usual heads. There is no remarkable increase, and this source does not seem to admit of it. To attempt by increased taxation to realize additional revenue from this source, does not appear either feasible or desirable in Mysore.

## STAMPS.

33. Stamps realized during the past year a sum of only Rupees 8,452-13-7.

## SALT.

34. No revenue is derived from sea salt; and the amount derived from earth salt, at the Pans, in the present year, amounts to Rupees 12,017-6-4 besides the Town duties, which amount to Rupees 6,943-8-2.

## OPIUM.

35. The quantity of opium produced in Mysore during the past year was valued at Rupees 1,97,285-3-9, and paid duty in the sum of Rupees 5,784-5-1. The market price of the drug has not varied from that of the previous year, the four qualities having realized the prices given in the margin.

| | | | | | | |
|---|---|---|---|---|---|---|
| 1st Sort | per maund | Rupees | - | 232 | 0 | 0 |
| 2nd | Ditto | ditto | - | 164 | 0 | 0 |
| 3rd | Ditto | ditto | - | 139 | 0 | 0 |
| 4th | Ditto | ditto | - | 87 | 0 | 0 |

## MISCELLANEOUS.

36. Under this head are comprised all such items as "Mohaturfa," "small farms," "Licences," "Amroyee," "Taxes on professions," "Looms," "Mills," &c., amounting in the aggregate to Rupees 8,01,158-6-4. All the items under this head are being classified, and the table when completed, will form an interesting record of the devices resorted to by Native rulers for the realization of increased revenue.

37. The amount derived from the sale of Sandal-wood is brought under the head of extra revenue in the accounts, and realized during the past year more than two lakhs of Rupees. It is a most legitimate, and would be a much more prolific, source of revenue, were it not for the wholesale depredations of the Malabar Moplahs. Every effort has been made both by the authorities of Mysore, and by the Conservator of Forests to check these depredations, but as yet with only incomplete success, as the dense jungle in which the sandal trees are found in the greatest abundance and perfection, can only be penetrated by footpaths, and the robbers are thus enabled to conceal themselves and escape on the very first alarm. The Collector of Malabar proposes to meet the difficulty by planting sandal trees in the Malabar Forests, but this plan cannot at best meet the difficulty for years to come, if at all.

38. The general result is, that the current revenue of the past year, exclusive of arrears, has amounted, as before stated, in the aggregate, to Rupees 87,09,835-14-5, being more than 43 lakhs in excess of the revenue of 1831-32, the year of the assumption of the country. It has steadily progressed, and there is every appearance of its continuing to do so. Reforms have been entered upon slowly and cautiously, a course obviously not only prudent but necessary, as experimental schemes would have

been hazardous when the large annual subsidy payable to the Government of Fort St. George had to be thought of, and provided for. It has also been necessary so to conduct the administration as to fulfil conscientiously the instructions laid down for guidance in a letter from the Home Authorities, under date the 25th September 1835, and which states as follows: "We throw out these thoughts for your consideration, "but we are at the same time desirous of adhering, as far as can be done, to the native "usages, and not to introduce a system which cannot be worked hereafter by native "agency, when the country shall be restored to the Rajah."

39. The annual subsidy of Rupees 24,50,000 has been paid in the usual manner, as also the additional Rupees 50,000 for the rent of the Island of Seringapatam, making together a quarter of a million sterling.

## EDUCATION.

40. Under this head there is not much to be said. The principal measure adopted last year has been the withdrawal of the grant of Rupees 800 monthly to the Wesleyan Missionaries, and its transfer to a Government Institution under Mr. Garrett. Though but recently established, this Institution numbers 170 scholars, and the education given is excellent. No great desire for a very high standard, or any increased willingness to contribute, has yet been shown, but the future may possibly develop a different disposition on the part of the inhabitants of Mysore.

41. The Government school at Mercara, under Mr. Moegling, is the only other establishment calling for particular remarks; it is excellently conducted, and the numbers of Coorgs who attend have increased.

42. With reference to education generally, and the introduction of Government schools, it has been thought advisable to use the utmost caution; for there is no denying that our efforts in this direction are looked upon by the great mass of the people with extreme distrust; our schools are considered by many as a means by which we propose to proselytize the people of India, and in spite of all that is said to the contrary the conviction still exists. The better educated natives of these parts point to the principles enunciated in many of our publications, and by a large portion of the press, as also to the strenuous Missionary efforts which are made, and supported by our countrymen, and which receive countenance and assistance from men of the highest influence in England, as direct evidence of the correctness of their impressions, and their fears; and though anxious to a degree to obtain a good education for their children, their suspicions having been aroused, they hold back to a considerable extent, nor can such suspicions be considered without a show of reason, when many of the opinions recently propounded publicly in England are brought to remembrance. It is also well known that, during the recent struggle, these impressions and suspicions were taken advantage of by the discontented to serve the purpose of the moment, and increase the public distrust. They pointed to our schools as *the* great source of danger to the religions of the country, and as the sure and safe plan which we had

adopted for the conversion of the children. Under such circumstances, more active measures have not been thought desirable; but when the minds of the people settle down once more, it will be well to stimulate those connected with the Department to increased exertion. The existing schools being in the interim well cared for and supervised, and increased according to circumstances.

# PUBLIC WORKS.

43. No new works of any magnitude whatever have been undertaken, those in progress only being pushed on towards completion, the exertions of the Department having been mainly directed during the past year to repairs which became necessary to an unprecedented extent, consequent on the extraordinary and unusual rains which fell during the latter portion of the season in the Chittledrooj and North Astagram Districts. The expenditure in the Department amounts to Rupees 8,71,561-13-4, which shows an excess over the disbursements of last year, of Rupees 1,68,378-10-8, attributable almost exclusively to the floods above referred to, which carried away or seriously injured about 300 tanks

| Expenditure. | | | |
|---|---|---|---|
| On new works - - - - - | 81,230 | 0 | 11 |
| On incomplete repairs - - - - | 93,198 | 9 | 3 |
| On other repairs - - - - - | 4,40,470 | 6 | 7 |
| On Establishments - - - - | 1,89,049 | 8 | 4 |
| Khilihats, Camaties, and Workshops - | 67,613 | 4 | 3 |
| Total, Rs. ... | 8,71,561 | 13 | 4 |

44. By strenuous exertions on the part of the Chief Engineer, the Executive Engineer, and the Superintendent of the Chittledroog Division, the repairs of nearly all these tanks have been already effected.

## ROADS AND BRIDGES.

45. The bridging of the Bangalore and Munzerabad Road has been completed. The road from Arculgode to the same point has been finished also, and constitutes a useful feeder to the important Ghaut at Munzerabad. The bridges and drains of the road from Amoor to the head of the Bhoond Ghaut will be completed during the ensuing season, and those on the new road from Bangalore to Cuddapah will be completed in a few months. The great bridge over the Toonga River of 50 arches, each of 50 feet span, is finished, all except the approaches, and the other great bridge of 13 arches, each of the same span, over the Budra, will be open for wheeled carriages this season; all the arches have been turned, and the spandrils built, and the remainder of the work will be carried out next season. The completion of these bridges will at once open a carriage road from Bangalore through Nuggur to the boundary of the southern Mahratta country.

46. Colonel Wellesley's house at Seringapatam will be finished in a few months. The cost of this work will not be much under 40,000 Rupees. There has not been any waste of public money, but when Lord Dalhousie ordered its restoration, no data existed on which to frame a correct estimate.

## RAILWAY.

47. The line for the branch Railway from Vaniembaddy to Bangalore has been decided upon, and its construction is to be commenced immediately. The opening of this

line is looked forward to both as a work of great public utility, and as a project which will tend greatly to develop and open up the resources of this territory.

### CANALS AND IRRIGATION.

48. No great works have been undertaken or call for notice under this head. The Cavery Nullah repairs are drawing towards completion, though unfortunately some of the work done during the last season was injured by the bursting of the dams.

---

## MISCELLANEOUS.

49. Under this head the only work calling for mention is the Toomkoor Jail, which is so far complete that it is expected to be ready for the reception of prisoners this month.

50. The energy, activity, and intelligence of the Acting Chief Engineer and the officers of his Department during the past year deserve the utmost commendation.

---

## POST OFFICE.

51. There is nothing particular to mention under this head. The new Mail Cart established between Bangalore and Bellary seems to work well, and with considerable regularity. The Mysore District Post, or as it is called in Mysore "the Rajah's auchay," continues to perform its work satisfactorily.

---

## ELECTRIC TELEGRAPH.

52. No alterations or additions have been made to the lines passing through the Mysore Territory during the past year. A more commodious and suitable building has been taken for the accommodation of the principle Office at Bangalore. Interruptions of importance have not occurred during the period under review.

---

## MARINE.

53. Mysore is without any sea board or navigable rivers.

---

## FINANCIAL.

54. An abstract statement of the revenue and expenditure for the past and immediately preceding year, is appended to this report. For easy reference, the amount of revenue, collections, and the cash balance at the end of the official year, are given marginally. The expenditure reached a sum of Rupees 86,61,261-10-5 leaving a surplus of Rupees 1,02,140-11-0, which has been added to the reserve of the preceding year.

| | | | | |
|---|---|---|---|---|
| Revenue for 1858-59, - - | Rs. | 87,09,835 | 14 | 5 |
| Collections including arrears for Do. | „ | 87,63,402 | 5 | 5 |
| Cash in the Treasuries on the 30th April 1859 - - - | „ | 58,18,113 | 2 | 4 |

55. The above figures show an increase of nearly six lakhs over the expenditure of the year before last, but this amount is more in appearance than in reality, as the two items of Batta to the Silladar Horse and supplies to His Highness the Rajah are recoverable, the one under treaty from the Madras Government, and the other from His Highness. The next large item under the head of Public Works was quite incidental, and arose in great measure from the necessity of at once repairing the damage done by the great floods previously referred to. The greater portion of the balance is also made up of sums which may also be called incidental; such as the increased cost of convicts; the establishment of the new Horticultural Garden: and the first cost of presses, types, &c., to meet the demands of the several departments for all the numerous forms which are now required.

| | | | |
|---|---|---|---|
| Batta to Silladars - - - | Rs. | 1,12,448 | 0 0 |
| Timber, Forage &c., supplied His Highness the Rajah - - - - | | 93,357 | 10 9 |
| Public Works - - - - - | | 2,28,880 | 9 0 |
| Miscellaneous - - - - - | | 1,83,659 | 3 1 |
| Total - | | 6,18,345 | 6 10 |

## HIS HIGHNESS THE RAJAH'S INCOME.

56. His Highness's stipend of Rupees 3,50,000 has been duly paid, as also his fifth share of the net revenue, which amounted for 1858-59 to Rupees 8,93,396-0-0, making a total of Rupees 12,43,396-0-0. On the 30th of April there remained in the Treasury to the credit of His Highness, Rupees 1,51,529-6-6.

---

# ECCLESIASTICAL.

57. There is nothing on this point to mention, as the Mysore State does not support any Ecclesiastical establishment.

---

# POLITICAL.

58. No Political matters of sufficient importance to call for special mention have arisen during the past year.

---

# MILITARY.

59. The total strength of the Infantry, or "Mysore Barr," on the 30th of April 1859, was 2,616, and of the Silladar Horse 2,762, which, with their establishments, have been maintained at a total cost of Rupees 12,57,395-9-10.

60. With the exception of the Detachment stationed at Kurnool, the three Regiments of Horse sent from Mysore into Her Majesty's Territories during the crises of 1857, to assist in maintaining order, have just returned to this territory. Their loyal and unexceptionable conduct throughout the troublous times which have just passed away merits the utmost praise and commendation.

61. In the Silladar Horse there are 1,355 Mohomedans, the remainder being made up of Hindoos, a few Sikhs, and other castes.

The "Barr," or Infantry, has a still greater proportion of Mahomedans, they number 1,695, or about two-thirds of the whole number.

## POPULATION.

62. The population in the Reports of the year just past is estimated at 38,22,223 showing an increase of 83,296 over the estimate of the previous year.

The Mahomedans number only two lakhs and a few hundreds, to upwards of 36 lakhs of Hindoos.

## EMIGRATION.

63. Nothing has occurred under this head to call for remark.

## AGRICULTURE.

64. The only matter likely to affect the agriculture of the country in other than the usual course is the establishment of an Indigo factory at Moodeecontay, in one of the Talooks of the Chittledroog Division, which has been visited, and is favorably mentioned by the Superintendent of that Division.

### FORESTS.

65. The timber requirements of the North-West line of Railway from Madras has led to the formation of a depôt at Shemoga, in the Nuggur division, from which that line can be most easily supplied, and large quantities of fine timber and fuel are now being despatched to meet the wants of the Company at Bellary.

66. The depôt at the town of Mysore is also in working order, and the sales have been profitable and extensive during the past year.

67. The great boundary dispute with Malabar having been at length definitely settled, operations can now be commenced in these great border forests also.

68. Coffee planting has become so extensive in Coorg that the conservator of Forests is about to direct his attention to determining those parts which may be given up, and those which must be preserved.

69. More than 20,000 Rupees have been realized last year from the sale of timber, and it is estimated that the quantity of timber now actually in store will realize a still greater amount.

## HORTICULTURAL GARDEN.

70. An experienced gardener from the Royal Garden at Kew has arrived, and been put in charge of this garden, the former "Lall Bauhg" of Bangalore; a house has been built for him. The large reservoir above the garden has been repaired, channels have been formed, the approaches and walks have been put in order, experimental plantations are being laid out, and exchange of seeds, grafts, &c., with kindred institutions, has been commenced.

---

## MINING.

71. The quantity of Iron produced last year in Mysore amounted to upwards of 1,14,000 maunds, of which more than 76,000 maunds, valued at nearly 1½ lakhs of Rupees, was exported to Her Majesty's territories. Steel to the value of nearly 30,000 Rupees was also exported.

72. The tax on furnaces amounted to Rupees 10,264-14-5, being an increase over last year of nearly 1,200 Rupees.

---

## SURVEY.

73. There is nothing to note under this head, as no survey establishment exists in Mysore.

---

## VACCINATION.

74. Nearly 95,000 individuals were vaccinated during the past year, being an increase of about 10,000 over the number operated upon last year, which shows a fair average increase of work on the part of the vaccinators.

---

## HOSPITALS AND DISPENSARIES.

75. These establishments have been most successfully conducted during the past year. In the Bangalore hospitals and dispensaries, 12,361 patients have been treated, and in the district hospitals, 5,547. The deaths among the in-patients in one hospital have not averaged six per cent., and the highest average in any establishment is under 14 per cent.

76. The cost of the Medical establishments, hospitals, and dispensaries, amounts to Rupees 53,885-5-10, which is in excess of the expenditure of the previous year by more than 2,000 Rupees, but the Medical Officer of the commission explains this increase most satisfactorily by a reference to the high price of grain and other necessaries throughout the period under review.

MYSORE COMMISSIONER'S OFFICE,
BANGALORE,
*The 23rd July*, 1859.

M. CUBBON,
*Commissioner.*

# REPORT

ON THE

# ADMINISTRATION OF MYSORE,

From 1858-59 to 1859-60.

# REPORT

ON THE

# ADMINISTRATION OF MYSORE,

From 1858-59 to 1859-60.

## JUDICIAL.

1. THE Judicial Department in every branch has, during the past year, performed its duty in a satisfactory manner.

## CIVIL JUSTICE.

### ORIGINAL SUITS.

2. The number of original suits instituted during the past year is 10,287, which, added to those remaining on the file at the beginning of the year, makes a total of 11,368, all of which have been disposed of, excepting 540, which remained in arrear on the 30th of April 1860.

3. The proportionate number of suits decided in favor of the plaintiff has scarcely altered, being 83·1 against 84·1 of the previous year.

4. Rather more than 5 per cent. of the suits filed were for landed property, and above 94 per cent. for personal property; the number of the latter, for sums under 20 Rupees, *viz.* 3,818, being summarily disposed of by the amildars, and the number disposed of by the higher courts being 470.

5. About one-sixth of the claims preferred were wholly rejected. In all other cases the amount claimed was awarded either in full or in part.

6. The value of the property litigated in the whole Territory, including the cantonment of Bangalore, amounts to 12,61,392 Rupees, or on an average 101 Rupees each suit.

7. About 40 per cent. of the above sum was disallowed; the proportion awarded in full to plaintiff being as 7 to 5.

8. Only 48 suits of more than one year standing remained on the 1st May 1860; the number of this class on the file at the end of the previous year was 87.

9. The appeal file shows little variation from that of the previous year. Only 25 cases in excess; and there are only 6 more cases in arrears, a number too small to call for special remark.

Appeal Suits.

10. Only 1,192 suits were appealed out of 7,689 open to appeal, scarcely more than 15 per cent. The percentage in favor of appellants was Rupees 47-1-0, nearly the same as in previous years.

Fees.

11. At the close of 1858-59 the arrears of fees, including the cantonment of Bangalore, was 24,291 Rupees at the end of 1859-60, the balance still uncollected was 21,380 Rupees. The amount imposed during the year was 32,444 Rupees, of which 33,220 Rupees were realized, and 2,135 Rupees remitted.

Fines.

12. Fines to the extent of 820 Rupees were imposed during last year, which added to the arrears remaining from the previous year, gave a balance of 1,074 Rupees, of which 451 Rupees have been collected, leaving a balance of 623 Rupees still pending.

Debtors' Prison.

13. Only four prisoners remained in the civil jails at the close of the year 1859-60.

Decrees.

14. At the end of 1858-59 879 applications for execution of decrees were pending, and 5,361 were received during the past year—making a total of 6,240. Of these 5,210 have been executed, leaving 1,030 still pending.

## CRIMINAL JUSTICE.

15. The number of cases on the file during the past year, including arrears, amounts to 15,170. Of these 15,076 were disposed of by the several criminal courts, leaving a balance, on the 30th of April 1860, of 94 only, or 48 less than at the end of April 1859, when 142 cases remained on the file.

16. In the cases disposed of, 29,888 individuals were brought to trial, and 62 per cent. or 18,573 were convicted, nearly the same as in previous year.

17. The crimes may be classified briefly in the following manner, which will show that the greater number were petty cases, disposed of magisterially by the amildars. It is the number of these that has swelled the file, in which they are all entered as tried and disposed of

| | |
|---|---|
| Crimes against the person ... ... | 490 |
| Ditto against property ... ... | 3,417 |
| Miscellaneous offences ... ... | 678 |
| Petty cases ... ... ... | 10,585 |
| Total ... | 15,170 |

18. The increase of 418 in the number of cases filed during the past, compared with the preceding year, is almost exclusively under the head of petty offences.

19. Under the head of crimes against the person, 50 cases were for murder with and without robbery, and 11 for manslaughter. The prisoners in all the manslaughter cases were convicted, and in 22 of those for murder.

20. There is little worthy of remark under the other heads. The number of gang robberies was 55, or one more than in the preceding year.

21. The manner in which the prisoners were disposed of is shown by the subjoined table:—

| | | |
|---|---|---|
| Fined on an average Rupees 1-2-6 | ... | 15,361 |
| Flogged and released ... | ... | 110 |
| Banished the jurisdiction ... | ... | 23 |
| Dismissed the service ... | ... | 62 |
| Imprisoned for less than one month | ... | 1,922 |
| Imprisoned from one month to 14 years | | 1,170 |
| Suffered capital punishment | ... | 15 |
| Transported for life ... | ... | 10 |
| Total | ... | 18,673 |

22. In those cases which were tried, the stolen property was valued at Rupees 63,813-7-3, of which amount Rupees 16,768-3-9 was recovered, and the sale of the property of the convicted realized a further sum of Rupees 1,121-1-6.

23. The proportion which crime and litigation bear to the population of this Territory has scarcely varied for some years; the value of all property stolen averaging about 3 pice per head of the people, and the litigants being in the proportion of 3 per 1,000.

Police.

24. No alterations calling for remark have been made in the constitution of the police force in this Territory during the past year, and there have been very few complaints against the members of it. Offences have been discovered, and the offenders apprehended and brought to justice in the usual proportion. With some little improvement, as regards organization and pay, it will remain as it ever has been—an efficient instrument of good government.

Jails.

25. The number of prisoners at the end of the past year in all the jails of this Territory amounted to 1,784. Of these 1,497 were under sentence, 1,264 were employed in road gangs, and 427 were employed in the jails. The mortality was 15 and 74 respectively, or barely 1 per cent. in the road gangs, and 17 in the jails; a difference accounted for by the fact that the most healthy and robust only were selected for out-door labor, and the sickly and infirm retained within.

26. The expenditure on account of the jails in 1859-60 was 84,582 Rupees, or Rupees 1,037-1-3 less than the preceding year. The average cost per mensem, of each convict, under every head, was Rupees 4-2-6, and the estimated value of his labor per month was 3 Rupees.

27. The number of persons killed by wild beasts, and the casualties by suicide and accidental death, for the past year, amounts to 1,582, or an increase of 265 on the year preceding.

| | | |
|---|---|---|
| Suicides ... | ... | 297 |
| Accidental death | ... | 1,234 |
| Killed by wild beasts | ... | 51 |
| Total | ... | 1,582 |
| Wounded by wild beasts | ... | 15 |
| Wild beasts killed | ... | 357 |

## CANTONMENT POLICE COURT.

28. The Courts in the cantonment have worked remarkably well during the past year. Of 1,636 suits decided, 674 were disposed of by the Superintendent of Police and Principal Sudder Moonsiff, and the remainder for sums under 20 Rupees by the cutwal and his officers.

29. The criminal business in the cantonment has gone on increasing, as was to be expected, from its depraved population—the past year exhibiting 2,907 cases, or an excess of 291 over the preceding year. The number of individuals tried is 4,752, and the number convicted 3,110. Only 6 cases were in arrears on the 30th of April 1860.

## REVENUE.

Land.

30. On the whole, the past season commenced more favorably than the four seasons immediately preceding; the copious showers of the south-west monsoon giving the promise of an abundant crop of dry grain. But, unfortunately, the hopes then formed were, to a great extent, disappointed by a considerable defalcation of the rains of the north-east monsoon, on which the wet cultivation chiefly depends, and which are required to bring the dry grain to maturity. The consequence has been a great increase of prices throughout the Territory, without, however, I am happy to say, causing serious distress; the wages of labor having risen in about the same proportion. The condition of the people in general is, indeed, exceedingly prosperous; the revenue has been easily collected, and in the Division (Bangalore) where I am now writing, unprecedently large as it is, without leaving 1 rupee in arrears, or distraining to the amount of a single anna.

31. The gross revenue for the year 1859-60 amounts to Rupees 1,01,25,260-5-9, from which, deducting Rupees 2,47,836-6-9, repaid by the Madras Government on account of batta to the Irregulars of Mysore, employed beyond the Frontier during the disturbances, there will remain under the head of revenue Rupees 98,77,423-15-0, being considerably the highest ever collected in Mysore, even during the regency of Poorniah.

32. The principal heads may be arranged as follows:—

| | | | |
|---|---|---|---|
| Wet land ... ... .. ... | 25,38,268 | 15 | 7 |
| Dry land ... ... ... ... | 27,04,329 | 9 | 1 |
| Gardens ... ... ... ... | 11,13,813 | 0 | 3 |
| Enam or permanently and lightly assessed villages | 3,31,071 | 12 | 8 |
| Halut or Excise on Coffee, Betel Nut, Pepper, and Cardamoms ... ... ... | 5,90,669 | 1 | 11 |
| Sayer or Excise and Town Duties on twenty other articles ... ... ... | 3,23,706 | 2 | 0 |
| Excise on Tobacco ... ... ... | 1,26,338 | 9 | 4 |
| Abkarry ... ... ... ... | 9,33,382 | 4 | 8 |
| Mohaturpha ... ... ... | 3,88,086 | 4 | 9 |
| Productive Groves ... ... ... | 95,630 | 13 | 10 |
| Sandalwood... ... ... ... | 2,77,292 | 6 | 6 |
| Forest Timber ... ... ... | 1,00,368 | 8 | 3 |
| Chillur Bob, including all farms, licenses, &c. ... | 1,72,094 | 1 | 1 |
| Miscellaneous ... ... ... | 4,30,208 | 11 | 10 |
| Total, Rupees ... | 1,01,25,260 | 5 | 9 |

33. The total increase is divided among the several divisions, thus:—

| | | | |
|---|---|---|---|
| Bangalore ... ... | 5,18,547 | 9 | 7 |
| Chittledroog ... ... | 2,15,600 | 7 | 0 |
| Astagram ... ... | 1,40,346 | 12 | 2 |
| Nuggur ... ... | 2,91,066 | 2 | 11 |
| Total ... | 11,65,560 | 15 | 8 |
| General Treasury, Madras refund | 2,49,863 | 7 | 8 |
| Grand Total, Rupees .. | 14,15,424 | 7 | 4 |

34. There has been an improvement under every head except the excise on pepper. But nine-sixteenths of the whole was derived from the cultivation of new lands on battayee tenure, or division of crop, an ancient system, to which the people of this Territory are greatly attached.

## CUSTOMS.

35. The custom duties (or sayer revenue) are now levied in the form of an excise on twenty-five articles in all—betel-nut, coffee, pepper, cardamoms, and tobacco, all pay at certain rates per maund of 28 lbs., and this form of the customs is designated halut. On all other articles it is an *ad valorem* duty, leviable once at the place of export or sale, and is now an extremely modified form of the old sayer system. Full and complete reports on the halut and sayer systems of Mysore have been drawn up, and will, before the end of July, be ready for despatch. They contain full particulars as to the working of the old and new systems, and show the process by which the complicated machinery of former years has been reduced to simplicity and order. The amount realized under the general head of sayer, in 1859-60, was Rupees 9,64,243-13-6.

## EXCISE.

36. The abkarry revenue has also increased. It amounted to Rupees 9,33,382-4-8 for the past year, being an increase on the preceding year of nearly 87,000. No extra tax has been imposed under this head, nor have any efforts been made to increase the sale of spirits.

## STAMPS.

37. The revenue derived from stamps was only Rupees 7,686-3-0.

## OPIUM.

38. The value of the opium crop in Mysore is trifling; it amounted in the past year to no more than Rupees 1,74,789-11-5, paying duty to the amount of Rupees 13,102-1-9. The market rates have not varied; they are the same as those which prevailed in the preceding year.

## MISCELLANEOUS.

39. Under this head the "mohaturpha" or tax on houses, "looms," mills, and shops is included, also many petty "farms and licenses," the tax on "productive groves," and a number of small items, which bring in only a trifling revenue; they may be considered as very nearly the last relic of the indiscriminate and capricious taxation of former times, and their abolition is now under consideration. The total amount realized under the above head, during the past year, was Rupees 6,46,455-0-2.

40. The sum derived from the sale of sandalwood, and from the teak, blackwood, &c., produced in the Government forests, together with all those items which usually come under this head, are comprised in the general term "extra revenue," making up an aggregate for the past year of Rupees 8,04,373-5-4. It is necessary to

mention that a refund of nearly Rupees 2½ lakhs from the Government of Fort Saint George, on account of batta paid to the Mysore Horse, employed beyond the Frontier during the two previous years, is included under this head.

41. I would fain hope that the general result will be considered satisfactory. The revenue has exceeded ninety-eight lakhs of Rupees, and the collections upwards of one crore. The subsidy of twenty-five lakhs (including 50,000 Rupees rent for the unprofitable Island of Seringapatam) has been regularly paid, and after the adjustment of all demands in full, including the Rajah's fixed stipend, and fifth share of the net revenue, a surplus of 16½ lakhs remain from the past year's revenue for the improvement of the country.

---

## EDUCATION.

42. No new schools have been opened in Mysore during the past year; but every endeavor has been made to improve those already existing. The high school at Bangalore has been affiliated to the Madras University, and a new school-room was opened in February last. The establishment is now furnished with apparatus for illustrating a complete course of experiments in natural philosophy, a branch of instruction highly attractive to the generality of native youths. The number of pupils on the books of the high school is 234, and the average daily attendance 216. The Bangalore schools, which receive grants-in-aid, are very efficient.

43. The Anglo-Canarese schools at Simogah and Toomkoor are tolerably well attended. The former shows a daily attendance of 102 pupils studying English, and of 46 the Vernacular, and the latter 135. The new school at Toomkoor was opened in October last.

44. In the Government schools, which prepare for the University, there are 582 pupils. In those of a lower class, and in private schools, there are 425—total 1,007. Of these 605 are Hindoos, 66 Mahomedans, and 336 of other castes—nearly 800 are learning English.

45. Measures have been taken to give effect to the instructions of Government, which require that all Europeans employed in this department should pass in the Vernacular within a given time.

46. Fifteen petitions have been received from the same number of towns praying for the establishment of Government schools, and it will shortly be ascertained what amount the petitioners are willing to contribute in aid of the expense.

47. It may not be out of place to mention, in closing these remarks, that while the higher and more ornamental parts of education are by no means neglected, the greatest care is taken to store the pupil's mind with the knowledge which will prove most advantageous to him in his passage through life; and, above all, which will tend to reconcile him to his condition, and teach him to act uprightly and speak the truth.

## PUBLIC WORKS—ROADS AND BRIDGES.

48. No new roads have been constructed during the past year, but those in existence have been kept in good repair. The new road from Bangalore to Cuddapah has progressed slowly, in consequence of the prevalence of cholera in that part of the Territory.

49. The Bhoond ghât has been much improved, and the great Munzerabad ghât has been put in a state of thorough repair, and is in first-rate order.

50. The Toonga bridge of fifty arches has been completed, and the Budra bridge on the same line of road is now finished, with exception of a portion of the parapets and road-way. The total cost of these great works has been respectively Rupees 1,01,538-0-2 and 71,865-9-2. These bridges have between them sixty-three arches of 50 feet span, and the admirable manner in which they have been supervised will be fully apparent, when it is mentioned that, during the execution of these works, notwithstanding occasional overwhelming floods, but one accident occured to life or limb.

## RAILWAYS.

51. The branch line from Vaniembady to Bangalore has been marked out, and the position of the station has been decided upon. The land required by the Company throughout this Territory has been made over to the appointed agents, and it is understood that the work will progress rapidly as soon as the land required for the line beyond the Mysore Frontier shall have been made over to the Company's Engineers—not only Europeans, but the natives of the country look forward to the completion of this work with a feeling bordering on excitement. It is a constant subject of conversation among the latter.

## CANALS AND IRRIGATION.

52. The Keerâmadavur dam, which was carried away during the freshes in the Hamavuttee River, in 1859, has been almost entirely restored. The work is reported to have been admirably done, at a less cost than that laid down in the estimate. The restoration of the Luchmunpoor dam across the Nagoo River has been commenced; and the great Chickadavaroy Saugur Irrigation Channel or Canal has been completely repaired, at a cost of 26,430 Rupees.

## MISCELLANEOUS.

53. Under this head it may be mentioned that several talook cutcherries, a sudder moonsiff's court, and some minor works have been commenced, and are progressing fairly, although, in consequence of the somewhat late receipt of sanction, the full amount of anticipated progress has not been made—a balance to the extent of 40,630 Rupees under the head of new works therefore remains in hand.

| | | | |
|---|---|---|---|
| New Works.. ... | .. | 75,989 | 1 10 |
| Repairs ... .. | .. | 4,47,778 | 15 7 |
| Work Establishment .. | .. | 1,00,775 | 12 0 |
| Total | .. | 6,24,543 | 13 5 |
| Permanent Establishment | .. | 1,58,216 | 2 11 |
| Grand Total | .. | 7,82,760 | 0 4 |
| Account of Budget for 1858-59 | .. | 8,33,390 | 0 0 |
| Balance, Rupees.. | | 40,360 | 0 0 |

54. A brief statement, showing the expenditure under each head and the balance in hand, is given in the margin.

## POST OFFICE AND ELECTRIC TELEGRAPH.

55. Under these heads there is nothing calling for special remark on the part of the Mysore Government. No new lines have been opened or offices constructed. Both departments appear to be in good working order.

## MARINE.

56. Mysore has no seaboard, and none of its rivers are navigable.

## FINANCIAL.

57. An abstract statement of the revenue and expenditure, similar to that submitted last year, is appended to this Report for facility of reference. A statement of the revenue collections and also of the net cash balance in hand in the several treasuries, on the 1st of May 1860, is given in the margin. The expenditure of the past year, and the actual surplus on the collections is also given. The expenditure is less than that of the preceding year by rather more than four lakhs of Rupees, the principal items of decrease being 1¾ lakh in public works, nearly one-half in advances and diminished supplies of forage, &c., to His Highness the Rajah, and about one lakh in the suspension of batta previously paid to the Mysore Horse employed beyond the Frontier. The financial statement for the past year, on the whole, will, I trust, be considered satisfactory. The surplus of the year under review has been added to the net balance to the credit of the Mysore Government, which amounts, as above shown, to upwards of seventy-one lakhs of Rupees.

| | | | |
|---|---|---|---|
| Revenue for 1859-60 ..... ..... | 1,01,25,260 | 5 | 9 |
| Collections to 30th April 1859-60 | 99,04,574 | 8 | 1 |
| Net balance on hand on the 30th April 1859-60 ..... ..... | 71,15,680 | 5 | 7 |
| Expended in 1859-60 ..... ..... | 82,56,841 | 7 | 2 |
| Surplus of 1859-60 ..... ..... | 16,47,733 | 0 | 11 |

## HIS HIGHNESS THE RAJAH'S INCOME.

58. His Highness's stipend of 3,50,000 Rupees has been duly paid, together with the fifth share of the net revenue, Rupees 11,65,417-15-3, making up an aggregate income of Rupees 15,15,417-15-3.

## SUBSIDY.

59. The subsidy of 24,50,000 Rupees has been paid to Her Majesty's Government, as also 50,000 Rupees for the rental of the Island of Seringapatam.

## ECCLESIASTICAL AND POLITICAL.

60. Nothing calling for comment has occurred under these heads.

## MILITARY.

61. The whole of the detachments of Mysore Horse employed beyond the Frontier having returned, a reduction to some slight extent has been made, by simply not enlisting as vacancies occurred—the numbers of the horse and foot on the 30th of April were as below given:—

| | |
|---|---|
| Mysore Horse ... ... ... ... | 2,397 |
| Mysore Infantry or Barr ... ... | 2,151 |

The proportion of the castes has scarcely varied since the last Report.

## MISCELLANEOUS.

### POPULATION.

62. The population, according to the usual Census Returns sent in annually, is computed at 3,821,864. There is a gradual and steady increase each year. The health of the country has been tolerably favorable, with the exception of the town of Shemogah, the head quarters of the Nuggur Division, where cholera showed itself for a short time in a most virulent form. I regret, however, to state, that since the close of the past year, both fever and cholera have prevailed to a most destructive extent, and that scarletina, a disease never before known in this Territory, has been introduced by the families of the Dragoon Guards lately arrived from England.

### EMIGRATION.

63. There is nothing worthy of note under this head, unless it be that every endeavor to raise recruits in Mysore for service in the Ceylon Rifles has proved unsuccessful.

### AGRICULTURE.

64. Waste lands to a great extent were taken up during the past year, in many parts of the country where nothing but a large expanse of low jungle and uncultivated lands was to be seen in former years, extensive patches of cultivation now exist,

chequered with well cultivated fields. The number of ploughs has greatly increased, there being upwards of 400,000 according to the last return.

FORESTS.

65. The conservation of the forests continues to be carefully carried out, and the system is getting into excellent working order. The revenue realized from this source, during the past year, was nearly one lakh of Rupees. The timber sold being principally teak, blackwood, and a valuable wood called honnay.

COFFEE.

66. Coffee is fast becoming a staple produce of this Territory, and it has been found necessary to issue rules some what more stringent than those of former years, to prevent smuggling, and to enable the Government to know more accurately the extent of land taken up by this cultivation throughout the Western Forests.

HORTICULTURAL GARDEN.

67. This garden is improving rapidly in appearance and utility, under the energetic and careful supervision of Mr. New. The general control and guidance in all important matters remaining with the accomplished Botanist, Dr. Cleghorn, M. D.

MINING.

68. The quantity of iron and steel produced in the year under Report was 100,311 maunds; of this 21,030 maunds of iron and 1,883 maunds of steel were exported to Her Majesty's Territories. The amount of tax paid by the smelting furnaces was Rupees 12,769-7-9.

SURVEY.

69. No revenue survey department has yet been introduced in Mysore, owing to the want of competent surveyors.

VACCINATION.

70. The number of individuals vaccinated in this Territory, during 1859-60, was 94,463, nearly 500 less than in the previous year.

HOSPITALS AND DISPENSARIES.

71. The number of patients treated last year in the civil hospitals and dispensaries in Bangalore reached 13,257, which is an increase of nearly 1,000 upon the preceding year. In the District hospitals the number treated was 6,760, being an

increase of about 1,200. The patients comprised every caste inhabiting or visiting this part of the country, and the efforts and success of this department is best proved, by stating that the highest percentage of deaths among the patients in any hospital was 10, and in the Bangalore Petah hospital no more than 5.

72. The cost of the medical establishments for the past year was Rupees 59,258-13-9, which is an increase of rather more than 5,000 Rupees upon the previous year; but the high prices which have prevailed throughout the whole period as regards all the necessaries of life has been the cause of this, and considering that 20,000 patients have been treated, and nearly 100,000 people vaccinated, the cost at which the establishments have been maintained cannot, I should hope, be considered exorbitant.

## CONCLUDING REMARKS.

73. The progressive annual increase of revenue since the assumption of the country is exhibited below:—

| | | | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|
| 1831-32 ... | Co.'s Rs. | 43,56,337 | 4 | 0 | 1846-47 .. | Co.'s Rs. | 76,04,072 | 14 | 4 |
| 1832-33 ... | „ | 55,56,337 | 8 | 9 | 1847-48 ... | „ | 79,26,751 | 6 | 11 |
| 1833-34 ... | „ | 58,25,756 | 8 | 0 | 1848-49 ... | „ | 80,08,339 | 6 | 8 |
| 1834-35 ... | „ | 67,70,277 | 3 | 6 | 1849-50 ... | „ | 80,03,953 | 11 | 0 |
| 1835-36 ... | „ | 76,87,751 | 9 | 8 | 1850-51 ... | „ | 78,37,219 | 14 | 0 |
| 1836-37 ... | „ | 71,13,703 | 13 | 7 | 1851-52 ... | „ | 80,18,977 | 7 | 3 |
| 1837-38 ... | „ | 69,30,581 | 8 | 6 | 1852-53 ... | „ | 78,07,926 | 11 | 9 |
| 1838-39 ... | „ | 71,91,818 | 7 | 0 | 1853-54 ... | „ | 82,07,926 | 11 | 9 |
| 1839-40 ... | „ | 77,50,439 | 6 | 11 | 1854-55 ... | „ | 78,62,386 | 14 | 7 |
| 1840-41 ... | „ | 76,48,125 | 7 | 5 | 1855-56 ... | „ | 83,88,954 | 1 | 0 |
| 1841-42 ... | „ | 75,66,381 | 6 | 5 | 1856-57 ... | „ | 82,88,523 | 6 | 0 |
| 1842-43 ... | „ | 75,64,855 | 1 | 5 | 1857-58 .. | „ | 85,77,938 | 1 | 11 |
| 1843-44 ... | „ | 72,59,119 | 7 | 1 | 1858-59 ... | „ | 87,09,835 | 14 | 5 |
| 1844-45 .. | „ | 72,89,669 | 10 | 0 | 1859-60 ... | „ | 1,01,25,260 | 5 | 9 |
| 1845-46 .. | „ | 71,00,370 | 3 | 7 | | | | | |

74. Several of the circumstances which have contributed to raise the collections for the past year cannot be expected to occur again; such as the repayment of a large sum by the Madras Government, and the unusually high prices realized on the Government share of the buttayee crops: and I regret to state that the current year's revenue will exhibit a considerable falling off, owing to the almost total loss of the May wet crops of rice, sugar, &c., from want of water.

75. I cannot conclude without reporting that the unwearied industry of the Officers of the Commission in the performance of their several duties has been most praiseworthy.

M. CUBBON,
*Commissioner.*

# REPORT

ON THE

# ADMINISTRATION OF MYSORE,

FOR 1860-61.

,

# REPORT

ON THE

# ADMINISTRATION OF MYSORE,

For 1860-61.

## JUDICIAL.

1. In the Judicial Department the work has been most satisfactorily performed during the past year; no very important changes of system or revisions of Procedure have been initiated in Mysore. This is doubtless in some measure to be accounted for by the fact that no less than three Officers have had charge of the Judicial Department during the year. Up to the end of 1860 Colonel McQueen held the appointment of Officiating Judicial Commissioner. In January I arrived to assume the office permanently, and on the departure of Sir Mark Cubbon, and the assumption by me of the officiating Commissionership, Major Dobbs was nominated to act as Judicial Commissioner, and he still retains charge of the Office.

## CIVIL JUSTICE.

### ORIGINAL SUITS.

2. During the past year 12,985 suits were filed, and 640 remained on the file at the commencement of the year. This gives a total of 13,625 to be disposed of.—12,977 were actually decided; as nearly as possible four-fifths being in favor of Plaintiff. Only 648 remained for disposal on the 1st of May 1861, being no more than 8 in excess of the number that stood on the file for adjustment at the end of 1859-60.

3. The number of suits filed was 1,059 in excess of the previous year.

4. The proportion of suits for landed and personal property scarcely varied from that of the year preceding, being above 5 per cent in the former case, and above 94 per cent in the latter.

5. Out of the aggregate number disposed of, namely 12,977, 11,752 were decided in the Amils Courts, 5,203 being cases of less than 20 Rupees, which were summarily disposed of. The number which were adjudicated in the Hoozoor Adawlut and the several Courts of the Superintendents and Moonsiffs being 1,225.

6. The claims totally rejected bear nearly the same proportion to the whole number as in the previous year, namely one-sixth. The numbers under the several heads being as follows:—

| | |
|---|---|
| Award in full to Plaintiff ... ... ... | 7,213 |
| Award in part to Plaintiff ... ... ... | 3,493 |
| Rejected claims ... ... ... ... | 2,271 |
| Total | 12,977 |

7. Including the Bangalore Cantonment Courts, an amount aggregating Rupees 18,34,372 was litigated for during the past year; the average of each Suit being Rupees 141, as compared with Rupees 101 in the previous year. The amount awarded to Plaintiffs was barely 50 per cent of the whole sum, being only Rupees 9,23,203 against 9,11,169, which was the amount disallowed; this is doubtless due to the fact that claims are almost invariably exaggerated, and that excessive interest is in most cases claimed, which has subsequently to be reduced or disallowed.

8. The number of Suits on the files of all the Courts of more than one year's standing on the 1st of May last was no more than 13, as compared with 48 on the 1st of May 1860.

APPEAL SUITS.

9. The number of appeals remaining at the beginning of the year was 140, which together with 1,276 filed makes a total of 1,416. A total of 1,350 were disposed of, which gives an excess over the number decided last year of no less than 164; leaving only 66 on the 1st of May as compared with a residue of 140 on the same date of the preceding year.

10. The percentage of appeals made in the case of suits open to appeal was only 16.4 per cent; the numbers being respectively 7,774 suits open to appeal, and 1,276 appeals filed.

11. Under this head it is necessary to mention that one slightly important change in this particular branch of Civil Justice has been effected during the past year. Previous to the month of October 1860, it was optional with suitors to prefer their appeals from the Moonsiff's Courts, either to the Hoozoor Adawlut, or the Superintendent of the Division; the result was that the Superintendents of Divisions had, in addition to their multifarious labours, to review four-fifths of the Appeal Suits from the Moonsiff's Courts, whereas the Adawlut Court, the work carried on in which has almost always been exclusively Civil Justice, had but a minimum share of work. It was, therefore, deemed not only advisable, but also extremely advantageous, to at once direct that all appeals from the Moonsiff's should be filed in the Hoozoor Adawlut Court, thereby relieving the Superintendents from so much extra work, and giving the Adawlut sufficient to keep them more fully employed.

12. This change seems to have worked admirably so far, the result being that the number of appeals from the decisions of the Hoozoor Adawlut Court are, on striking the average, found to be 23 per cent less than was previously the case in appeals received from the Superintendents' Courts;—this result is highly satisfactory, and shews plainly that the Adawlut Court has performed its work in a most creditable manner.

13. The percentage of appeals from the Adawlut decisions is only 20, whereas the percentage in the case of the Superintendents' Courts was 43.

FEES.

14. On the 1st of May 1860 the balance remaining to be collected on account of Fees was Rupees 21,379-11-11. The amount imposed during the year was Rupees 34,147-13-4, making a total of Rupees 55,527-9-3; out of this sum Rupees 35,823-2-10 was recovered, and 5,520-14-2½ was remitted; leaving a balance at the commencement of the present year of no more than Rupees 14,178-8-2½ or Rupees 7,201-3-8½ less than at the commencement of the preceding year.

FINES.

15. A balance of Rupees 623-13-4 remained under this head at the commencement of the year 1860-61, and Fines to the extent of Rupees 441-2-7 were imposed in the course of the year, making an aggregate of Rupees 1,064-15-11; of this nearly the whole amount, or Rupees 999-5-11 was collected, and a small balance of only Rupees 65-11 remained under the head of Arrears.

DEBTORS' PRISON.

16. At the close of the official year there were 13 individuals in the several Debtors' Prisons throughout the Mysore Territory.

DECREES.

17. Inclusive of 1,030 applications for the execution of Decrees remaining at the end of the preceding year, the total number of applications standing for disposal during 1860-61 was 7,423; of these 6,608 were cleared off, and the number pending execution was only 815.

## CRIMINAL JUSTICE.

18. The number of cases which appeared on the file, including 94 that were in arrears on the 1st of May 1860, was 15,089 under all heads, and 15,010 have been disposed of, leaving throughout the whole Territory a balance of only 79 at the end of 1860-61.

19. The number of individuals brought to trial was 30,757, of whom 19,862 were convicted, or as nearly as possible 64 per cent of the whole number.

20. It may be well to state, however, that nearly 16,000 convictions were under the head of "Petty Offences," which are disposed of magisterially and summarily by the Amildars, and out of the number brought to trial more than 21,000 apprehensions were under the same head.

21. The following classification will shew that were it not for the "petty offences" the criminal file would be a remarkable statement in a country the population of which is rapidly approaching a total of 4,000,000.

| | |
|---|---|
| Crimes against the person ... ... ... | 788 |
| Against property ... ... ... | 2,885 |
| Miscellaneous offences ... ... ... | 800 |
| Petty cases ... ... ... ... | 10,616 |
| Total | 15,089 |

22. There has been a decrease in the number of cases to the extent of 81, as compared with the year immediately preceding, and this notwithstanding a short harvest in some parts of the country.

23. The decrease in criminal cases has been principally in offences against property.

24. Under the head of "Crimes against the Person" 770 cases were disposed of last year, 36 of these were classed as "Murder," 3 "Murder with Robbery," 9 "Manslaughter," and 49 "Gang Robbery." In 10 of the Murder cases, 7 of the "Manslaughter," and 19 of the Gang Robbery, the Prisoners were convicted.

25. During 1860-61 only 33 Gang Robberies occurred. This is highly satisfactory, as the number rose to 55 in the preceding year, towards the end of which they for a short time became rather frequent. It is also gratifying to find that there has been a decrease of 55 in the number of persons wounded and tortured, the returns shewing only 63 this year against 118 in the course of that immediately preceding.

26. For the sake of easy reference, a Table similar to that of last year is subjoined—

| | |
|---|---|
| Fined on an average 1-3-6 ... ... ... | 16,574 |
| Flogged and released ... ... ... ... | 188 |
| Banished the jurisdiction ... ... ... ... | 14 |
| Dismissed the service ... ... ... ... | 52 |
| Imprisoned for less than one month ... ... ... | 1,876 |
| Imprisoned from one month to 4 years ... ... | 1,138 |
| Suffered capital punishment ... ... ... ... | 5 |
| Transported for life ... ... ... ... | 15 |
| Total ... | 19,862 |

27. The amount realized by the levy of fines was Rupees 20,195-13-5.

28. The property stolen was stated to amount to Rupees 57,172-1-11; Rupees 21,263-7-10 of this sum was recovered, and the sale of the property of the convicted parties realized an additional sum of Rupees 7,620-14-0.

29. The amount above shewn to have been realized, which aggregates nearly 29,000 Rupees, must be considered as indicating considerable success on the part of the Police; at a casual glance it might be thought, considering the value of the stolen property, that it is not a fair proportion, but it must be remembered that in almost all robbery cases, but more especially in Gang Robbery prosecutions, the individuals who have lost property not only exaggerate their losses immensely, but in most instances set a most inordinate price upon the stolen goods, and as the value of the property has to be entered on their asseverations, great discrepancies are of frequent occurrence.

30. For some years the proportions which crime and litigation have borne to the population of Mysore has varied scarcely at all; the average for some time has been as nearly as possible 3 pice per head in the former case, and about 3 per 1,000 in the latter, and this year forms no exception in this respect.

## POLICE.

31. The Police Force in Mysore has not been altered or re-organized in any way during the past year. It has done its work very fairly and has given satisfaction. It still continues, excepting in the Bangalore Cantonment and Mysore Town, essentially a Talook Police, constituted in the same manner as at the time of the assumption of the country. When the letter from Government, of May last, was received, the opinion of the Officiating Judicial Commissioner was requested as to the suitableness of Act V. of 1861, in the case of Mysore. A reply is expected almost immediately, and on receipt of it a separate Report regarding any changes that may be found necessary in the system or organization of the Mysore Police will be submitted to Government.

## JAILS.

32. The number of Prisoners in all the Mysore Jails at the end of the year aggregated 1,402. Of these 1,324 were under sentence. The average number remaining on the 1st of the month throughout the year was 1,647, and the average number employed in Road Gangs and in-door work was respectively 1,245 and 402. The mortality during the year in all the Jails was not more than 95 or 96 in excess of the number of the preceding year, notwithstanding the fact of an outburst of Cholera among the Prisoners of one of the Road Gangs, by which a considerable number were swept off. The average, however, is not very great, being no more than 5.8 per cent. Unless at long intervals, when a gang is attacked by some prevailing epidemic, it is found that the Road Gangs are extremely healthy, the average mortality being sometimes no more than 1 per cent amongst the Road Gang Convicts.

33. The expenditure has again diminished; last year it was only Rupees 81,578, or Rupees 2,804 less than in the preceding year. This has arisen from the diminished number of Prisoners, not from the cheapness of food. The average cost of a Prisoner during the past year has been Rupees 4-2-0½, and the estimated average value of each individual's labour, as nearly as can be ascertained, was Rupees 5-10-0.

34. These results must on the whole be considered satisfactory, as a greatly diminished number of Gang Robberies, a considerable diminution in the number of Prisoners, and a lighter criminal file, are the best grounds for supposing that crime in its more serious forms is on the decrease throughout the Territory.

### VIOLENT DEATHS.

35. The number of casualties by suicide, accident, and the number of deaths, amount to 1,331, or 251 less than the year before, but as nearly as possible the same number as in the year 1858-59. The number of people killed and wounded by wild beasts was last year greater by 21, and the number of animals such as Tigers, Leopards and Elephants killed was less by 215. It is difficult to assign any reason either for the increase or decrease, unless it is that the Badur classes of Mysore, who are as a rule the most inveterate shikarees, have taken more to agriculture than was previously the case.

36. A statement shewing the numbers under each head is given below—

| | |
|---|---|
| Suicide ... ... ... ... | 259 |
| Accidental deaths ... ... ... | 1,009 |
| Killed by wild beasts ... ... ... | 63 |
| Total | 1,331 |
| Wounded by wild beasts ... ... | 24 |
| Wild beasts killed ... ... ... | 142 |

## REVENUE.

### LAND.

37. The season was not a good one. It was not quite as bad as some that have preceded it since 1853, but the almost entire failure of the latter rains caused a very serious loss both in the quantity and quality of the crops. The early or South-west Monsoon set in at the proper time, and the rains were so steady and regular at the commencement, that great hopes were entertained of an abundant harvest; the disappointment throughout the Country was therefore very great when the latter rains failed, leaving the dry grain only half developed, the Tanks only partially filled, and the prospect of a late Rice crop gloomy in the extreme. In the Mulnaud or Mountainous Talooks to the Westward even the South-west Monsoon did not pour down with its usual

abundance, and the consequence has been a failure both in Garden produce and Rice. The Betel Gardens did not bear any thing like the usual quantity, and many of the wells and streams in those parts dried up so completely, as to inconvenience very seriously both the inhabitants and their cattle. In the Chittledroog Division the rains ceased abruptly at the end of August, and not a single shower fell in that District during the months of September or October, the most critical period of the season for the crops. In some exceptional parts of the Province the harvest was very fair in quantity, but the spots where the crop fulfilled the usual anticipations of the cultivators were few and far between, with the exception perhaps of those Talooks to the southward, where the wet lands are supplied copiously with water by the Channels drawn from the Cavery and other Rivers. Two reasons exist for the non-appearance of actual famine in some parts, the first being the habit which prevails in this country of storing the surplus Ragee* in underground pits, from which it is withdrawn in times of scarcity. This grain will keep sound and good for forty or fifty years. The second reason why this Territory did not feel the scarcity was the extraordinarily high prices which all kinds of produce realized; in fact every article of consumption rose during the last year in value, and the Ryots and Garden cultivators were thereby enabled to pay their khist and live, whilst the poorer classes and laborers received a higher rate of wages than has ever previously been known in Mysore. The consequence is that, notwithstanding a short crop and an unsatisfactory season, nearly the whole of the amount of last year's settlement has been collected without distraint, and the balance still outstanding will probably, with the exception of some very slight remissions, be fully realized.

* The grain consumed by Mysoreans generally.

38. High prices for all kinds of produce still rule in Mysore, and this circumstance, though it doubtless tends to improve materially the condition of the agricultural classes, presses very heavily on all people of fixed incomes.

39. In the 74th paragraph of the Report for 1859-60 a considerable falling off in the gross Revenue of the past year was anticipated, consequent upon the failure of the latter rains of that year, on which the early wet crops of the succeeding year depend; and I regret to have to state that these anticipations have been fulfilled, though not to the extent that was at that time expected. The wet crop above referred to, which is reaped in May, is the great Buttayee† crop of this country, and the entire failure of the rains on which it depends, has caused last year a falling off under this head of about 5½ lacs of Rupees. It was the copiousness of the latter Monsoon in the preceding season, that to a great extent caused that marvellous increase shown in the revenue of 1859-60, the other principal cause of increase to the extent of 2½ lacs in the revenue of the same year being the repayment of an advance of Batta made by the Mysore Government to the Silladars serving beyond the frontier. These two heads of decrease aggregate nearly 8 lacs, but the elasticity of the revenue under other heads has been such as to bring the gross revenue of the past year up to Rupees 95,84,599-1-2, and the gross collections, inclusive of arrears up to Rupees 97,27,974-7-1, which is, with the exception of that of last year, the highest revenue realized in Mysore since its assumption by the British Government; indeed the advance in the revenue under nearly every head is so continuous and uniform,

† In which the grain is divided between the cultivator and the Government.

that it only requires this season to be a really good one to raise the revenue beyond a crore of Rupees once again.

40. The heads of revenue for 1860-61 are given below—

| | Rs. | As. | P. |
|---|---|---|---|
| Wet land ... ... ... ... | 21,04,887 | 9 | 1 |
| Dry land ... ... ... ... | 27,02,052 | 13 | 10 |
| Gardens ... ... ... ... | 10,84,955 | 7 | 0 |
| Enam or permanently and slightly assessed Villages ... | 3,39,171 | 2 | 6 |
| Halut or excise on Coffee, Betel-nut, Pepper and Cardamums | 5,47,597 | 3 | 8 |
| Sayer or excise on 20 other articles ... ... | 4,38,035 | 4 | 3 |
| Excise on Tobacco ... ... ... ... | 1,51,605 | 10 | 1 |
| Abkarry ... ... ... ... | 10,91,560 | 9 | 8 |
| Mohaturfa including Plough Tax ... ... | 5,50,453 | 13 | 11 |
| Productive groves ... ... ... ... | 69,332 | 15 | 0 |
| Sandal Wood ... ... ... ... | 1,34,758 | 7 | 6 |
| Forest Timber ... ... ... ... | 61,091 | 9 | 7 |
| Chiller bob, including Farms, Licenses, &c ... ... | 1,01,168 | 5 | 5 |
| Miscellaneous ... ... ... ... | 2,07,928 | 1 | 8 |
| Total Rupees | 95,84,599 | 1 | 2 |

41. The decrease in the four Divisions under the head of Buttayee amounted in the aggregate to Rupees 5,67,937-12-8, and was distributed among them thus—

| | Rs. | As. | P. |
|---|---|---|---|
| Bangalore Division... ... ... ... ... | 4,18,387 | 12 | 2 |
| Chittledroog ditto ... ... ... ... ... | 1,31,017 | 8 | 6 |
| Astagram ditto ... ... ... ... ... | 12,892 | 12 | 2 |
| Nugger ditto ... ... ... ... ... | 5,639 | 11 | 10 |
| Total Rupees | 5,67,937 | 12 | 8 |

42. Under the head of Sandal Wood and Forest Timber there has also been a decrease, but the falling off under these heads arose from incidental circumstances, which will cause a large increase this year. In the case of Sandal Wood the Superintendent of Astagram having learnt that the Mysore Sandal Merchants had entered into a combination to keep down prices, begged that sanction might be granted to defer the sale at the great Kóty at Seringapatam, consequently about one lac of Rupees' worth of Sandal Wood will be sold in that Division shortly, when it is to be hoped some of the Bombay Merchants will be present to compete.

43. With regard to Forest Timber and the falling off in Revenue under this head, a somewhat similar explanation has to be given; sufficient quantities to warrant the Division authorities in anticipating a good attendance were not collected in time for

a second sale towards the end of the year, and the consequence is that none was sold; but an advertisement for a Timber Sale has since been issued, as in the Nuggur Division alone there are now nearly 1,000 logs ready at the Depôt on the banks of the Bhudra River for public sale.

44. Under all other heads, with the exception of "Miscellaneous," the Revenue has increased.

CUSTOMS.

45. Under the head of Sayer or Customs an aggregate sum of Rupees 10,58,188-0-2 has been brought to account last year. The modified system has therefore proved a great success. Under it the Customs duties, which formerly consisted of many hundreds of petty and vexatious taxes, have been reduced to 25 heads, and under these a larger Revenue by several lacs is now realized than was formerly obtainable from the 537 items which, under the Native administration, constituted the Sayer and Halut, or Customs duties of Mysore.

46. In the last annual Report a promise was given that a full and complete Report of the former and present systems of Customs taxation would be separately forwarded. I find that they were drawn up and printed by the late Commissioner's order in Pamphlet form, with a view of submitting them to Government at an early date. As this intention has not been carried out, I beg herewith to transmit a dozen* copies each of the Report of the Mysore Sayer and Halut Systems for the information of Government.

* Two copies of each enclosed,—10 by Banghy.

47. These Reports have been drawn up in as concise a form as was compatible with the object aimed at, namely, of affording Government an insight into the manner in which the old system has been gradually revised and improved.

EXCISE.

48. The Abkarry Revenue is steadily increasing. It amounted last year to Rupees 10,91,560-9-8, or more than one and a half lac in excess of the Revenue of the previous year. It has literally increased of itself up to this point, for no undue efforts of any kind have been made by the Government to stimulate an increase under this head. It is given on contract nearly throughout the whole Territory. In former years it was not always easy to find individuals willing to contract, but in this respect a great change has taken place of late years.

STAMPS.

49. The Revenue on Stamps has increased, the amount realized last year being Rupees 9,573-10-2, as compared with Rupees 7,686-3-0 in the previous year, or an increase of Rupees 1,887-7-2.

SALT.

50. The Revenue derived from the Salt pans in Mysore was Rupees 10,216-15-8. This pan Salt is the only kind produced in Mysore, which is chiefly dependent for this

necessary of life on the surrounding Districts under Her Majesty's Government. In former years the imported Salt came almost exclusively from the Western coast, but since the construction of the Railway from Madras to Vellore, large quantities are brought from the Carnatic.

OPIUM.

51. The Revenue realized from Opium has very slightly increased, the quantity produced has been very little more than 1,000 maunds, and is nearly all consumed in the country. The amount of duty realized at an *ad valorem* rate was Rupees 13,619-8-10, or an increase of rather more than five hundred Rupees.

## MISCELLANEOUS.

52. Under this head it is necessary to refer to the "Mohaturfa Tax," which subsequent to the despatch of last year's Report has been reviewed and revised throughout the whole of Mysore; after the revision of the Customs duties and the Halut, this and the Chillur-bob were the only taxes in Mysore (not coming under head of Land) which remained for consideration. The Head Chillur-bob, which consisted of a vast number of petty and most highly objectionable taxes, was swept completely away. The Revenue from some Farms and Licenses formerly brought to account under this head, and which it was found advisable to retain, being transferred to a separate heading denominated "Farms and Licenses." The Chillur-bob in former years consisted of many hundreds of trifling, partial, oppressive, and, in some instances, indecent taxes. Year by year some of the most oppressive and offensive were struck out, until somewhat less than one hundred remained; even these included some taxes upon classes of individuals, certain castes in certain Villages, and distinct local dues, which were sometimes so partial that occasionally only one individual in a village was found to be liable to the cess; indeed so complicated and interwoven was the whole system that sometimes it was scarcely intelligible to, or capable of explanation by, those who were supposed to be thoroughly initiated. These partly vexatious items were all swept away, causing a nominal loss of Rupees 66,757-8-6 to the Mysore Government, though no actual loss occurred; as by the transfer and revision of the "Farms and Licenses," and the modifications of the Mohaturfa, with which the Chillur-bob was thoroughly interwoven, an increased amount of Revenue has been obtained by a more comprehensible, equitable, and rational mode of taxation.

53. The Mohaturfa also formerly consisted of a vast number of items. The principal were the House, Shop, Loom, Mill, and Plough taxes, and these were taken as the new basis for the revised form of taxation. Separate dues upon vegetable stalls, upon separate fire places and doors, the discrepancies which obliged a man with a retail shop to pay 30 or 40 Rupees annually, whilst his neighbour in the possession of a large store paid only 4 annas, and the system under which Ryots of the same village paid sometimes one and a half Rupee, and some times half an anna, on their Ploughs, was finally and completely abolished; and all Houses, Shops, Looms, and Mills were

directed to be registered and assessed under four classes, the rates being distinct for large and small Towns, and large and small Villages. The rates ranging from 60 Rupees per annum on the largest mercantile store in Bangalore, or Mysore, to half a Rupee on a Village Hut or Loom. This has equalized this form of taxation throughout the country, and has rendered it intelligible, and also easy of revision by the European District Officer when on circuit, in all cases where the action of the Talook authorities may appear to have been either injudicious or oppressive. All cultivating Ryots are exempt from Mohaturfa unless they keep a Shop, Loom, or Mill besides, but they pay Plough Tax which ranges from 6 to 3 annas. At the time that the orders for the maintenance of the Plough Tax was given, the people were informed that the sum collected under this head would be considered a Local Fund, and would be devoted to the repairs of the cross-roads throughout the country, and it is therefore as much my wish as my duty to see that it should be so applied hereafter.

54. The total amount realized under the Head of "Mohaturfa" was Rupees 4,73,134-4-5 exclusive of the Plough Tax, which produced Rupees 77,319-9-6. Particulars of this Tax are here given,—

| | | | | | | |
|---|---|---|---|---|---|---|
| House Tax ... ... ... | Rupees | 2,79,528 | 8 | 10 |
| Bazars or Shops ... ... ... | „ | 89,362 | 4 | 9 |
| Looms ... ... ... | „ | 90,364 | 6 | 10 |
| Oil Mills ... ... ... | „ | 13,879 | 0 | 0 |
| | Total ... | 4,73,134 | 4 | 5 |
| | Plough Tax ... | 77,319 | 9 | 6 |
| | Grand Total ... | 5,50,453 | 13 | 11 |

55. The amount realized from the Forest Department and from the sale of Sandal Wood brings up the aggregate amount under the head of "Extra Revenue" to Rupees 7,20,955-2-4, which is less than the amount mentioned in the previous year's Report, solely in consequence of the Forest Timber and Sandal Wood sales having been deferred.

56. I trust that on the whole the Revenue statement may be considered satisfactory—the Revenue has nearly reached 96 lacs in spite of a somewhat adverse season; and the collections, arrears inclusive, have exceeded 97 lacs. The subsidy of 24½ lacs has been paid, as also Rupees 50,000 on account of Rent for the Island of Seringapatam, due to the British Government, and a surplus of nearly 10 lacs of Rupees remains after the adjustment of all demands, including His Highness the Maha Rajah's stipend in full.

## EDUCATION.

57. During the past year four new English Schools have been established in Mysore. In two cases School accommodation was offered gratuitously by

native gentlemen. Several Petitions have also been received praying for the establishment of additional schools, both English and Vernacular, and it intended to open eight more schools as soon as qualified Teachers can be obtained.

58. The number of scholars attending the High School at Bangalore has increased greatly; the last annual Examination was conducted by gentlemen unconnected with the Establishment, and they have declared themselves fully satisfied with the progress of the pupils.

59. The number of pupils in the various schools aggregate 1,661; of these 1,116 are Hindoos, 205 Mohammedans, and 340 of other classes. The average daily attendance has been 1,324. The cost of the Education Establishment to Government has been Rupees 41,950-4-8, and the cost of educating each pupil who attended the Government Schools was Rupees 32-2-10.

60. One small Grant-in-aid has been given to a well conducted Hindustani School in the Bangalore Cantonment.

## PUBLIC WORKS.

### ROADS AND BRIDGES.

61. No new roads have been constructed during the past year, but the Bhoond and Munzerabad Ghauts have been considerably improved;—and the 1st class road in course of construction to meet the line from Cuddapah, completed to this Frontier by Her Majesty's Government, progresses—though rather more slowly than could be wished; this is attributable, however, to the almost entire dispersion, on more than one occasion, of the coolies consequent upon an outbreak of cholera. It will be necessary hereafter to submit a supplemental Estimate for the completion of this line;—as the section nearest the Frontier has been found, on a subsequent inspection, to be so rugged and hilly as to call for a considerable additional outlay beyond what was at first thought requisite.

62. The first hammered stone Bridge of large span, which has been built in the Mysore Country, has just been successfully completed by Mr. R. C. Dobbs, Executive Engineer of the Bangalore Division. It is on the road from Bangalore to Mysore. As stone is plentiful in this Province, and is more durable and neater than brick, the Chief Engineer thinks the material may now be more extensively used.

### RAILWAYS.

63. The branch Railway from Vaniembaddy to Bangalore progresses very slowly. Within the limits of Mysore it is in tolerably forward state, but beyond this Frontier there is yet much to be done. Several 3rd class roads, as feeders from the large Towns to the proposed stations, have been constructed in this Province.

CANALS AND IRRIGATION.

64. The Dam across the Nagoo River and the excavation of a channel near Luchmanapore, is all that has been done on a large scale as regards Irrigation works during the past year; a vast number of Tanks both large and small have, however, been repaired, enlarged, and strengthened, and all such works not only secure a continuance of the existing Revenue, but generally induce the people to add to the extent of land under cultivation, which is dependant on them for a supply of water.

## MISCELLANEOUS.

65. The great Drainage scheme for the Cantonment Bazar may be mentioned under this head; good progress has been made at an outlay which during the past year reached Rupees 44,359-1-11. The main channel has been formed, retaining walls to the height of 7 feet have been built, 17 lacs of bricks are ready, and much other work has been done; but the enlarged dimensions, ordered to be adopted, will involve the submission of a supplemental Estimate, as Government, when sanctioning the work, correctly inferred would be found to be the case.

66. The Toomcoor Cutcherry and Shemoga Moonsiffs Court have both been completed.

67. The expenditure on new works has fallen short of the amount sanctioned by nearly 1½ lacs of Rupees. This may be attributable to some extent to the changes which have taken place among the chief Departmental Officers at Head Quarters; and the Chief Engineer assigns as a reason the scarcity of labor consequent upon the prevalence of epidemic disease; but I cannot consider that either of these reasons meet the objection in a very satisfactory manner. The works should have been put in hand at any rate, and labor is not more scarce than usual—only one portion of the Province has suffered beyond the average extent from epidemic disease; I look forward to a better result this year.

68. A statement showing the expenditure under each head and the balance in hand is given marginally.

## POST OFFICE.

ELECTRIC TELEGRAPH.

69. These Departments are both under Her Majesty's Government, the Mysore Government being only required to disburse from Her Majesty's Treasury, under the Commissioner of Mysore, the amount sanctioned on account of either Department.

## MARINE.

70. Mysore is without any seaboard or navigable Rivers.

## FINANCIAL.

71. The usual Abstract Statement of Revenue and expenditure, as also a Financial Statement in the usual Form, is appended.

| | | | | |
|---|---|---|---|---|
| Revenue for 1860-61 ... | Rs. | 95,84,599 | 1 | 2 |
| Collection of 1860-61 to 30th April, including arrears ... | „ | 97,27,974 | 7 | 1 |
| Net Balance in hand on the 30th April, 1861 ... | „ | 84,32,941 | 11 | 4 |
| Expenditure of 1860-61 ... | „ | 86,76,058 | 1 | 8 |
| Surplus of 1860-61 ... | „ | 9,65,146 | 10 | 5 |

72. The revision of many of the Head Quarter establishments by the late Commissioner, the appointment of several additional European Assistants, the purchase of a number of good stallions for the use of the mares of the Silladar Regiments, and also the purchase of a stock of cloth for the Mysore Troops, together with the increased payment of about 2¾ lacs to His Highness the Maha Rajah (above the usual average amount of his fifth share), to which the increase of Revenue gave rise, have together caused an apparent increase of expenditure of about 5 lacs, which in some respects is more nominal than real, as a portion of it also arises from the expenditure on account of the Timber Yards, the Sandal Godowns and Amanee Abkarree Establishments, being now debited to Government, instead of being deducted from the assets of each Department as was formerly the case; but notwithstanding this increase, as shewn above, there is a surplus of nearly 10 lacs from the year's revenue, and the net balance on the 30th of April amounted consequently to a sum of more than Rupees 84 lacs, showing that Mysore has at present as nearly as possible one year's revenue in hand.

## HIS HIGHNESS THE MAHA RAJAH'S INCOME.

73. His Highness' fixed stipend of Rupees 3,50,000 has been paid as usual, which, together with his fifth share, amounting to Rupees 10,91,067-2-4, makes His Highness' Income for the year Rupees 14,41,067-2-4.

## SUBSIDY.

74. The subsidy of 24½ lacs has been paid by the usual regular monthly Instalments to Her Majesty's Government, as also the rental for the Island of Seringapatam Rupees 50,000, making the usual total of 25 lacs.

## POLITICAL.

75. There is nothing to mention under this head.

## MILITARY.

76. The Mysore Horse and Foot, consisting of 7 Regiments of the former arm, and 4 of the latter, remain at nearly the same strength as heretofore.

Horse 2,289.
Foot 2,132.

77. They continue as formerly to perform Police and Escort duties in the Districts, and beyond the fact of their being in a perfectly efficient condition in all respects, there is nothing worthy of special note to mention regarding them.

## MISCELLANEOUS POPULATION.

78. The Population of the Territory has increased during the year under review by about 40,000, the present number of all castes and classes being as nearly as can be ascertained 3,864,676.

The health of the people generally has been good, but I have with extreme regret to state that the Western portion of the Astagram Division has been an exception to the rule. It was visited by one of the most serious outbreaks of Cholera that has ever passed over any portion of Mysore, and in a short space of time, and within a very limited extent of country, nearly 5,000 people were carried off by this fearful scourge.

## EMIGRATION.

79. There has been no perceptible Emigration from Mysore during the past year.

## AGRICULTURE.

80. Grain has ranged very high in price for some years past, and continues still the same, which may account for the fact that in spite of a succession of indifferent seasons large tracts of waste land have been taken up, and the number of Ploughs increases year by year.

## FOREST.

81. The Revenue for Forest Timber has fallen off during the year, but solely owing to the usual number of sales not having been held. It will probably be greater this year than it has ever yet been, as on a rough calculation there are now, or will shortly be, collected at the different Depôts nearly 10,000 logs of Teak, Black-wood, and some valuable descriptions of Jungle Timber.

82. Coffee Gardens are increasing rapidly in number, and the Revenue under this head will be very considerable in a few years more.

## HORTICULTURAL GARDEN.

83. This Garder under the able management of Mr. New is not only improving rapidly, but is fast becoming a place of great utility, as the market gardeners frequent it in numbers now for the purchase of seeds and plants. It is also becoming a very favorite place of resort to the community generally, and to all strangers visiting the place, and it will soon form a very important link between the gardens of Madras and Ootacamund.

## MINING.

84. Iron to the extent of about one hundered thousand maunds was manufactured during the past year in Mysore, about 25,000 maunds was exported to Her Majesty's Territories. The estimated value of the Iron produced was about 2½ lacs of Rupees, and the amount of the Furnace Tax was Rupees 13,112-9-0.

## SURVEY.

85. No Survey Establishment exists in Mysore.

## VACCINATION.

86. There were nearly 96,000 individuals vaccinated during the past year, or about 1,500 more than the previous year; upwards of 91,000 cases are reported to have been successful.

87. The average number of Vaccinators throughout the whole Province was 75.

## HOSPITALS AND DISPENSARIES.

88. At the Hospitals and Dispensaries of the Mysore Government, situated in the Bangalore Cantonment, the number of patients treated last year rose to 15,032, or nearly 2,000 more than during 1859-60, and in the District Hospitals the number reached 7,074. Among the in-patients of the Bangalore Pettah Hospital, the deaths were scarcely more than 5 per cent, but in the Cantonment the average rose to 17 per cent. The reason of which was a sudden outburst of cholera, which visited that portion of Bangalore rather severely in July and August 1860, and which brought a large

temporary influx of patients to the Cantonment Hospital, many of whom at the time of arrival were too far gone for Medical assistance to be of any avail. The patients as usual comprised every caste and class. The number above-mentioned will of themselves suffice to shew the increased confidence of the people in the Hospital treatment, and the success which has attended the efforts of the several Medical subordinates, and the arrangements of Dr. Kirkpatrick, who has now been for several years the Medical Officer of the Mysore Commission.

89. At the above-named Officer's recommendation, some old Ramparts which surrounded the Pettah Hospital have been thrown down, and other improvements made which have effected the desirable object of improving the ventilation of the different wards.

90. The cost of the Establishment is only 200 Rupees less than in the preceding year, the amount under all heads aggregated Rupees 59,033-3-0. For this sum upwards of 22,000 people were medically attended to, and nearly 96,000 vaccinated.

## CONCLUDING REMARKS.

91. In spite of the indifferent season of last year, and notwithstanding the absence of those fortuitous circumstances which raised the Revenue of 1859-60 above a crore, the Income of the Mysore State for 1860-61 has been the highest, with the above exception, yet realized. The settlement and receipts of last year prove indeed most fully the progressive prosperity of the country, and shew that its advance in Revenue and material prosperity is not dependent upon incidental circumstances. Previous to 1859-60 the highest Revenue realized since the assumption was 87 lacs; in the above year it rose to 101, or exclusive of the refund from the Madras Government to 98½ lacs; and in 1860-61, in spite of short monsoons, without the least pressure, the Revenue has fallen back only 2½ lacs, being for the past year nearly 96, and it is with the utmost confidence I state my belief, from all I have seen, that should the season prove favorable, it will again reach the crore this year.

92. I cannot conclude this Report without making some mention of a circumstance which was deeply felt by all classes in Mysore, namely, the departure of Sir Mark Cubbon, who for 26 years had been Commissioner of the Province, and who was looked up to with the greatest respect and esteem by the whole population; the Natives themselves frankly admit that they scarcely comprehend the quiet manner in which so much material prosperity had been attained within the last quarter of a century. There was real sorrow throughout the country when the news of Sir Mark Cubbon's death reached Mysore.

(Signed) CHAS. R. SAUNDERS,
*Offg. Commissioner.*

## MEMORANDUM ON SAYER OF THE MYSORE TERRITORY.

THE system of the Hálut, or Excise on Coffee, Betel-nut, Pepper and Cardamums, which formerly formed a portion of the Sáyer collections, having been fully explained; that of the levying Sáyer proper on other all articles, which held good at the time of the assumption of the country, and the modifications which have been thought advisable, as as well as the present form and extent of this tax, will be here explained.

At the time of the assumption of the country in 1831, Sáyer was collected under three heads.

*In Canarese called respectfully,*
1. Bhárámárg.
2. Stull Bhurty.
3. Kurgpudy.

1—A Transit duty. 2—A duty either on the production or manufacture of certain articles. 3—A duty on the sale of almost all articles whether by wholesale or retail. Under these three heads no less than 537 different taxes were then levied, to describe which would be a very serious undertaking. One officer, who endeavoured to master the intricacies of the then system, said that he thought it would be difficult for human ingenuity to frame a system of duties more unequal, more uncertain, or more complicated, and therefore more injurious to commerce and enterprise.

A short statement descriptive of the system of realizing the taxes under each head, at the time of the assumption, will suffice to shew the oppression and mischievous impediments which must have been the result of the then complex system.

*1st.*—Bhárámárg or Transit duty.

In 1831-32 the whole country was dotted with Sáyer Cuttahs to the number of 689; they were to be found not only all round the frontier, but at distances which never exceeded 15 miles, on every bandy road throughout the country. Some time prior to 1810 the Dewan Poorniah, then Regent, issued a set of tables for the guidance of these Cuttahs, but they had fallen into utter disuse in 1831, and setting aside altogether any idea of an original principle, a unform rate, even on any one item, was a thing not to be found. Every Chowkey on the road had its own rate; in some places the charge was made on the quantity according to one standard, in others according to a standard far different. Some Cuttahs made the merchant pay a certain high rate per cooly load, whether carried by a cooly or not, and others by the bullock or the bandy load, in precisely the same manner, that is to say without any reference whatever to the usual mode of conveying the article. There was in fact every deviation in the system of levying the transit duties, which might be anticipated from 689 Sáyer Goomashtahs being permitted to act independently without system, and without being responsible for their acts to any person whom they could not easily propitiate.

*2nd.*—Stull Bhurty, or a duty on the production or manufacture of certain articles.

Under this head nearly every thing produced or manufactured throughout the country was taxed, and this without system. Districts, Talooks, Towns, Villages, all had different weights, rates, and methods of proceeding; articles of necessity

and luxury, of export and import, remunerative, and which gave a return of only a few annas per annum, were all taxed. Some paid a commutation tax, and occasionally particular individuals were exempted from payment. In some places a temple, shrine, or devotee, was entitled in the first instance to a certain quantity of the article; perquisites and privileges were innumerable. One man had a right to take a handful of grain at a certain place, and another man had the privilege of exacting a toll in a different manner further on; in some places capable of producing certain articles to an unlimited extent, the local rates became so exorbitant as literally to prevent their production. An instance of the manner in which the Tobacco tax was levied in one Talook will suffice to show what opportunities then existed for oppression and extortion, as well as the impediments which existed to the facilities or freedom of trade.

Every Ryot in Cuddoor who wished to sell his Tobacco had to send for the Government Goomashtah, who took a ¼ maund called "Malai," first, on account of Government, then another ¼ maund, called "Kai Malai," then the heap was weighed, then so much, called "Pummoo," was charged on each maund, then another tax called "Soonka," and lastly another, called "May Pummoo," was levied, and then it had to be taken to the nearest Cuttah, where it paid transit duty, when it was free to start, and run the gauntlet of the other Cuttahs along the road to the town or market for which it was intended.

3*rd.*—Kurgpudy, or duty leviable on the wholesale or retail sale of any article.

Under this head nearly every article paid which under the two other heads escaped taxation. No Talook, Town or Village charged the same rates. It would appear to have been arbitrarily fixed in a manner so unequal and capricious that some of the most valuable products were by the addition of this duty thrown out of the market, and in some places noted for the production of Jaggery, Oil, Silk, and Tobacco, it was found cheaper to import than to produce or sell that which was the production of home labor. As an example of the capricious manner in which this duty was levied, it is only necessary to mention how the tax on Cocoanuts varied. These nuts paid in one place 50 per cent, and 30 per cent retail duty. In another place only 30 per cent under each head; in others again if they paid the higher rate they paid retail duty, but if they paid the lower, they were not liable to it; other articles were exempt from retail duty in one place if they paid excise in another, but not if they paid transit duty; and in another place nothing saved those articles,—they paid under *any* circumstances. To enter into the details of such a system within a moderate compass is quite impossible, and would be both wearisome and uninteresting.

The extent of Sáyer.

The difficulties which beset the unravelling and systematizing of the Sáyer may however be readily understood from the above, and the extent to which its ramifications reached may be at once appreciated, when it is brought to notice that under the head of "Sáyer," people who swung their arms on passing a certain Cuttah were stopped, and had to pay a tax; and that the coolies, who came for a month or two to work in the Nuggur Betel Gardens, had to pay a tax peculiar to that part of the country under a distinct head.

How brought into order.

It is now necessary to show the steps by which the Sáyer system of taxation was deprived of its obnoxious and oppressive tendencies, and reduced to a moderate degree of order with positive advantage to the Revenue of the State.

In 1831-32, under the system then in existence, the Sáyer under 537 heads produced only Rupees 6,69,557. During the subsequent 28 years, by the abolition as they came under notice of all those taxes which pressed heavily on the industry of the country, or appeared to be either oppressive, or very unremunerative, remissions aggregating no less than 8 lacs have been made, or a sum of 2 lacs in excess of that which in 1831-32 was realized from Sáyer in all Mysore, has been already struck off; and yet the prospective Revenue for next year under the 25 heads, Hálut inclusive, which are all that now remain out of the 537 of former days, will, it is safely calculated, reach a sum in excess of 9 lacs of Rupees.

System at the time of the assumption.

At the time of the assumption in 1831-32, the system found existing for the collection of the Sáyer was indentical with that which has been already described in the memorandum on the Hálut. Cuttahs, Talooks, and Districts were all rented, and a few sentences will suffice to show the objections which existed to the continuance of this system, which then controlled not only the sale, but the use, of all articles of export, import, or consumption.

The Renting System.

The renting system prevented the development of the Sáyer Revenue. It enabled the Sáyer contractors and their subordinates to oppress the merchants, and impede with impunity the inland traffic whenever the commerce of the country attempted to develop itself in any manner that they considered inimical to their individual interests. Great difficulty also was experienced under the renting system in collecting the amount of the rents, and arrears to an enormous amount were the result. The unlimited power too, which was gradually falling into the hands of these great contractors, enabled them to control the proprietors of the soil to such an extent that the latter were fast becoming mere cultivators, and the former by their influence were rapidly superseding the authority of Government to the detriment of the people, and arrogating to themselves an authority which might, by the disaffected or the designing, have been used at any moment as an engine of political intrigue.

The first measures adopted.

These and other considerations led to the adoption of new measures. Certain Talooks of the Nuggur Division were placed under exclusive Government control, (or what is called "Amány") by the Commissioner as an experiment in 1836, and all the other Talooks were ordered to be rented separately, and experience having been thus gained, the whole system of renting, unless under peculiar circumstances, or in the case of a particular article, was abolished in 1846.

The abolition of the Taxes on the different articles which paid Sáyer duty has been only very gradually carried out. The first article which it was thought advisable to relieve from pressure was grain. In 1832 all duties, except those of transit, on every description of grain, were struck off, and in 1834 the Transit dues on it were abolished. This was considered at the time to have been a most successful measure, and there is every reason to believe that it was both just and necessary to give this item priority over all others in the matter of relief from pressure of taxation. In 1836 several changes were effected. Previous to this date the servants of Government were entirely exempt from any payments on account of Sáyer. This immunity was cancelled in this year, and about the same time all articles of European manufacture, which previously paid very heavily, were exempted from any further imposts, and were declared free throughout the province. In 1836-37 all the petty and vexatious duties which under the general head of Sayer were levied on vegetables, Plantains, Wood, Coolies, Leaves, and also the export and other duties upon Cattle, Iron, and Steel were struck off; the effect of these abolitions will be fully apparent when it is mentioned that the number of cattle exported rose from 3,000 to 12,000 in a few years, and that the home consumption of Iron, and the export of Steel, which is produced of admirable quality in Mysore, at once rose in a still greater ratio.

The different remissions noted in succession.

In 1839 all Roosums and perquisites of Temples, Shrines, Devotees, Faquirs, and religious Mendicants were abolished,—these establishments and individuals were privileged to levy tolls at certain places and in certain quantities; that the rules originally laid down were seldom adhered to can easily be believed, and it was at last found that these Roosums or Tolls were as various and arbitrary in quantity and value as they were in the number of places where they were levied. When they were abolished in 1839, the Title deeds of all those who could produce any were examined, and whoever could establish a just claim was allowed a certain amount of compensation, generally a life allowance, which goes under the name of Vurshasun. The difficulties which arose in the adjustment of some of these claims are scarcely to be credited.

In 1841 Adekás, a duty which was levied on all articles brought to a fair or Juttra for sale, was abolished; this was a most vexatious and objectionable tax, and its abolition was considered a very great boon.

Until 1842 Mutts, Davustans, and religious establishments generally, and all those who belonged to them, were exempt from Sáyer duty. This immunity was taken advantage of in various ways, the privileges granted being exaggerated in nearly every case, Government being thereby seriously defrauded. The exemption ceased in this year. In 1842 also all transit duties on Betel-nut, Pepper, and Cardamums were ordered to be discontinued, and the modifications mentioned in the Memorandum on the Hálut were then carried out.

In 1843 and 1844 a number of petty imposts were struck off; they comprised various duties on sheep's wool, blankets, fowls, eggs, bamboos, and many other articles.

The whole of the Tobacco duties were revised in 1845. The contract system was summarily abolished; the tax on the article was taken into "Amány," or direct Government control, all vexatious duties were abolished, and a uniform rate of 1 Rupee per maund on all Tobacco for home consumption, and Rupees 1-4-0 on all Tobacco for export, was ordered to be levied. The effect of the abolition of the disguised monopoly which, under the name of the contract system, existed up to this date, and the introduction of this measure, which though long contemplated, was introduced with some misgivings, will be clearly understood when it is stated that the Revenue under the head of Tobacco rose immediately 30 per cent. The mere withdrawal of the contractors made the true state of affairs at once fully apparent. On the trade becoming free, the producers found that they were able to obtain for their whole stock Rupees 3-8-0 the maund, instead of Rupees 1-8-0, which was all that the contractors gave, and all that they could obtain under the previous system, as they could sell to no one else; and the extortion of the contractors will be still more fully appreciated when it is mentioned that the retail price at once fell from Rupees 6 to Rupees 5. Thus it will appear that the consumer, the producer, and the Government, all gained by the abolition of the contract system, and that the profit of a contractor was scarcely less than 300 per cent.

In 1846 and 1847 the Nikalee Hássil was abolished; this was a separate tax, which can scarcely be said to come under the head of any of the others; it was a distinct duty, payable on the removal of any article from one place to another, whether it had previously paid any or all of the other duties or not; this tax was felt to be very irksome, as without payment of it the petty trader, or merchant, was debarred the privilege of trying a second market for the sale of his merchandise.

In 1847 the renting system in the Sâyer Department was discontinued: wherever it could be done with advantage or without any great apparent risk of loss of Revenue. It had long been felt that the system which permitted Sâyer contractors, who controlled the merchants and the trade of the country under the authority, and with the apparent sanction of Government, was extremely oppressive, and very detrimental to the interests of the Government; but the finances of the country were not for many years in a condition which justified any innovation likely to cause a loss of Revenue; and until repeated experiments gave rise to the conviction that the Revenue under the head of Sâyer would not fall off by being brought under the direct control of the officers of the Government, it was not thought prudent to make sweeping changes.

In 1848 the duty, levied on Saccharine produce under various heads, was struck off in the Nuggur and Chittledroog Divisions, and recently in the other two also. Sugarcane is very extensively cultivated in Mysore, and Sugar and Jaggery are largely produced and exported; the various duties which were levied on it under several heads were thought to check both the trade and production, and as all cane-planted land pays a high assessment, it was not thought advisable to impede by the levy of extra taxes, the development of this highly remunerative production.

In this year also the duty was abolished summarily on all articles which were found not to have produced during previous years more than 25 pagodas. The relief afforded by this last measure was very great, the loss to Government was very small: as it was these small items which principally gave rise to that inquisitorial and petty oppression, which either contractors or subordinate Government servants were but too glad to have the opportunity of carrying into practice.

These reductions did not affect the Revenue to the extent which would at the first glance be inferred; each reduction seemed apparently to give increased elasticity to the remaining items, and the loss which occurred on each occasion of the abolition of taxes was more than made up by the development of production and traffic in the case of those that remained. The Revenue under 537 heads (Hálut inclusive) in 1831-32 being a little more than 6½ lacs of Rupees against 8½ lacs of Rupees from 233 general heads in 1850.

All the above-mentioned items were not struck off exactly at the same time in the different Divisions, as in many cases the abolition was sanctioned as an experiment in one Division before being extended to the others; thus there remained in 1851, 233 articles which paid Sáyer duty in all the Divisions, but many of those which had been struck off in the two thinly populated districts of Nuggur and Chittledroog were still retained in Astagram and Bangalore; during the two subsequent years, however, they were all struck off in these two Divisions also without much loss of Revenue. And the principle laid down in the Despatch of the Hon'ble the Court of Directors, extract of which is marginally given, having been taken as a guide, still further reductions have been made, until on 1st of January 1860, exclusive of the Hálut, only 55 taxes were leviable under the head of Sáyer in the Mysore Territory. The taxes abolished during the period here referred to comprised small dues of every form and degree leviable from retail dealers and the work people in the towns, besides a vast number of oppressive taxes levied in an arbitrary manner from the ryots on the portion of the produce which they retained for their own use. Prior to 1851 every retail dealer in cloths, pots, mats, baskets, chunam, oil, ghee, betel, paddy, vegetables, &c., &c., had to pay different trifling demands called Sáyer taxes; butchers, dyers, washermen, weavers, silk-spinners, oil-mill owners, and many others of such like occupations were also separately taxed under various heads, all classed under the general head of Sáyer.

The Court of Directors, in their Despatch No. 26, dated 9th July, 1856, observe—

"Approving as we do of the successful efforts which have been made to abolish or reduce a variety of taxes pressing in some instances upon the industry, or affecting the comforts of the people, and in others affording to monopolists the power of oppression and extortion without materially increasing the revenues of the State, we concur in the suggestion made by you to General Cubbon regarding the advantage of abolishing or reducing other taxes still in operation."

For some short time past few taxes have been abolished, but careful consideration has been given to the subject of Sáyer, and the items of which it is composed have been reviewed and scrutinized with considerable attention; in fact the taxation under this head had at length been brought within manageable compass, and it became easy to decide what could be taxed and what could not, and also what was worth retaining, and what was unremunerative, a slight alteration of system, which would simplify the method of collection and obviate oppression, also became feasible, and a revision, the general features of which will now be given, was directed to be carried out generally on the 15th of January 1860.

Latest change of system.

On the above date all those duties which where levied under the several heads of "Stull Bhurty," "Kurgpudy," "Hásil," &c., &c., and which comprised taxation on production, export, and the wholesale and retail sale of goods, were at once discontinued, and a simple *ad valorem* excise or "Bhurty" duty was ordered to be levied at a certain rate of per centage upon 20 articles marginally given, to be paid only once at the place of sale or export when a pass for the quantity was to be given, and the merchant was relieved from further annoyance, detention, or extortion. It is believed that this plan will be attended with immense relief to all classes, at the same time that uniformity and simplicity of system is being attained.

Remarks upon Tobacco.

The only item among those previously existing, the tax upon which has not been altered or modified, is Tobacco. The duty upon this article in Mysore approaches more nearly to the tax on Betel-nut, Pepper, and Cardamums, which is designated Hálut, than it does to Sáyer, as it is not an excise or *ad valorem* duty, but a fixed payment of one Rupee on each maund without any reference to the market rates. This plan was introduced in 1845, and has continued ever since; the tax is profitable, the amount realized in 1858-59 being Rupees 1,17,661-0-0; it is willingly paid, no extra establishment above that existing for the collection of the other Sáyer duties is necessary; it is decidedly a luxury, and therefore a legitimate object of taxation, and no objection to it seems to have ever entered the minds of the Natives of this country; indeed the cultivation of the plant has become more extensive of late years, and in some good seasons the amount realized has reached nearly 1½ lacs of Rupees. Every Ryot is permitted to retain as much as he pleases, free of duty, for his own use, and is not liable for any payment on the remainder until he either sells or exports. There is another point also which should be mentioned before ceasing to discuss this item, namely, that the present form in which it is taxed is perhaps the only one by which a fair revenue can be obtained from it without the re-introduction of transit dues. For the cultivation of Tobacco is not confined to one locality, the plant is grown in all parts of the country; large fields of it are seldom to be seen, but still there is scarcely a village throughout the Province, where a small patch is not cultivated. Under these circumstances it is not clear that any other advisable form of taxation would reach this item—besides, the tax being payable only when the Ryot has surplus stock that he wishes to dispose of, it is not considered by the cultivators either oppressive or objectionable.

Nature of recently abolished taxes.

The taxes just abolished number 30 in all, they are mostly trifling, the amount raised from them all during the past year being scarcely more than forty-thousand Rupees in all the four Divisions, which amount the change of system will not only re-imburse in full, but will, it is calculated, quadruple in the ensuing year. The principal items among the abolished taxes consist of the duties leviable on the oils which were produced from the seeds which still pay duty, and also those payable on Saccharine produce in two Divisions where such taxes were retained when struck off elsewhere. The amount heretofore realized from the

other items struck out was very trifling, and neither worth the labor or establishments which were necessary for its realization.

It only remains now to state that there does not seem any objection to the continuance for the present of a duty upon the articles which remain;—the relief to the trading and mercantile community, and the freedom from vexatious interference and petty oppression, which must be the result of striking off an aggregate of 517 small taxes, is thoroughly appreciated, and the continuance of the duty upon 20 articles may be considered perfectly legitimate; they are products which are either articles of luxury, export, or the use of which has enormously increased consequent upon the advancing prosperity of the country; they have always been objects of taxation, admitted to be justly so by the community, and much surprise would probably be the result were Government to summarily abolish any of them, and deprive itself of much legitimate revenue. The only articles on which a large per centage has been fixed are those marginally given, and they are all such as can well meet the demand. Opium and ganjah are the only two on which the percentage has been increased, which is in their case quite justifiable; on all the others the rates are less than those which under the previous system they had to bear; betel leaves pay 12 per cent against 17½ in previous years; cocoanuts dry and fresh pay only 12 and 8 per cent against a total, as well as can be ascertained of 17½ and 19¼, which was the average amount of tax recoverable from either in 1859 after all the remissions of previous years. This amount of duty is perfectly admissible, the profit derived from the cultivation of cocoanuts is very considerable. The low winding valleys of Mysore are in many places cultivated for miles with nut Topes, which with little labor, and paying only a light land assessment, give large returns; for the dry cocoanut is exported from this Territory in immense quantities, the Hyderabad Country and Ceded Districts being almost entirely supplied from Mysore; and the immense increase of the trade shows not only how the production, but also the demand, has increased since the facilities of the trade have become greater by improved means of communication, and the abolition of all petty obstructions, and also since the diminution in the rates of duty which has been gradually taking place; for it is to be remembered that very few nuts crossed the frontier in 1830 which did not pay taxes, amounting in the aggregate to an *ad valorem* duty ranging from 30 to 60 per cent. The only other article on which a heavy per centage is levied is manufactured timber. Regarding this tax a few words are necessary. Since good roads have been constructed, and the forests along the Western Ghauts have been worked, and their value and importance developed, the quantity of timber brought into the nearest large towns of sale, and put up at the Government auctions, has been very great, and large quantities of it are now manufactured on the spot, into doors, windows, &c., &c., for transmission to all parts of the country. The town of Mysore has taken the lead in this trade, and Natives find it highly advantageous to obtain from thence all their building materials ready to hand. On this manufactured timber taxes were for some time levied under various heads, which on examination have been ascertained to have amounted to fully 17 per cent on the value of the articles. This has been reduced to 14, to be levied only once at the place of manufacture, the profits of this trade are large, and this rate is not considered in the slightest degree prohibitory.

The other items, with the exception of the coarse cumblies used by the whole of the lower orders throughout Mysore, have all been put down at a uniform rate of 5 per

cent. In some cases this is less, but in others it is slightly higher than the rates which those articles paid during the period immediately preceding the revision, but in no case has any new tax been levied, and it should be remembered that all taxation upon 517 articles has been struck off, and that every one of these very articles now taxed paid enormously enhanced rates until very lately, as under the various heads of transit duty, Nikalee Hássil, Roosums, &c., &c., they were liable to authorized, unauthorized, and arbitrary demands, the correctness or authority for which there was no possible means of ascertaining.

A concise statement is appended showing in a small space the value, in Rupees, of productions which, on being exported and consumed in Mysore, are now taxed under the head of "Sáyer," and also giving the per centage and probable revenue from them during the ensuing year, to which is also added a statement of the amount which tobacco and the betel, pepper, and cardamum Hálut produced in 1858-59, which will, it is believed, be far exceeded this next year. The aggregate amount now anticipated from these items being upwards of 9½ lacs, as compared with the 6½, which from the 537 heads of Sáyer was the total amount of revenue under that form in 1831-32.

It will be seen from the above that the anticipated Revenue for the coming year under 20 heads, Hálut inclusive, is 9½ lacs; whereas, in 1831-32, under 537 heads, Hálut inclusive, it was no more than 6½ lacs. In 1831-32 Hálut was an integral part of Sáyer, but is now distinct, as previously shown, under the five heads of Betel-nut, Pepper, Cardamums, Coffee, and Tobacco.

## MEMORANDUM ON THE HALUT.

1. The Hálut, or Hásil, formerly included under the head of Sáyer, is at present an excise duty, levied on certain valuable products of the Mysore Country, which under this form of taxation yield a fair revenue to Government without impeding trade, or being considered oppressive by the producer or the merchant.

2. The articles on which the Hálut is now charged are four in number,—Coffee, Betel-nut, Pepper, and Cardamums.

3. Coffee having been already reported upon, the other three remain to be considered.

4. Previous to mentioning the changes which it has been found necessary to introduce in the method of levying this tax on Betel-nut, and the reasons which render it advisable to retain it in its present form, a brief sketch of the system and extent of this lucrative cultivation may not be out of place.

### THE ARECA PALM.

5. This Palm requires a low moist soil, somewhat sandy, either under the bund of a tank, or in a position otherwise favorable for irrigation ; the gardens being almost invariably more or less thickly interspersed with Cocoanut trees, and while the Areca tree is still young, with Plantains also.

6. In forming a garden the seed is placed in holes, six or eight feet apart, and when rain falls, watered once in eight or ten days ; in addition to which, if the garden is properly cared for, and the young trees thinned when too numerous, this Palm will come into bearing in about eight years, and give a full crop after 12 in the plains, and 15 in the Mulnad.

7. This slender and elegant Palm runs up to a height of 40 or 50 feet, with a stem little more than six inches in diameter, and the plan frequently adopted in closely planted gardens in this country for the collection of the produce is both singular and dangerous. A very light active boy or man ascends one tree, having collected the produce, swings the tree he is on, until an opportunity offers, when assisted by a hook he springs on to another, collecting in this manner the whole crop from 100 trees without once descending. To lookers on this is both an anxious and exciting feat not unfrequently attended with accident.

8. A tree lasts about 50 years, and when in full bearing, produces about one pound and a half of nuts. It is found to thrive in all parts of Mysore, but arrives at greater perfection, yields a more abundant crop, and produces the most superior description of nut only in the Western or Mulnad Talooks of the Nuggur Division ; these Talooks comprise all the country lying along the inner slopes of the Western Ghauts, and this region is apparently the most favorable to its cultivation, as the nuts from thence realize a higher price, and are far more highly esteemed for their flavour than those produced in any other portion of this or any of the adjoining Provinces.

9. An acre at a rough calculation is supposed to hold 550 trees, the crop from which may be estimated at about 25 maunds,* and according to the part of the country in which it is grown, the value on the spot is at present from 5¼ Rupees for the best to 4½ Rupees per maund for the inferior description. In the town of Bangalore its present value is Rupees 8 per maund.

* A maund being 28lbs.

10. The ground under Areca cultivation is classed as garden land, and pays a land tax averaging from Rupees 1-2-0 to Rupees 3-0-0 per acre according to the quality of the soil; but it should be remembered that it is extremely rare to find a garden composed exclusively of this tree.

11. Either from the increased demand or from improved facilities for transit, the value of the nut has greatly increased of late years. This increase cannot be put down at less than 50 per cent, the maximum price in 1832 being Rupees 3½ on the spot for the superior description of nut.

12. Under these circumstances the profits to the cultivator must be very considerable as compared with former years, for the cost of production has not increased in the same ratio, being little if at all more than it was 20 or 30 years ago.

13. The calculation is that each tree costs Rupees 4 from the time operations are first commenced until the garden returns a full crop, and that the annual cost subsequently of keeping the garden in order, collecting the produce, &c., may be estimated at about 20 per cent on the value of the produce.

14. It is difficult to obtain thoroughly reliable data regarding the profits on Betel-nut, and the proportion which the cost of production bears to the value of the crop; but taking 100 Rupees worth of nut, when sold at any of the great marts, as a basis, it is generally considered that 40 per cent gives the cost of production, including the Hálut and every possible contingency, that 35 per cent goes to the cultivator, and the remaining 25 to the merchant.

15. The Hálut at the time of the assumption of the Province, and for some short period subsequently, was farmed out with the Sáyer, but it was very soon perceived that the development of the important trade in Betel-nut was seriously impeded by this arrangement; for at that time the whole of the Nuggur Division was divided into three great Illakas or Farms with a contractor, and two Sir-Sáyer Amildars to supervise, and as regards Betel-nut the system was most depressing and vexatious. These great contractors,† and the principal merchant met annually at a place called Arga, and there fixed according to quality and locality of production the price to be given for Betel-nut throughout the Division; and every Ryot in the country was obliged to submit to the arrangements then decided upon, or have the produce of his garden left upon his hands, for at this time the whole system was so complicated, and all the subordinates were so thoroughly and entirely under the control and authority of these

† The Sir-Sáyer Amils were *de facto* contractors under another name.

confederates, that no man could export for himself; the difficulties he had to contend against being such as are now scarcely credible.

16. In one part of the country there were 5 Chowkies in 58 miles,* and unless the article was the property of a Sir-Sáyer Amildar, or some privileged individual, the goods were detained an indefinite time, unpacked and examined at each of these Chowkies. Betel-nut from one part of the country paid more at one place and less at another, from another part of the country it could only be exported by a certain road, and the Roosooms of religious mendicants and shrines, the petty demands, the perquisites of classes and individuals which had to be met, were so numerous and so loosely defined that the free trader, in the literal acceptation of the term, was an individual quite unknown. All producers almost without exception were obliged to sell to these great monopolists who exported at the minimum rate which they themselves fixed, and who profiting by their position, their knowledge of the rules in force, and their power to act with impunity at a distance from all control, made immense fortunes, and allowed the Ryot only the smallest possible amount of profit or remuneration.

* And in the Nuggur Division alone there were 60 in 1832.

17. The advantages of these monopolists did not end here; they had also the privilege of exporting their goods without paying down the Hálut or Government transit dues, which they were permitted to adjust at a subsequent period, to allow, as it were, of their selling the article, and realizing the price, previous to being called upon for the full demands of the Sircar. This gave rise to arrears to a most serious extent, as may be understood from the fact that in the Nuggur Division alone the outstandings Sáyer Balances, due almost exclusively under the head of Hálut, exceeded 90,000 Pagodas, or nearly three laes of Rupees in 1835, shortly after the assumption of the country.

18. They also possessed another immense advantage over the outside trader,—having the monopoly entirely in their hands, they never paid the Ryots in cash; at first sufficient money only was given to enable the cultivator to pay his kist to Government, the rest remaining to be adjusted at a subsequent period, when a portion only was paid in cash, the balance always to a great extent being made good by cloths valued at the maximum price, and brought back by the merchant, or an Agent, from the great marts of Bangalore, Wallajabad, &c.

19. The two Sir-Sáyer Amildars had establishments paid by Government, and were supposed to pay into the Treasury any surplus they might receive, but this was never done. All the Cuttahs on the roads were sub-rented, and every subordinate, high and low, became a great or a petty contractor,—one man raised the rate at his Cuttah to try and realize as much as possible during his incumbency, and another reduced the rates, in the hope that merchants would thereby be induced to pass his way. From such an utter absence of system nothing but confusion and entire loss of method could result, and the intricacies and difficulties of transit and export at last became so great that even the ordinary small merchant or trader could no longer contend against the Sir-Sáyer Amildar and the great contractors.

20. It is only necessary to add that almost every term in the English language that could convey ideas of obstructiveness, or ingenious oppression, were freely used by the officers to whose lot it fell in the first instance to write upon the subject of the Hálut, and some sweeping and radical change became not only desirable but necessary.

21. In 1835 the whole system of renting the Hálut in Nuggur was abolished, and subsequently elsewhere in Mysore also. It was at first extremely difficult to form any general plan independent of the system of renting, and which should at the same time secure the realization of the usual Revenue. The complications of the former system had not only confused the accounts but seriously depressed the trade in Betel-nut, and correct information and statements and disinterested opinions were not to be had, as the interests of all those who could furnish reliable data were opposed to any modification or revision of a system on the continued existence of which they relied for their usurious profits.

22. The effect of the abolition of the renting system, with all its unequal privileges and immunities, and the establishment of a uniform rate alike for all, and which left every one free to do what he wished with his own, showed itself at once in the amazing elasticity of the Revenue under the head of Hálut. In the Nuggur Division alone it rose from 2,72,000 Rupees realized in 1832, under the renting system, to 3,49,000 Rupees in 1842 under the Amány system, though the latter, when renting was discontinued in 1835, was introduced cautiously. The same rates of Hálut on Betel-nut, varying from Rupees 1-2-6 to Annas 8 according to quality, were continued, and became payable in cash to Government, when a permit was at once given, and the transit or export duty having been paid in one Chowkey, the article was henceforward free. These rules alone gave immediate independence to the producer, little risk was incurred, and it was no longer incumbent on the Ryot to give his crop to an all powerful monopolist on terms over which he had no control.

23. Under the Government of the Rajah, Roosums or tolls were payable on every road, sometimes to religious mendicants, at other times to private individuals, who were thus remunerated for some service. Nearly every religious establishment throughout the Province had some claim against the merchant under the above head, and were sometimes so tyrannical and exacting as to impede trade seriously, and prove a source of loss and oppression to the merchant who had no counteracting privilege. All these Roosums were summarily abolished in 1841, indemnity on money being given in those few cases where the right to it appeared well founded.

BETEL-NUT.

24. Experience having thus been gained, uniform rates, as marginally given, were introduced in 1842, and in 1848 all transit duties on Betel-nut and on all other articles paying the Hálut were abolished; and the rates of 1842 were further modified, and the system of levying the tax which

| | | | |
|---|---|---|---|
| 1st | Sort | 1 | Rupee. |
| 2nd | „ | 12 | Annas. |
| 3rd | „ | 9 | Annas. |

still holds good was then introduced. A Talook Official, and the Sáyer Monegar, proceed to the Cuttah, and having jointly superintended the weighing of the article, receive the Government demand, seal the bags, and grant a permit, and unless the seal is found broken the article is free, and the proprietor is at liberty to export by any road or in any manner he pleases.

| | | | |
|---|---|---|---|
| 1st Sort | Rs. | 1 | 4 0 |
| 2nd „ | „ | 0 | 12 0 |
| 3rd „ | „ | 0 | 6 0 |

25. The plan and rates above given have been found to work well, partieularly since the abolition in 1845 of all frontier duties in the adjoining Districts of Her Majesty, which acted with regard to the Canara frontier, where they were for some years most oppressive, as a serious check to the Betel trade of Mysore. More especially as no import duty was levied in Mysore on the nuts brought from the Canara District.

26. The quantity which paid duty in 1858 was somewhat less than 7½ lacs of maunds, and the Revenue realized was Rupees 4,29,011-2-2, and it may without fear of contradiction be stated that this amount has been realized without being felt in the slightest degree oppressive. The profits on this item of cultivation, as has been previously shown, are considerable; the article is most decidedly a luxury, and therefore a legitimate subject for taxation. If a Ryot is asked the question, he always denies that he pays the Hálut, and asserts that the merchant or the purchaser is the person on whom that falls, and the expense of production annually incurred, after the first outlay, has been previously shown to be very trifling. Under all these circumstances there seems little objection to the retention of the Betel Hálut, which of itself forms no inconsiderable item in the aggregate Revenue of this State. In conclusion it may be proper to state that all changes and modifications have been made after full consultation with the cultivators and merchants engaged in this trade.

PEPPER.

27. The seed of this plant ripens in the month of April, and the proper time for sowing is August—when the seedling attains a few inches it is planted, usually at the foot of the Areca Palm, to which it is tied. The pepper vine grows very slowly, seldom producing berries in less than five years, and requiring several years more to arrive at perfection. In August the young berries first appear in bunches like currants, and in February begin to harden, being gathered as they ripen. Each vine bears from 500 to 700 bunches, which give about 8 or 10 seers when dried, and the belief exists that the abundance of the crop depends upon the heavy and continuous rain of the dark nights of August—rain during the moonlight nights of that month being considered less favorable.

28. The vine bears for 30 years, but it is necessary to renovate the plant by cutting down the old stem, and training layers every ten years. It destroys young Areca trees, and is therefore generally planted only under old ones. The Southern merchants pay from Rupees 4½ to 5 for the maund of 28lbs, and the plant is cultivated to a greater or less extent by nearly all the holders of Areca gardens in the Mulnad Talooks.

CARDAMUMS.

29. In the months of October and November the seed of this plant ripens, and when sown, it is thinly strewed in baskets of earth raised on sticks, and placed in the

shade in a running stream. This plan is necessary to save the seed from ants and reptiles, which are all so fond of it that every precaution is necessary to save it from them. In July or August the seedlings are planted under the shade of Cocoanut trees, about six feet apart, and if the soil is loosened, manured, and irrigated, the plant in the course of three years rises to the height of about six feet, and in the month of May following the fibrous shoots from the root blossom. In July the fruit forms, and in October or November is fit to gather. It is rarely allowed to ripen naturally, as snakes would in that case devour it all immediately; even in gathering the fruit extreme caution is necessary, and all kinds of reptiles being found near the plant, it is requisite to be constantly on the watch. In some places the people who gather the seed find it necessary to place a flat stone on their heads, and wear a coarse loose blanket dress to enable them to pick the fruit without apprehension.

30. The Cardamum plant is extremely delicate in its form, and requires support; one plant seldom yields more than six ounces of fruit. The value of a maund of Cardamums of 28lbs. is at the usual market rate about Rupees 40.

31. Both Pepper and Cardamums were in former years subjected to the same rules as the Betel-nut, and were relieved from the obstructions and complications with which the productions of, and the trade in them, was surrounded, at the same time, and by the same steps, as those which it was found necessary to introduce regarding the more important item of Betel.

32. Cardamums originally paid duty in various forms, the Hálut portion of which varied greatly, in some cases being as high as Rupees 2-13-0; and Pepper paid Hálut rates which under certain circumstances rose to Rupees 1-7-2.

33. In 1842 these rates were cautiously modified, and finally fixed at Rupees 4 the maund on Cardamums, and 8 Annas on Pepper in 1848, when all transit duties were abolished.

34. The cultivation of both items is entirely supplemental, and carried on solely by the owners of Areca and Cocoanut gardens, as an additional source of profit; they must, therefore, be considered as products, the liability of which to an excise duty may be unhesitatingly conceded, more especially as they are undoubted articles of luxury and export, the prices of which range high, and the profits on which are large.

| Quantity in Maunds. | |
|---|---|
| Pepper ..... | 31,845 |
| Cardamums ..... | 2,882 |
| **Hálut.** | |
| Pepper ..... | Rs. 15,922 8 0 |
| Cardamums..... | „ 11,528 0 0 |
| Total | Rs. 27,450 8 0 |

35. The part of the country which produces both in the greatest abundance is the Nuggur Division, and the aggregate quantity which paid duty last year, together with the amount realized, is marginally given.
